Difficulties At Shipyard.

Unfortunate difficulties have arisen at the shipyard between the creditors represented by the receiver on the one hand and the Government on the other. It looks as if the Government was taking rather a high-handed stand in regard to it.

It is greatly to be desired that a settlement be arrived at and that work may proceed at once. The present indications are not very hopeful, however, unless the Government changes its attitude and is willing to allow that the creditors have some rights in regard to the property.

South Africa is Sane Safe.

The result of the election in South Africa has been watched here with a great deal of interest and the result, as far as known at present, is very satisfactory. The people as a whole are apparently anxious to remain a part of the British Empire.

Omineca Honored In Its Member.

The member for Omineca has been appointed speaker of the Legislature, an honored position, which will reflect credit on his constituency. Mr. Manson is well fitted to undertake the duties and his appointment should prove a popular one.

Our Friend To the South.

Our neighbor and friend, the United States of America, is a country with which we naturally have much to do. We are good customers of theirs and we also sell to them occasionally. We have many United States citizens living in all our cities and a considerable part of our farming population is made up of people who came from that country.
