NW LIFE BOAT IS INVENTED BY CAPTAIN

Pacific Coast Interested in Boats Operated from Dredge

VANCOUVER, Mar. 19.—An electrically launched lifeboat which its inventor, Captain H. Wright, of the Isthmian Line steamer, Steel Maker, claims will do away with delay and confusion attending the launching of ordinary lifeboats from vessels in case of shipwreck or accident, has created much interest in coast shipping circles.

All that will be required, the captain said, will be for the officer on the bridge to press a button causing the lifeboat to swing out and drop to a level with the deck, where the crew and passengers can board; the boat is then dropped to the water, self-releasing falls relax their grip and the boat is away.

PRINCE GEORGE

The death occurred at the city hospital on Sunday morning of Garbitt L. Israel, aged 73, a pioneer of the Ness Lake district. Death was the result of a kick by a horse.

As a result of a sudden lowering of the thermometer, the Prince George curling enthusiasts are at the sport again.

Mrs. J. Lawrence, of South Fort George, entertained at bridge last Saturday afternoon. The guests included Mesdames Herne, Blair, Rodeck, Roddis, Shives, Dixon, Patterson, Tyrhurst, Bonney, Summerton and Misses Mutrie and McLaughlin.

Carl Johnson was the guest of honor at a delightful surprise party last Saturday evening.

HAD BAD COUGH FOR THREE YEARS

The constant hacking, racking, persistent cough that sticks to you in spite of everything you have done to get rid of it, is the kind that is dangerous.

The longer the cough sticks, the more serious menace it becomes to your health.

There is no remedy that will relieve cough—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It has a healing and soothing action on the air passages, and at the same time acts as a disinfectant of the respiratory organs, destroying the germs that produce serious lung complications.

Mrs. John Miller, Milburn, Alta., writes:— "I had a very bad cough for three years. I went to several doctors and tried different cough medicines, but nothing seemed to help me. One day a friend told me about Dr. Wood's Norway Pine Syrup, and after using several bottles I became completely relieved. I always keep a bottle in the house, and also recommend it to others."

Dr. Wood's Norway Pine Syrup has been universally used for over 20 years, and so great has been its success, it is only natural that a great many imitations have been placed on the market. The genuine is put up in a yellow wrapper, 3 pine trees the trade mark; price 35c. and 60c. a bottle; manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Advl.

ALICE ARM

Mrs. J. M. Morrison left for Victoria last week to spend an extended visit with relatives and friends.

Prospectors are much elated over the prospects of an early spring. Recent rains and warm weather have cleared the mountains of many feet of winter snow, and every indication points to an early resumption of work on highland claims.

The wagon road between the government wharf and Alice Arm is to be started the first of the week. A surveyor has been at work laying out the work for the past few days and on Monday actual construction will commence.

A Deleo electric plant has been installed in the Alice Arm Hotel, but only lighting the hotel, but contributing to the welfare of pedestrians traversing the highway between the hotel and the business portion of the town.

G.W.V.A. WAR MEMORIAL

To the people of Prince Rupert— The returned men are going to build a Memorial of the greatest war in history and to those who fought and lost their lives for the great ideals of Freedom. The G.W.V.A. will shortly start a campaign to raise as much money as our citizens can spare and feel inclined to devote to this noble purpose. So be ready! Reserve a donation that will help to raise a Memorial that will honor the memory of those that fell, and be a lasting honor to Prince Rupert and her citizens.

OTTAWA PLEASED WITH RESULT OF FISH DAY

Next Year will be Observed Jointly United States and Canada
OTTAWA, Mar. 19.—The 1921 National Fish Day was a success, judging from the reports received here. Fish sales on this day exceeded by far those of the last national event in 1919. Next Year Fish Day will be an international event. This year the United States' interests were unable to make arrangements on such short notice, but in 1922 and succeeding years, there is assurance of international co-operation.

SMITHERS

Mining activity is renewing in the Bulkley Valley. Among the properties on which development work is being done is the Diamond Hill, near Houston, the Harvey and Bird properties in the Babines and the Harvey property also in the Babine country.

Mrs. F. Mackenzie has returned from Winnipeg where she was undergoing medical treatment. Mrs. Mackenzie is again in the best of health.

There was another big snow storm here at the first of the week and the ground is again covered.
