Right Policy

Regarding Appointments.

The Dominion Government is to be congratulated on doing the right thing, in regard to the appointment of postmaster here. The policy of promotion is the correct one whenever possible. Mr. Morison had served faithfully in the position of deputy and his promotion to postmaster was the logical step.

There were a number of applicants for the position made vacant by the resignation of Mr. McLutsh and several of those applying would have made efficient postmasters, but in most cases they were without training in that particular line of work. They would have had to learn their duties from the assistant postmaster, who would, for some time at any rate, have been the real working head.

It would be no encouragement to members of the staff to work hard if the best positions were to be given to outsiders, as has been the custom in years gone by. The new system of promotion is the logical method of making appointments. We congratulate Mr. Morison on securing the position which is a very responsible one, in that it affects the life of the whole community.

Serving Public

Is Unthankworthy.

The person who serves the public must usually expect little thanks for so doing. The people as a body are ungrateful and fickle. They change with every vagrant breeze. Today a man is a hero, tomorrow he is a rascal, possibly the next day he is again acclaimed as a public benefactor. Unhappy is the man who depends on public favor for a living or who can be seriously injured by a slight wave of unpopularity, for it is sure to come to him if he is much in the public eye.

The reward for service is in the act itself and in the consciousness of satisfaction in doing useful work. Sometimes work is recognized, but often it is not.

The man who serves the community in a business capacity is just as worthy of recognition as he who is to the fore in what is known as public life. Time was when civic, provincial or Dominion legislators served the people without pay. Then there was a measure of thanks coming to them. Today all are paid for their services, and the pay occasionally exceeds the value of the service rendered. Every man who serves well in ever so humble a position is deserving of the good will of the people.

Steel Corporation

Big Wage Cut.

The wage cut one fifth made by the United States Steel Corporation, throughout their immense organization, is rather a drastic measure. Possibly, however, the big corporation feels that there will be further reductions in the cost of living and every reduction will be resented by employees so it is better to get it over at one fell swoop. Twenty per cent advance did not seem much during the advance in prices, but the twenty per cent cut does seem a lot. There is no intimation so far as to whether there will be a strike in the industry as a result. Possibly with the market in a bad condition, the corporation would rather welcome a shut down just now until there is a recovery in the business.

How Do You Spend

Your Spare Time?

Man is a social animal and as such must spend some of his time in close association with his fellows. The life of the hermit is good neither for the hermit nor for his fellows. Most of us meet our fellows in our work and in our play. We congregate in groups. The question to consider is how do we spend the time at our disposal outside our work? Do we spend it in such a way that it will improve our personality and benefit the community, or are we frittering away our time on those things which are injurious to ourselves and the people among whom we live?

MAY DAY WAS
CELEBRATED

Swanson Bay School Children
Elect Queen in Time-honored Fashion.

SWANSON BAY, May 5.—May Day celebrations were held here on Saturday last. Miss Mabel Larsen was elected May Queen by the school children and Misses Norma Shirley and Marie McLean acted as maids of honor. After crowning the queen, a parade around the plant took place, the May Queen being carried in a sedan chair by four of the boys. A dance around the May pole and games then took place, tea, cake and ice being afterwards served.

In the Evening a free picture show was given to all the children, after which there was an impromptu dance.

All arrangements were carried out by the Welfare committee.

INGENIKA MINE
TO BE WORKED

Is at Mouth of River West of
Peace River Valley

EDMONTON, May 5.—After the expenditure of a large sum of money, and three years of pioneer prospecting, the Ingenika Gold Mining Company, Limited, is now in a position to prosecute an active mining enterprise during the coming summer. After overcoming tremendous difficulties in the way of transportation, the company's machinery is now located at the mouth of the Ingenika River, in the mountains west of the Peace River Valley, and everything is ready for active operation.

During the winter, two men were sent in to get everything in order and to overhaul the boats which will be used on the upper Peace and Findlay during the open season. Taking horses and supplies, the men went in during the sleighing season via the Spirit River route, and in consequence the bulk of the company's supplies are now at Rocky Mountain portage, ready for conveyance to the mouth of the Ingenika by boat.

HOME FOR MENTAL
DEFECTIVES TO BE
BUILT AT EDMONTON

EDMONTON, May 5.—Tenders will be called, in a few weeks for the erection of the Institution for Mental Defectives and the work will be rushed as fast as possible. Hon. George P. Smith, under whose department the new institution comes, states that they will build two units this year on the general plan as outlined by the provincial architect.

The two buildings to be erected this year will be dormitories, and the architect is planning some sort of temporary power plant. The plant that will supply heat and power for the entire plant would be much too large and expensive for the present demands.

It is planned to accommodate about two hundred persons in the new buildings. The present buildings on the South side accommodate some 35 and these have been confined to children. However, with the larger accommodation, older persons will be admitted as well as children.

Ten Years Ago
in Prince Rupert

May 5, 1911

The city council last night accepted the big Seagrave fire truck which arrived here some days ago. J. E. Gibson has been appointed driver of the city's first fire machine.

The G.T.P. bowlers last night defeated the Foley, Welch & Stewart team by 2,521 to 2,423. The players were: G.T.P.—McLutsh, Crandall, Mader, Holby and Edy. Foley, Welch and Stewart—Malmberg, Levenhagen, McArthur, Johnston and Stenstrom.

The wedding took place two days ago in Vancouver of Martin O'Reilly, of Prince Rupert, and Miss Monica Lee, of Vancouver.

PRINCE RUPERT TIDES

Thursday, May 5
High, 12:03 a.m., 18.7 feet.
6:05 a.m., 5.2 feet.
18:02 p.m., 6.5 feet.

Friday, May 6
High, 0:09 a.m., 20.7 feet.
12:45 p.m., 19.4 feet.
Low, 6:43 a.m., 3.9 feet.
18:39 p.m., 6.1 feet.

The time used is Pacific Standard, for the 12th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson. The height is in feet and tenths of feet above the average level of lower low water.
