NOTICE.

IN THE MATTER of Sections 134 and 135 of the Land Registry Act and in the matter of Lot Four (4), Block Thirty (30), Section One (1), City of Prince Rupert, (Map, 923).
Proof of the breach of Covenants, and re-entry and recovery of possession, by Edna Waldron, the registered owner of the above lot, under a lease granted by Charles E. Burgess to you, George Grey, dated the 30th June, 1916, and registered in the Land Registry Office at Prince Rupert, as Number 1943-D, having been furnished, it is my intention after the expiration of thirty days from the service of this notice, to cancel the registration of the said lease upon the Register unless in the meantime a good and valid objection thereto is made and unless you take and prosecute the proper proceedings to establish your claim or to prevent such proposed action on my part.

CAN'T LIVE ON FRASER BECAUSE OF MOSQUITOES

Must Pour Oil on Water to Control Them, Also Clean Up Swamps.

Investigations now being carried on by Dominion Government entomologists may result in the pestiferous Fraser Valley mosquito being conquered as successfully as the more famous but now less active New Jersey "skeeter" and his cousin in Panama, the Hon. E. D. Barrow, minister of agriculture, told the Legislature in dealing with the repeal of the Mosquito Control Act, says the Victoria Times.

"The present act is considered unworkable and in view of the information supplied by the Dominion entomologist we came to the conclusion that the money used under it is not well spent," said Hon. Mr. Barrow in reply to a question from Mr. Bowser as to what districts have taken advantage of the act.

Mosquito Time Soon.
In reply to Mr. Bowser's question as to whether there are many mosquitoes plying their trade at the present time, Hon. Mr. Barrow said:

"There are not many mosquitoes at present but there will be the usual number of them on the job when the weather gets warmer."

Hon. Mr. Barrow declared that he hoped for the best results in coping with the pest by cleaning up swamps and by dyking and draining.

Oil Not Sure Cure.
"Before you use oil you must have the water free from logs that interfere with the spreading

HEADACHES Make Life Miserable

Headaches are one of the most irritating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbings, the intense pains; sometimes in one part, sometimes in another, and then again over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Langa, Owen Sound, Ont., writes:—"My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy."

of the oil," the minister said.

"There is no question that oil helps to eliminate the mosquitoes," said J. A. Gatherwood, "but you can't get oil on where the woods suck it up. The dyking in the Sumas will do far more in helping us to get rid of the mosquitoes than anything else. As far as oil is concerned we will continue to use it, because unless we do we can't live there."

ELIMINATE TIPPING IS COL. PECK'S AIM SAYS MONTREAL STAR

The high cost of travelling, of getting your shoes shined, of dining out, is due for a terrific slump, says the Ottawa correspondent of the Montreal Star.

While Parliament has not yet found a means of reducing the national debt, one Parliamentarian is said to be convinced that he has found an open road to personal economy that should be made nation-wide.

He is, so rumor says, about to introduce a bill into the House of Commons which will have for its purpose the elimination of "tipping," "gratuities" or "perquisites" throughout the Dominion.

The member with the sudden penchant is Col. Cyrus Peck, V.C., Parliament's most distinguished soldier. The Colonel is reported to have his measure pretty well rolled in to shape and one of these days it is due to make its debut.

It will not be the first time that such legislation has been proposed, but a warm welcome awaits it on the floor. Members have been getting into shape for such a turn of affairs by outlawing

"Pollyanna"

one of the great stories for which the amusement loving world has long awaited

From Eleanor H. Porter's Novel "Pollyanna"
Published by the Page Company
Screen Adaptation by Frances Marion
Photographed by Charles Rosher

"Pollyanna" is the High Priestess of Optimism. She is not merely the discoverer, but the 33rd degree exploiter of the silver lining. The fairies who made sunshine from the cucumbers were insignificant beings to "Pollyanna." She is full of action, sparkle and pathos, and will help you to turn your sorrows, big or small, into gladness.

tips in the Parliamentary restaurants. It is an offence to give or receive them there. But if there was any jail sentence attached to the offence and the law was enforced every person who eats there would be in jail and all the help would be fired. Some of the members will tell Colonel Peck that they will get more for the usual tip than they do for the money which is actually supposed to buy the service in the first instance.
