MISS HAYS IS GOING OTTAWA

Former Teacher in Local Schools
Gets Responsible Post

Miss Olive E. Hayes, district director of the home branch of the Soldiers' Settlement Board, and formerly domestic science instructor in the Prince Rupert schools, has resigned, and will leave for Ottawa shortly to take charge of educational and publicity work for the department of agriculture. Her work in British Columbia for the benefit of wives of returned men settled on government land has received recognition throughout the Dominion and she will be a distinct loss to the home branch of the S. S. B. in the West, says the Vancouver Province.

Miss Hayes was largely responsible for the recent course in home economics given under the auspices of the board at the University of British Columbia, Point Grey. She saw the need for some training for women going on farms for the first time and her recommendations to Ottawa carried weight. When the course actually commenced it was her interest and assistance in the details of its carrying out that had much to do with its success.

Understands Problems

She is a graduate of the Ontario Agricultural College in home economics, and possesses many other qualifications not common among women engaged in her particular sphere of work. Having a thorough understanding of the many problems confronting wives and mothers on the farm, she has been of very material assistance to those hundreds of women courageous enough to stand the rigorous life of a British Columbia farm with men who, by virtue of war service, were left with little else to do but take up farming. The help these women have, and are giving, their soldier-farmer husbands as a result of their training and the course of lectures they have received from Miss Hayes' department can not be estimated.

Home Economics

Upon the eve of her departure Miss Hayes announces that the government will not consider further six weeks' courses at the university in home economics, but may conduct short four-day courses in special subjects, paying board and tuition for that period. If she were remaining in the province, she intimates, there might be a possibility of the longer term courses, but as a successor for her office may not be appointed for sometime, there would be no one to supervise them.

MORE AUTOMOBILE LICENSES ISSUED

During Past Week There Were Nine
at Provincial Police Office

During the last week the following automobile licenses have been taken out at the provincial police office:

Robert McKay, Ford.

Edson Coal Co., Trafalgar.

Harry Astori, Ford.

K. Tsunuma, Ford.

S. S. Magoffin, Ford.

Albert & McCaffery, Garford.

Canadian Steam Laundry, Ford.

G. Couture, Ford.

James Cunnie, Ford.

CRUMB DANCES ARE NOW PROHIBITED

BOSTON, Feb. 24.—Crumb dances, where girl partners swap bites of sandwiches and cake while performing the latest jazz steps, have been prohibited at the Arlington High School to avert a labor crisis. The building cleaners who have to clean up the Arlington High School to avert a mess endorsed their ultimatum against the hops by exhibiting a mound of broken food and bits of paper gathered from the floor.

SOURCE OF WOE

BOSTON, Feb. 24.—Every stocking should be shaped like a mitten with a place for the big toe, to prevent deformities of the feet, according to the advice given to the Girls' City Club by Dr. Kendrick Smith, of Boston. Stockings made in the ordinary way like bags are the sources of much woe," he said.

\$40
Would Have
Been Saved

also five weeks suffering and loss of wages if Mr. C. Oakley of Saskatoon, Sask., had got Zam-Buk when he first happened his cut leg. However, experience of Zam-Buk's amazing healing power has "opened his eyes." You won't find him without it to-day.

"While employed in a stone yard, I cut my leg very badly," writes Mr. Oakley. "A doctor sewed up the wound and attended me for five weeks. All the while I was off work. At the end of it I was advised to go to hospital."

"After I paid over \$40 to the doctor I determined to try Zam-Buk. Within two weeks Zam-Buk had so healed the wound that I was able to return to work. Further treatment made the limb quite sound. Thus one dollar spent in Zam-Buk did what a forty-dollar treatment had failed to do! I shall never be without Zam-Buk again."

This herbal Zam-Buk is powerfully antiseptic. It's the best known and most reliable remedy for eczema, cold-sores, ulcers, piles; abscesses, poisoned wounds, scalp disease, chilblains, cuts, burns, scalds and all injuries. 50c box, all drugists. TRIAL SAMPLE from Zam-Buk Co., Toronto, 1c. stamp.

Never Be Without Zam-Buk

SEVERAL HISTORIC PLAGUES OF WORLD
