Tonight the Prince Rupert and Wanderers' clubs will meet in the first of the snooker tournaments which have been arranged as a part of the inter-club program for the winter months. There will be six games, three being played in each club. They will commence at 8 o'clock and at 10:15 there will be a big final at the Wanderers in which all twelve players in the tournament will take part. The teams are lined up to meet as follows: at the Wanderers—W. J. Nelson (Wanderers) vs. J. H. Pillsbury (Prince Rupert); R. H. Shockley vs. H. B. Scott; George Hill vs. J. J. Raleigh. At the Prince Rupert—J. Howe vs. G. A. Woodland; E. A. Donohoe vs. A. T. Broderick; J. A. Macdonald vs. J. W. Scott.

With the withdrawal of the Great War Veterans' team from the Senior Basketball League, there now appears a danger of the senior league breaking up altogether for there are but two teams left, the Elks and the Sons of Canada. However, even if the league does disband there will likely be a series of games arranged to take place between these two teams for they give promise of being keen rivals for senior honors and the fans have been looking forward to the games in which they will take part. It is regrettable that the Elks should have withdrawn at this early stage for quite a good deal had been expected of them. However, they should know what they are capable of doing. It is hardly likely that they would have fallen out if it was thought at all possible that the team which they could field would be able to put up competition against the other two. One lesson will be learned from the events in the Senior League this season and that is that in future there will have to be a better distribution of players and that all the best should not be stamped into two teams.

A story of catching two fish with one hook recently emanated from Brentwood, the summer resort on Saanich Arm near Victoria. Right in this district comes another of a similar nature. A Cedarvale rancher last week went out grouse and rabbit hunting. Of course the shot gun is used for the purpose. Soon the hunter saw a white rabbit cross his trail and make for the woods so he let fly and bowled it over, but there was also a flutter of wings. To the hunter's surprise he found when he went to pick up his game that he had shot with the same shell a blue grouse which must have been squatted in the grass near where the rabbit had run.

WEATHER IS GOOD FOR DEER HUNTING

Several Parties Planning to Take Advantage of Splendid Conditions This Week-End.

Hunting parties are being planned for this week-end to take advantage of the excellent weather which is now prevailing. The most of them will be out for deer and some are going quite a way down the coast. Duck and geese hunting is reported to be not very good right now. It is too cold and clear and the fowl are on the alert so are hard to approach.

Harry Meagher, Jack Penny, Chris Johnson and Jack Williams left on the Reliance this morning for Aristazable Island where they will hunt deer until Tuesday.

George Bryant and party plan to leave tonight or tomorrow on the Harla for Campania Island.

ECZEMA ON FACE AND HANDS for Five Years

Eczema or salt rheum, as it is so often called, manifests itself in little round pimples which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed and the intense burning, itching and smarting, especially at night or when the part is exposed to a strong heat, is almost unbearable and relief is gladly welcomed. There is only one way to get relief and no remedy like...

BURDOCK BLOOD BITTERS
Take it internally and it gets at the seat of the disease in the blood and drives it out of the system. Apply it externally and it takes out the itching, stinging and burning, and promotes healthy healing.
Me. J. Sage, 215 Princess Ave., Vancouver, B. C., writes:—'Having suffered with eczema on the face and head for the last five years, I consulted several doctors, and tried various kinds of salves and lotions, but I derived no benefit from any of them. I did not know what to do until a friend advised me to try Burdock Blood Bitters, and after I had used two bottles I began to get better and now after taking eight bottles I have not even a blotch on me. I feel that I cannot praise B. B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint, eczema.'
