CIVIC LIBRARY AT KETCHIKAN IS IN GOOD CONDITION

KETCHIKAN, Oct. 13.—Ketchikan is steadily building up a civic library. A number of water-colors of Alaskan scenes have just been received as a donation from Mrs. D. C. Abrams.

About eighteen years ago the first steps toward establishment of a library here were taken. The land company donated a lot and another was given later. The latter was sold for \$200 and a room was rented. Entertainments were given to which the price of admission was a book.

The rented room was given up and a permanent small building erected. Since then there have been steady additions. The library is conducted by a library board composed of the following: Mrs. F. J. Hunt, Mrs. E. E. Blackmar, Mrs. D. W. Hunt, Mrs. J. R. Beagle, Mrs. Chas. Deppa, Mrs. R. L. Petty, Mrs. Ed Williams and Mrs. M. E. Swineford.

WINNIPEG PLANS TO PROVIDE FOR CITY'S UNEMPLOYED CITIZENS

WINNIPEG, Oct. 13.—Plans for dealing with any unemployment emergency, should it arise in the coming winter, may include laying the foundation of a new bridge over the Winnipeg river, on the Lac du Bonnet line.

This has been suggested by J. S. Greene, consulting engineer to J. G. Glasco, manager of the hydro-electric department and by him forwarded to Mayor Parnell.

Cost of the foundations is estimated at \$157,000 and Mr. Glasco thinks work could be found for 100 to 150 men all winter. He thinks the provincial and federal governments should contribute to this undertaking.

HONORS ARE EVEN.

CIRCLE OF BUSINESS EXPUNDED AT CLUB BY T. H. JOHNSON

In addressing the Rotary Club today on the relations of employees and employers, T. H. Johnson, manager of the Canadian Fish and Cold Storage Co., said the chief difficulty was to decide who was an employee. In many cases in big companies, the manager worked for the Board of Directors, the affairs of the company were financed by the bank and the bank manager was handling the funds of the people.

Again the executive officers of a company had to do the business in such a way as to make the business pay its way. If it did not the business would become bankrupt and the employees would be dismissed. In that respect the executive officers were working for the employees and on their ability to keep the business going depended the continuity of the positions of the other employees.

Many people read newspapers as much for their advertising columns as they do for news.

MOTOR VESSEL USED OIL FROM NORMAN WELL

EDMONTON, Oct. 13.—Capt. John Matheson, commander of the "Northland Pioneer" the largest motor vessel plying the inland waters of the west, has just reached the city from the far north, and gives it as his opinion that conditions in the Fort Norman oil field are satisfactory, while the general consensus of opinion in the north is that a further strike will be made as soon as the three wells now drilling get down further.

From his own experience, Captain Matheson states that the oil at Norman is a very high quality; he burned it in his engines on the "Northland Pioneer" and with this fuel the ship made the long voyage from Fort Norman to Fort Smith. On his last trip to the Norman well Captain Matheson shipped 1,200 gallons on the "Pioneer." This was crude un-refined oil. It is a light, dark colored fuel with a high explosive power, while its value is attested by the fact that it drove the big motor vessel up stream against the strong currents of the Mackenzie and Slave rivers in record time. No doubt exists in Captain Matheson's mind as to the presence of high grade oil at Norman and in common with the other residents of the north, he considers it only a matter of time before many wells in the far north will be producing.

EDMONTON PRICES AT CITY MARKET

EDMONTON, Oct. 13.—Farm produce was offered on the Rice Street market in somewhat smaller quantities than usual, but the demand for the most part was fairly good and most dealers were finding a steady market. Roots, cabbage and marrows as well as some pumpkins were the principal offerings in the garden produce line. The usual offering of butter and eggs was also in evidence. There was also a fairly large number of live poultry and some dressed poultry.

Potatoes were offered by several dealers in small quantities at prices ranging from 75 cents to 80 cents per bushel and in lots of ten bushels or more they were being sold at 60c. Turnips were selling at 2 cents per pound. Cabbage was offered at from 2 to 3 cents per pound. The quality of the cabbage was very good. Vegetable marrows were offered by two or three dealers at 4 cents per pound. A small quantity of pumpkins and squash were also offered at the same price. Cauliflower was selling at 10 cents per head, but at this price the demand was only fair. Celery was offered by several dealers at 10 cents per head or 25 cents per bunch. Small quantities of lettuce were offered at 5 cents per bunch.

In butter and eggs the prices varied considerably. Some dealers were selling butter at 45 cents per pound while on the other side of the building other dealers were finding a good market at 50 cents per pound. The price of eggs varied from 50 cents to 15 cents per dozen. Live spring chickens were selling at 75 cents each. Dressed spring chicken was offered at 30 cents per pound and fowl at 25 cents.

VANDERHOOF

A National Liberal and Conservative Association had been formed here. The officers are as follows: Honorary President, Hon. Arthur Meighen; president, J. H. MacMillan; first vice president, Robert Reid; second vice president, James Graham; secretary-treasurer, Ralph Strange.

H. O. Kirkham and G. D. Hobbs, two Vancouver businessmen, visited this district last week looking over land.

Clifford Stone, of Vancouver, is here visiting his brother, Dr. W. Ross Stone.

Mrs. E. F. Wayne Heath and daughter, Claire, are spending a month at Victoria where Mrs. Heath's parents reside.

PRINCE RUPERT TIDES

Thursday, October 13
 High—11:27 a.m., 18.8 feet.
 23:42 p.m., 18.4 feet.
 Low—5:21 a.m., 7.0 feet.
 17:54 p.m., 7.3 feet.
 Friday, October 14
 High—12:01 p.m., 19.6 feet.
 Low—5:58 a.m., 6.6 feet.
 18:25 p.m., 6.1 feet.
 Saturday, October 15
 High—0:21 a.m., 19.1 feet.
 12:33 p.m., 20.4 feet.
 Low—6:29 a.m., 6.3 feet.
 18:57 p.m., 5.1 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.
