McRAE BROS., LIMITED

Dentistry of Quality.

Causes of Pyorrhea
Pyorrhea is caused chiefly by irritation of some nature, such as tartar, which is probably the main cause. It is fitting or loose fillings, badly fitting crowns, decayed teeth, too vigorous use of the toothbrush, or injury of the sort which carries infection down along the root of the tooth are other causes.

Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

Nearly Crazy With Eczema

No rest day or night for those who are afflicted with that terrible skin disease, eczema, or as it is often called, salt rheum. With its unbearable burning, itching and torturing relief is gladly welcomed.

There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; no remedy that has done, or can do more for those who are almost driven to distraction with the terrible torture.

Apply it externally and it takes out the stinging, itching and burning, and promotes a healthy healing.

Take it internally and it gets at the source of the disease in the blood—for eczema is a blood disease—and drives it out of the system.

Miss L. M. Boutilier, 29 Victoria Road, Halifax, N.S., writes:—“I have suffered for years from eczema. I could not rest day or night. I suffered great agony, and was nearly crazy with the itching and burning. I used all kinds of salves, but nothing seemed to help me. I saw Burdock Blood Bitters advertised, and was advised to try a bottle. I found great relief, and I really cannot recommend it highly enough for what it has done for me.”

Burdock Blood Bitters has been on the market for over forty years, and during that time has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Charles Durham and Roy Dyer were arrivals from U.S. on last evening's train.

Otto Haakaramen, A. Maki and A. Johnson were each fined \$10 in the police court this morning for drunkenness.

St. Andrew's Ladies' Auxiliary whist drive, followed by short dance Tuesday evening next at 8 o'clock. Admission 50c. St. Andrew's Society members, Ladies' Auxiliary and friends invited.

The news of the death of Harry Swan, a well known railway contractor during construction days on the Grand Trunk Pacific Railway and also with the Daily Varden Railway in 1918, has been received with regret in the city. Mr. Swan died at Vancouver last month.

There were eighteen tables of whist at the Rebekah's whist drive in the Rand Block last evening. The affair proved as enjoyable as ever. First prize winners were Mrs. J. Morrison and J. S. Smith, while the consolation awards went to Mrs. D. Baldwin and J. Griddings. Delightful refreshments were served before the guests dispersed.

MILD WEATHER IS CAUSED BY JAPANESE CURRENT ON PACIFIC

Professor Does Not Believe Moon Affects Climate nor Instincts of Birds.

TORONTO, March 4.—Canada's comparatively mild climate this winter has been due to the Kuro-siwo or Japanese current, which affects the climate of the Dominion, Sir Frederick Stupart, director of the meteorological observatory, Toronto, told an audience at Trinity college here Saturday afternoon in an address on “Weather and Weather Changes.” Sir Frederick said that when the current in question was warmer than usual it set up disturbances of the atmosphere in the north which changed the course of the winds.

Sir Frederick said rain could not be produced by artificial means. The idea that the moon influenced the weather was a fallacy, he said, also the idea that birds or beasts could tell by instinct the kind of weather that was coming. Sir Frederick said he had little confidence in the Indian forecast of the weather.

ALBERTA'S COAL.

Only one and four-fifths per cent of the coal mined in Alberta came to British Columbia last year, according to a report to the Alberta Legislature. The total output of the Alberta mines was nearly seven million tons.

DESTROYED CAR BARN.

BOSTON, March 4.—A fire of unknown origin destroyed the Boston elevated car barns, the monetary loss being \$400,000.

Moving a mountain with a teaspoon

Moving a mountain with a teaspoon may be possible, but the method is not to be recommended.

Establishing Provincial or Dominion-wide demand for one's goods may be possible without newspaper advertising, but again the method is not to be recommended. You can prove this for yourself by asking the first twenty persons you meet such questions as:

- What brand of collars do you wear?
- What kind of shaving soap do you use?
- What breakfast food?
- What tea?
- What cocoa?
- What coffee?
- What underwear?
- What chewing gum?
- What tobacco?
- What razor?
- What cigars?
- What mustard?
- What sugar?
- What shoes?
- What motor car?
- What tires?
- What brand of anything?

Irrespective of location, the answers will reveal the names of products advertised in daily newspapers. This condition is not accidental. It is the result of ambition and vision and courage—particularly courage—upon the part of the manufacturers.

Daily newspaper advertising is not a venture to be undertaken lightly—but once started and persisted in, it will turn Dividends of Demand that no power on earth can forestall.

If you are not quite sure how to go about Daily Newspaper Advertising, write to us and we will advise you.

Issued by the Canadian Daily Newspapers Association, Toronto

LAND ACT.

Notice of Intention to Apply to Purchase Land.
In Skeena Land District, recording district of coast, Range 5, and situated at head of Union Bay, adjoining lot 199.
Take notice that Norman R. Brodhurst, of Prince Rupert, occupation master mariner, intends to apply for permission to purchase the following described lands:—Commencing at a post planted on the south line of lot 199, thence east 20 chains; thence south 20 chains; thence west 20 chains to shore; thence along shore to post and containing forty acres, more or less.
NORMAN R. BRODHURST.
Dated January 26, 1921.

WATER NOTICE.

TAKE NOTICE that Granby Consolidated Mining, Smelting & Power Co. Ltd., whose address is Anxoy, B. C., will apply for a licence for the storage of five million gallons of water out of the east branch of Hidden Creek which flows southerly and drains into Hidden Creek, about two-thirds of a mile from Granby Bay.
The storage dam will be located 300 feet from the east boundary of lot 2224. The capacity of the reservoir to be created is about five million gallons, and it will flood several acres of land. The water will be diverted from the stream at the dam and will be used for mining and domestic purposes upon the mine described as lots 480, 481, 482, 483, 484 and 485, 1513, 1675 and 1677, 2219, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2229, 2230 and 2231. The licence applied for is to supplement an application to take and use water as per water notice posted on 1st June, 1920 (see water branch file 0220301).
This notice was posted on the ground on the 23rd day of February, 1921. A copy of this notice and an application pursuant thereto and to the “Water Act, 1914,” will be filed in the office of the Water Recorder at Prince Rupert.
Objections to the application may be filed with the said Water Recorder or with the controller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.
GRANBY CONS. MINING, SMELTING & POWER CO. LTD., Applicant.
By William Young, agent.
The date of the first publication of this notice is the 26th day of February, 1921.
