THE MESSAGE OF THE FLAG.

Give praise to our Flag that so proudly is flying
All over the Empire, on sea and on land;
There, as it waves, this message it's crying:
"For honor, for justice and freedom I stand.
I call on you all with your strength to defend me
As well in the future as you've done in the past.
If you fail me in crisis you surely will end me,
And without me you'll perish—together we'll last.
Forget your political quarrels when called on,
Put aside petty quarrels of interior strife;
You are whelps of the lion when all's said and all's done,
There is strength in your unity—for the Empire there's life.
Make my message a motto your homestead to brighten,
Let not your commerce its wisdom efface,
But endeavor to live it—when you die let them write on
Your epitaph "Here lies a son of our race,""

—IVAN SPARROW.

PARKING BYLAW IS BROUGHT IN

Proposed Regulations for Traffic On City Streets Introduced.

The City Parking bylaw came up for its initial reading at the meeting of the council last night and after long discussion, in which several criticisms were made and the city fathers wrangled about how they were going to get around certain points, progress was reported and the committee of the whole asked leave to sit again.

The bylaw has been prepared on recommendation of the Fire Chief and the Chief of Police and provides for regulation of traffic on all city streets especially in regard to car parking. It rules that on Third Avenue on Sixth Street between Second Avenue and Third Avenue on Comox Avenue and on Eighth and Ninth Avenues for a distance of two blocks of the junction with Comox Avenue, cars will not be allowed to park for a time exceeding ten minutes. On all other city streets, with the exception of certain streets noted, cars will not be allowed to park for more than thirty minutes. The streets where cars may park indefinitely are as follows: The south side of Second Avenue between Sixth and Seventh Streets; the East Side of Sixth Street between Third Avenue and Fraser Street; Fifth Street between Second and Third Avenues; Fifth Street between Third Avenue and Fraser Street; the east side of Third Street between Second and Third Avenue; the west side of Second Street between Second and Third Avenues; the North side of Second Avenue between McBride and Sixth Streets.

Fire Protection.

No vehicles will be allowed to stand within 25 feet of a fire hydrant or alarm box or within 10 feet of the street corners or public buildings or entertainment houses. On the approach of fire equipment all vehicles will be required to come to a stand immediately on the right hand curb of the street until all such equipment has passed. Careless, heedless or reckless drivers shall be prosecuted. The bylaw shall not apply to fire or police department vehicles, ambulances or hearses.

RETURNED MEN GET GRANTS FOR HOMES

Of \$25,000 For This City \$16,000 is Now Allotted.

Loans out of the recent grant of \$25,000 under the Soldiers' Housing Scheme will be made by the city to J. A. Edwards, Robert Davie Albert Craggs, James

Parks, William Wilson and George Abbott who will receive \$2,500 each and James Watt, who will get \$1,500. The remaining \$8,500 will be granted on Saturday when the Housing Committee meets with the Great War Veteran's Association committee.

SEQUEL OF ACCIDENT

Ald. Perry Asks Board of Works Consider Protection at Dangerous Places.

In view of the calamity at the corner of Third Avenue and Eighth Street on Sunday evening which resulted in the death of little Buddy Rood, Ald. Perry, at last night's council meeting, pointed out that there had been two accidents of a similar nature to children at the same place before and asked that the Board of Works give consideration to the better protection of the public at such places. There were other places in the city streets that were dangerous. On McBride Street last year an extra guard rail had been put on. Ald. Perry moved that the Board of Works take the matter up.

Ald. Silversides, in seconding the motion, pointed out a similar danger at the corner of Second Avenue and Second Street. The resolution was passed unanimously. Ald. Frizzell felt that it was little use putting up extra rails. Children would only climb over these and the results might be even worse. At the particular place where this last accident occurred, the ducks swimming in the pond below had proved an attraction to children.

At Seal Cove.

Ald. Perry also drew attention to the unsafe condition of the walk on Immanuel Street leading from Sixth Avenue to the Seal Cove School. The mayor stated that this would be repaired as soon as the lumber was available.

Speaking of the condition of the streets in the vicinity of Seal Cove, the city engineer suggested that the citizens in that section of town petition the council for new streets under the local improvement plan. A plan brought forth was for the building of a street on Jeffery Street from Eighth Avenue to Fifth Avenue, thence to Seal Cove and skirting the reserve around Seventh Avenue to Immanuel Street. Later Seventh Avenue might be extended to the waterfront block.

LOST 29 POUNDS DYSENTERY was the cause.
Dysentery is one of the worst forms of bowel complaint, and hardly any other disease so quickly undermines the strength and brings about a condition of prostration and utter collapse that often terminates fatally. To check the unnatural discharge without bringing on constipation you should use that grand old remedy with a reputation extending of 75 years. DR. FOWLER'S EXTRACT OF WILD STRAWBERRY Mr. G. H. McVagh, Mayer, Sask. writes:—"About eight years ago I had a severe attack of dysentery. I was sick for three weeks. I weighed 154 lbs. when I took sick and 125 when I got it stopped. I think I tried every medicine on the market, but did not find relief until I used Dr. Fowler's Extract of Wild Strawberry, and one bottle did it. I think there is nothing like it for diarrhoea or dysentery. I always keep some on hand as a person does not know when he will need it." Price, 50c a bottle; put up only by The F. McIlburn Co., Limited, Toronto, Ont.
