CHOLERA INFANTUM The Fatal Disease of Children

Mothers should look well after their young ones during the hot summer months as this is the time of year when this summer complaint is most prevalent. It begins with a profuse diarrhoea, the stomach becoming irritated, vomiting and purging set in, and the matter ejected from the stomach has a bilious appearance; the child rapidly loses flesh and is soon reduced to great languor and prostration which in a great many cases terminates fatally.

To quickly offset the vomiting, purging and diarrhoea DR. FOWLER'S EXTRACT OF WILD STRAWBERRY should be administered. Mrs. Charles Kretlow, Wideview, Sask., writes: "I have used Dr. Fowler's Extract of Wild Strawberry for summer complaint. I think it saved my little girl's life one time as she was so bad I thought she was going to die. A friend advised me to get "Dr. Fowler's," so I got a bottle and it helped her right away."

NO CATAclySM BUT PROGRESS

Samuel Gompers Says Labor Must Not Sell Her Sacrifices.

"We want no cataclysm either in Canada or the United States. We shall work out our destiny slowly—advancing epoch by epoch, bettering ourselves with the years," said Samuel Gompers, president of the American Federation of Labor, in an address to a huge audience of labor men in Massey Hall, says a Toronto paper.

As he stepped on the platform of Massey Hall Mr. Gompers was accorded a great ovation, the large audience rising to its feet as a man and cheering to the echo the king of labor. For the past forty years Mr. Gompers has controlled the destiny of labor on the other side of the line, and the tremendous applause that greeted him testified to the place that he has won in the hearts of labor here.

Not for This Continent. In his opening words Mr. Gompers made it clear that the catastrophe foretold by Karl Marx has no place in the advance of American labor according to his program. "The world is divided into two classes, and two only," he said. "They are employers and employees. There are no others. There can be no others. And this is the first truth that we must realize." With all the persuasive eloquence of which he is master he exhorted his hearers to hold fast to the first principles of their great federation.

Will Never Fall Back. Speaking of the meaning of the war and of the contribution that labor had made to the winning of it, Mr. Gompers said:

"The war was sacrifice. We sent an army of men to the plains of Flanders with one common purpose—namely, that military and political autoarchy might forever be wiped from the face of the earth." He described the accomplishment of that purpose and the advance of democracy which had followed. People, he said, feared some of these advances, and there were those who would put the toilers of this continent and the world back in the pre-war years.

"But," he said, "if I know the spirit of Canada and America, we shall never be driven back. We shall not betray our dead; we shall not sell our sacrifices. We shall press forward—never back!"

DEPARTMENTAL STORES EXTENDING THEIR SCOPE

Spencers and Hudson's Bay Co. to Capture Business of Victoria.
