

Got No Sleep

But now the neuritis has gone, the pains have ceased, the nervous system is restored and the writer of this letter pays a grateful tribute to the medicine which made him well.

Mr. John Woodward, P.T.O., Lucan, Ont., writes:

"It gives me much pleasure to recommend Dr. Chase's medicine, especially the Nerve Food. I was a sufferer from neuritis for several years, and tried all kinds of remedies, yet never seemed to get any better. At last my nerves and whole system seemed to give way through not being able to get any rest or sleep at night for pain, which mostly used to take me in all parts of the limbs and feet. My nerves would twitch till my whole body would seem to jerk right up as I lay in bed. Almost at the point of despair, I decided I would get Dr. Chase's Nerve Food, which I did, and after taking twenty boxes I believe myself almost normal again. I also keep a box of Dr. Chase's Kidney-Liver Pills on hand, and for the past year I seem to enjoy my usual health."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmansons, Bates & Co., Limited, Toronto.

COAL BUNKERS ARE DISCUSSED

Ald. Kerr Suggests That Arrangements be made to Accommodate Domestic Dealers.

The matter of the establishment of coal bunkers here by the Alberta Government was discussed at the meeting of the city council last night, when Ald. Kerr expressed the opinion that arrangements should be made so that they could be used by local dealers in domestic coal.

Mayor Rochester stated that he did not know exactly where the bunkers were to be established and possibly they would not be accessible, anyway.

Ald. Dybbahn explained that Mr. Stutchbury had told him that these bunkers would have nothing to do with domestic coal but would be used for shipping purposes only. The two could not be combined.

Ald. Parker thought that such a suggestion as Ald. Kerr's would be unwise and might delay matters. There would have to be many classes of coal handled if the domestic business was gone into. These bunkers, he understood, were only to be used for coaling steamers.

The matter was left with the mayor to take up with Mr. Stutchbury.

MARRIED WOMEN IN TELEPHONE EXCHANGE

Letter on Subject Was Received by City Council Last Night From T. & L. Council.

A letter from the Trades and Labor Council protesting at the employment of married women by the city at the expense of single girls was read at the council meeting last night and was referred to the utilities committee.

Ald. Silversides, explaining for the committee, stated that as far as possible single girls were employed in the telephone department, but recently recourse was had to married women as there were no single girls who had the necessary experience.

The mayor further explained that some of the married women employed were supporting themselves and therefore might be classed as single.

COAL TENDERS

Received by City Council and Referred to Finance Committee.

Tenders for the supply of one carload of mine run coal for use in the City Hall were received by the City Council last night and were referred to the finance committee and purchasing agent with power to act. The tenders were as follows:

Prince Rupert Coal Co.—Lovett coal, \$8.50 per ton.

Consumers' Coal Co.—Foothills mine run, \$10.40; Foothills nut and pea, \$9.90; Cadomin, \$11.75.

A. E. Oakley—Basing Alberta coal, \$8.90.

Pacific Carriage—Victory coal, \$9.00; Alberta Standard, \$10.65.

Edson Coal Co.—Edson coal, \$9.90.

Albert & McCaffery—Alberta Standard, \$9.80; Mountain Park, \$11; Coalpur, \$9.50.

Phillipott & Evitt—Blackstone, \$9.40; Brule, \$10; Mountain Park, \$10.65.

KITSUMKALUM LAKE CONCENTRATING MILL

Manager Hoar Tells Terrace People Will Soon Be Ready for Operating.

J. M. Hoar, manager of the Ross Mill at Kalum Lake, was in town this week and stated that everything will soon be in readiness for operation of the new mill, says the Terrace News.

Dr. G. T. Strand of Seattle and G. G. Wood of Minot, North Dakota, are financing the venture, with Mr. Hoar as manager. Mr. Wood visited the properties several weeks ago.

The Ross Mill is an entirely new process in the handling of ore for small properties. The outfit consists of a crusher, which breaks up the rock to a quarter-inch and it goes into the mill at that size. The grinding is accomplished by revolving balls, which pulverize the ore into fine powder and also has the property of polishing the gold particles so that they will form an amalgamation more easily. Water flows through the mill and carries off the gangue. The mercury chambers and amalgamating take place in the mill, and it is stated that the machine is capable of recovering 80 or 90 per cent. of the gold. The capacity is 15 to 20 tons of ore per 24 hours.

4000 Foot Elevation.
The mill site is on an elevation of 4000 feet and about five miles from the lake, so that operations can only be carried on until the snow prevents further work.

During the winter Mr. Hoar will do some development work on a silver-lead claim that he has secured.

When operations have been going on for a week or so definite information as to the value of the ore and the probable quantity will be given.

CAT TRAVELLED 41 MILES IN THREE MONTHS

MOOSEJAW, Sask., Oct. 15.—A tabby cat has found its way back to Moosejaw from Regina, a distance of 41 miles. The cat was being taken east by a girl. It escaped from the train at Regina station in July and landed back in Moosejaw this week.
