Says the Stewart News: "Lawn tennis is a great game. The uninitiated believe that the people who play it have bats in their top story. But don't run away with that idea. It's a scientific game and every move a player makes is a health restorer. The game is also a civilizer. On the big Indian reservations in Montana, Wyoming and Minnesota, since the introduction of tennis, the red man has become as docile as a child. At the penitentiaries of Washington and Oregon the inmates are allowed four hours a week at tennis and the moral standard of the man has raised 75 percent. The patients at the Colony Mental Farm, at Port Coquitlam, are becoming sane since the government permitted tennis to be played. From the highest notch in society to the humblest the game is one of the best—socially, mentally and physically." There are a lot of tennis enthusiasts at Stewart and great interest is being taken in the tournaments.

For the fifth time in a period of seven years, Mrs. Molla Bjursdedt Mallory, a native of Norway now resident in New York City, has won the National Women's Singles Championship. This she achieved by defeating Miss Mary K. Browne, of California, last Saturday. The feat establishes a new record in the history of the American Women's national tennis play. As a young woman, Mrs. Mallory, then Molla Bjursdedt, won her first United States honors in 1915, following the voluntary retirement of Miss Browne who had won the title the three preceding years and who staged such a valiant comeback this year.

Ben Self was in receipt of a wire last night from J. C. Pidgeon, manager of the Prince George baseball team, advising that the interior aggregation would be unable to come here this week to play a series as had been originally intended. They were expected to arrive tonight and their failure to do so will be a disappointment to the local fans who have been looking forward to the series. It is likely however, that they will be down in the near future and that this is only a postponement. Goulter, a locau player who has been in Prince George recently, will be in tonight with an explanation of the delay.

PRESENTATION CAPT. HOCKING CAN. SCOTTISH

Rotary Club Sends Samples of Prince Rupert Products on New Ship.

At the Rotary Club luncheon this afternoon Capt. Hocking, skipper of the good ship Canadian Scottish, was presented with a set of samples of lumber and minerals produced in this district, which he will show at various ports where he calls as an advertisement of what the district can do.

In making the presentation George Munro spoke of the fine steamer that had been built here and said that after the stormy passage she had already weathered during her construction days, he did not think the captain needed fear anything in future.

Rupert's Representative.

The people of Prince Rupert looked to Capt. Hocking as their representative in the different parts of the world to which the ship would go and much depended on him how the town was represented. He spoke of the products of the fishing, lumbering and mining industries and made the formal presentation.

Supplementing the remarks of Mr. Munro, President Duby said they had heard from Mr. Neild last week what a booster Capt. Hocking was and here was an opportunity to introduce the goods produced in the district. The vessel was 100 per cent Prince Rupert and many of her crew went from here. Although not a member of a Rotary Club, Captain Hocking was in reality a Rotarian and they would be glad to hear from him from time to time what success he had had.

SECOND SHIP MAY LOAD AT BUCKLEY BAY

Effort Being Made to Provide Full Cargo of Lumber for Canadian English.

An effort is being made to provide a full cargo of lumber at Buckley Bay, Queen Charlotte Islands, for the Canadian English, about Christmas time. F. L. Buckley is leaving for Australia to try to sell the lumber. He expects that the first shipment, which is leaving here on the Canadian Scottish, will make such an impression on the Australian buyers that there will be no difficulty in placing more.

Orders were received for almost a full cargo for the Scottish but the price offered was so low that Mr. Buckley refused to accept it. If a full cargo is sold it is expected the big vessel will cross to Buckley Bay to load instead of rafting the lumber to this side of the straits.

DAVIS CUP RACE IS NOW NARROWING DOWN

NEWPORT, Aug. 25.—Zeno Shimidzu, of Japan, defeated E. O. Anderson, of Australia, in the initial contest between the Japanese and Australasian Davis Cup teams. The scores were 6-4, 7-5 and 6-4. Australia and Japan are the two survivors of twelve nations in the elimination contests and are playing now to decide which will meet the American cup defenders.

Splendid.

"He's perfectly quiet," remarked the man to the two girls who were hiring a pony and trap. "Only you must take care to keep the rein off his tail."

"We won't forget," they said.

When they returned he asked them how they had got on.

"Splendidly!" they exclaimed. "We had one sharp shower, but we took it in turn to hold the umbrella over the horse's tail, so there was no real danger."

S. M. Newton is now at Terrace having stopped off there on Tuesday's train from the Sons of England convention at Port Arthurs.

CANCELLATION OF RESERVE.

Notice is hereby given that the reserve against the acquisition of Coal under the "Coal and Petroleum Act" established by notice dated 11th of February, 1920, and published in the British Columbia Gazette on the 12th of February, 1920, is cancelled, except in so far as the same relates to the following areas:

1. All the lands lying within the boundaries of the drainage areas of the Skeena Diver above and including Outi Creek, the East Fork of the Naas River, the Little Klappen River, and the Spatsizi River, above and including Kluayetz and Indian Creeks.

ALL that portion of Vancouver Island lying easterly of the follownig described boundaries:

Commencing at a point on the West Coast of the Island at the mouth of Muir Creek, thence following the western boundary of the Esquimalt and Nanaimo Railway Belt to the southeasterly corner of the Strathcona Park Reserve, thence west following the south boundary of the said reserve to its southwest corner; thence north following the west boundary of the said reserve to its northwest corner, thence west along the south boundary of Sayward and Rupert Districts to the westerly boundary of the watershed of Nimpkish Diver, thence northwesterly along the westerly boundary of the watershed of said Nimpkish River, Nimpkish Lake and Keogh River to the south boundary of Township 3, Rupert District, thence west along the south boundaries of Townships 3, 4 and 10 to Marble Bay, thence northwesterly along the centre line of Marble Bay and the West Arm of Quatsino Sound to the mouth of Spruce Creek, thence along Spruce Creek to the east boundary of Township 37, Rupert District, thence north along the east boundary of said Township 37 to the northeast corner thereof, thence west along the north boundaries of Townships 37, 41 and 44 to the Pacific Ocean, and including all the foreshore and lands covered by water adjacent to the East Coast of Vancouver Island, together with all Islands lying between the Mainland of the Province south of the 51st parallel of north latitude and Vancouver Island and all the lands within the boundaries of the Districts of Otter, Goldstream, Metchosin, Esquimalt, Victoria, Lake and North and South Saanich, Sooke and Highland.

The cancellation of this reserve shall not take effect and staking for coal shall not be lawful until notice of such cancellation is published for sixty (60) days in the British Columbia Gazette and in a newspaper published or circulating in each of the Land Registration Districts of the Province of B. C.

This notice shall in no wise affect the reserve against the acquisition of Coal, Petroleum and Natural Gas in the Peace River District, established by notice in the British Columbia Gazette on the 27th of March, 1919, which reserve is still in force and effect.

G. R. NADEN,
Deputy Minister of Lands.
Department of Lands,
Victoria, B. C.,
