SAVE THE SURFACE PAINT MAN'S SLOGAN

Roy C. Wright of Brandram-Henderson of B.C. Ltd., with headquarters at Vancouver, is spending a couple of days in town on his way to Vancouver from Prince George.

Mr. Wright is a "save the surface" booster and beautifier and believes that Prince Rupert is very much in need of surface protection. Since the cost of paint products have dropped, he says, citizens can at small cost make beautiful and perfect exposed surfaces. This has a good effect on the city as tourists passing through are impressed by the external appearance. He advises to advertise this "Gateway of Northern B.C." as the best port on the Pacific and to live up to our claims in the matter of appearance.

REDUCE NUMBER OF RAILWAY EMPLOYEES

TORONTO, April 13.—Reductions in the number of employees of the Canadian National Railways were made yesterday when 250 men at Leaside near here were released. There is to be a reduction of 1,500 on the whole system, it is stated.

MANITOBA SHERIFF DEAD.

BRANDON, April 13.—William Henderson, sheriff of the western judicial district of Manitoba since 1901 and resident in the province since 1879 is dead aged 62.

"I wish you would tell me," said the agent, who had been a long time on Mr. Snuggs' trail, "what is your objection to having your life insured?" "Well, I don't mind telling you," replied Snuggs. "The idea of being more valuable dead than alive is distasteful to me."—Tit-Bits.

REFINE GASOLINE NEAR THE OIL WELLS

Small Plant to be Built Close to Fort Norman Gusher

Gasoline will be made at Fort Norman this summer, says the Prince George Citizen. It is not expected that any commercial quantity of the motor spirit will be produced until some means of transportation is within sight, but it is the intention of the Imperial Oil Company to manufacture enough for its own use in the north, with possibly some for sale to others doing development work down the Mackenzie.

A small plant will be built for the purpose at Fort Norman, the necessary material being already on the ground. The condensation process will be used, and the oil recently struck in the Imperial Oil well is known to be of sufficiently high petrol content to make the production of gasoline in this way feasible.

The aeroplanes on the northern route will thus have the gasoline problem solved for them, and power boats on the Mackenzie will use the home-made product. It is expected that the gas still will be got to work in the early part of the season.

CANADIAN LUMBER ON BRITISH MARKET

Spruce is Weak and Little Advance Buying is Done

LONDON, April 13.—Prices for Canadian lumber in the British market are still at a low level although there are indications of a bettering in the general demand for lumber in the near future and many dealers report that they are now able to move stocks laid in in 1920 prices, but there is little long term buying being done for 1921. The advice being given by the various lumber-trade journals to the British purchaser is not to buy or contract at the present time, but rather to dispose, even at less profit, of some of the stocks on hand.

The Timber Trade Journal thus reviews the market situation in a recent issue: "The spruce market is very weak. Even Quebec spruce of first and second quality does not bring anything like its reputed value; 3 by 9 first Quebec spruce at £18, 10s., 3 by 6 seconds at £27, 10s. and 3 by 5 seconds at £25, 10s. are certainly low sales. Halifax 2 by 6 unsorted spruce went as low as £20 while St. John 3 by 4 sold at £23, 10s. At the present time spruce is cheaper than anything else in the wood market.

RAILWAY TO TAP RICH MAYO MINES

Charter Granted by Dominion Government to Company Capitalized at \$750,000.

A bill has been passed at Ottawa incorporating the Mayo Valley Railway, Ltd., with a capital of \$750,000 with head office at Dawson. It has power to issue securities and to borrow money.

The company may lay out, construct, equip and operate a line of railway commencing from a point at or near the junction of the Mayo and Stewart Rivers in Yukon Territory, in a northerly direction, following the valley of the Mayo River to its junction with

TORPID LIVER For over 4 Months

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lax, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Lax-Liver Pills quickly remove the obstructions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice Mehill, Saginaw, Ont., writes: "I was very badly run down, and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Lax-Liver Pills, and before I had used half of it I was much better. I only used two vials, and am a different person today. I can safely recommend Lax-Liver Pills to any one troubled with liver trouble."

Milburn's Lax-Liver Pills are 25¢ a vial at all dealers or mailed direct on receipt of price by The E. Milburn Co., Limited, Toronto, Ont.

Duncan Creek, thence by the Duncan Creek Valley to its junction with Lightning Creek, thence via Lightning Creek and Crystal Valleys to the McQueen River, thence by the feasible route to Valleys of the McQueen, Ladue and Beaver Rivers; or in the alternative from a point at or near Gordon's Landing on the Stewart River via Janet Lake to the junction of the Mayo River and Duncan Creek.

The idea of the line is to tap the rich Mayo mining district, reports of the richness of which have been received from time to time.

Nearly Caught.

A negro was brought before a Justice of the Peace. He was suspected of stealing. There were no witnesses, but appearances were against him. The following dialogue took place: "You've stolen no chickens?" "No, sah." "Have you stolen any geese?" "No, sah." "Any turkeys?" "No, sah."

The man was discharged. As he stepped out of the dock he stopped before the Justice and said, with a broad grin, "Fo' de Lawd, squire, if you'd said ducks, you'd 'a' had me!"—London Tit-Bits.

There's no more use in having goods that nobody knows about than in winking at a pretty girl in the dark.
