HINDENBURG IS POPULAR

German Warrior Gets Ovation when in Berlin

POTSDAM, Germany, May 27.—The affection and admiration which German people still entertain for Field Marshal Von Hindenburg was manifested by the throngs who gathered to attend the funeral of the Empress Augusta Victoria.

The German princes passed virtually unnoticed through the crowds, but wherever the popular Field Marshal went there was a murmur of admiration which frequently swelled into prolonged applause. Even the Communists, who could be distinguished by their remarks, were silent before Von Hindenburg, although they spoke loudly about "tin soldiers" as other high officers passed.

SHORT OF BREATH Could Hardly Walk Without Resting.

When you go to a physician to be examined for any heart trouble one of the first questions he asks is: "Are you short of breath?"

Now, when the heart becomes affected there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

On the first sign of the heart becoming weakened or the nerves unstrung, "Lown's Heart and Nerve Pills" are just the remedy you require. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.

Mr. Stephen Cruise, East Clifford, N.S., writes:—"I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Lown's Heart and Nerve Pills and I felt better after taking them; three boxes made me quite well. I am now helping my son to work on a farm and can truthfully say I feel like a different man."

Price 50c, a box at all dealers or mailed direct on receipt of price by The T. A. Lown Co., Limited, Toronto, Ont. ADVL

arrived before Wildpark station, where the services for the princes were held. As he descended somewhat heavily from an automobile, the great string of medals around his neck was disarranged.

A silk-bathed, white-whiskered man and a policeman rushed to rearrange them and met head on. The silk had been dislodged and rolled upon the pavement and the policeman stood in a daze.

In the meantime half a dozen officers in full dress of generals had gathered about the "old man of the Masurian lakes" and carefully arranged the medals, while others helped the Field Marshal put on his high, tasseled cap, which he had been unable to wear in the confines of his closed car.

"Hindy" Appears

When Von Hindenburg appeared at the station to depart, the streets for many squares were packed with excited crowds, which raised a tumultuous cheer and again and again, until the train was out of sight, the "hools" resounded from thousands of throats.

A short time previous, Prince August appeared on the station platform and was received with a few lifted hats, but without cheers.

COLEMAN TELLS ABOUT ALASKA

Vice President of C.P.R. Tells About Conditions on Return to Winnipeg

Speaking of conditions in Alaska, where he spent most of his time while away, D. C. Coleman, vice president of the C.P.R., on his return to Winnipeg last week, said that the mining and fishing industries had suffered from depression in sympathy with general business conditions. The Alaskan mines produce a very low-grade gold ore and they can only operate at a profit in normal times by producing a large quantity daily and extracting gold very cheaply.

The price of gold does not vary, and with the high scale of wages prevailing these mines have found it difficult, if not impossible, to operate at a profit," said Mr. Coleman. "One of the largest mines in Alaska has been handling ore for some time with a gold value of only 35 cents per ton. When labor costs are back again the mines will resume operations on the same immense scale as in the past. A great deal of development work is going on in certain coal properties and oil prospects.

Yukon Excitement

In the Canadian Yukon there is considerable excitement over a new mining field which is being developed, in what is known as the Mayo district. It appears that there are very large and rich deposits of silver-lead ore and some consideration is being given to a proposal to build a railway line to provide transportation of the ore to the Yukon River so that it would be handled by water to White Horse and sent by rail to Skagway.

Against Jones Act

Mr. Coleman said he found an intense feeling of opposition to a new navigation law in the United States known as the Jones act, which seemed to have been designed expressly to restrict the activities of Canadian ships handling Alaskan coastwise traffic. The C.P.R. has provided a service to southeast Alaska ever since Klondike days, and on account of its direct rail connection this service is very popular. The citizens of Alaska have supplied funds to enable the constitutionality of the act to be tested in the courts and the legislature of Alaska without any solicitation from the Canadian shipping companies passed a resolution protesting against the Jones act and calling for its abrogation so far as Alaskan waters are concerned.
