SETTLE CASES WITH STATES

Washington So Satisfied with British Court, Asks All Cases Tried There

LONDON, May 5.—Within a few weeks the last of the cases resulting from wartime collisions between United States naval vessels and those of the British Ministry of Shipping will have been definitely settled, responsibility fixed and damages awarded. In October, 1919, the British and American governments agreed to the establishment of joint arbitration boards to adjudicate these cases, one to sit in Washington, the other in London. Cases relating to collisions occurring west of the 33rd meridian were to be heard in Washington; those east of this boundary, in London. From their decisions there was no appeal.

The object of their establishment was the speedy, equitable settlement of disputes without resort to the usual time-consuming and expensive battles before Admiralty courts.

U.S. Courts Disbanded

So satisfactory to both governments have been the decisions of the London board that the Washington tribunal has been disbanded and the cases awaiting its attention transferred to the London board for disposition. This was partly due to the belief that the London board possessed

Faint and Dizzy Spells Weakness and Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Millburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Millburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much." better facilities for the handling of such problems.

The President of the London board, Butler Aspinell, a distinguished British authority on admiralty matters, was chosen by the American government and approved by the British authorities. W. Norman Raeburn, a barrister, and Captain Francis C. L. Andrews, of the British navy, and two Americans, Commander Harry L. Pence, acting naval attaché of the American Embassy, and Commander Robert K. Wright, a member of the New York and Pennsylvania bars, are the other members of the board.
