BRINGING UP FATHER

THERE IS A VERY FINE GENTLEMAN LIVING IN THE APARTMENT ACROSS - I WISH YOU WERE MORE LIKE HIM - I WANT YOU TO MEET HIM AND COPY HIS WAYS.

OH! HO! THERE'S THE GUY MAGGIE WAS TALKING ABOUT.

WELL - FOR HEAVEN'S SAKE - ISN'T DINNER READY? WHERE ARE MY SLIPPERS? GET MY PIPE - HAND ME THE NEWSPAPER - HURRY UP.

WELL - WHERE IS THE DINNER?

By George McMan

TIE CONTRACT TO LOCAL FIRM

Prince Rupert Logging Co. Ltd. to Get Out Quantity at Francois Lake.

A tie contract has been secured by the Prince Rupert Logging Co. Ltd., of which W. E. Williams and J. R. Morgan are members, the ties to be got out around the shores of Francois Lake. The work, which will be done mostly by men living in that district, will employ about fifty men a good deal of the winter. The ties will be boomed and floated down to Fraser Lake, from which point they will be distributed along the railway.

It is understood that the contract let to Jack McNeill has not been accepted as the ties had to be taken out east of Prince George.

INTER-CLUB MATCHES FOR WINTER MONTHS ARE NOW ARRANGED

Prince Rupert and Wanderers Will Compete at Billiards, Snooker, Bridge and Solo.

There was a meeting of the games committees of the Prince Rupert and Wanderers Clubs last night in the former club. Arrangements were made for a series of billiard, bridge, snooker and solo games for the winter months between the two clubs. Games will be played every week, one variety of indoor sport each time.

The billiard tournaments will be for the McNeill Cup which is now held by the Prince Rupert Club. The first match will be on Saturday night this week.

The bridge games will be for the Moore Shield, held by the Prince Rupert Club and the first games will be on November 10. The snooker players will commence on November 19. There is no trophy as yet for this department.

Solo will commence on November 21, the Peck Shield, also held by the Prince Rupert Club, being the trophy.

Those present at the meeting last night were: D. H. Morrison, James G. McRae and P. Rorvik, representing the Prince Rupert Club, and Joseph Howe and W. H. Vickers, representing the Wanderers.

The Finance Committee brought in a report at the council meeting last night to the effect that tax moneys already paid into the city were not recoverable and therefore, the city was not liable to return part of the taxes collected from the Anglican Church on its two properties on Fourth Avenue and at Seal Cove. The Church had made a request to this end.

RESIGNATION OF CITY ENGINEER

Affairs of Department Discussed in Council Last Night—Harmony Lacking.

The resignation of F. S. Clements, city engineer, was received by the city council last night and was accepted on motion of Ald. Dybhavn, seconded by Ald. Silversides. The resignation takes effect on November 30. Steps are to be taken at once with a view to obtaining a successor.

In his letter Mr. Clements stated that he had found it impossible to carry out his work under Mayor Rochester and the chairman of the board of works. The foreman of the department had been receiving instructions from both without regard to himself, the supposed head of the department.

Ald. McNeill rose to the defence of the city engineer, urging that the resignation be not accepted until the affairs of the department had been investigated and the engineer set right. In his experience on the council he (Ald. McNeill) had found that neither the mayor nor the chairman of the board of works had seemed to have confidence in the engineer. A lot of business had gone through his office in the past year. Many estimates had been called for and time after time they had been turned down on account of too much expense. If the mayor and the finance committee had been honest with the city council and had said they could not get money the city engineer could have been used usefully instead of having him waste his time getting out estimates to be turned down. He did not think his resignation should be accepted when it had been practically forced upon him.

Mayor's Position.

The mayor defended himself and the finance committee. It was not true that they knew they could not get money for work. As far as the grading in Section 5, they did not know yet whether they could get the money, as the bank had not replied to the finance committee on the matter.

Ald. Silversides said it was quite evident there was not harmony in the engineering department. Lots of little things that had been ordered done had not been carried out, and he had come to lose confidence in some of the officials. That was why he had seconded the resolution to accept the resignation.

The resolution passed unanimously.
