BYLAW FOR INCINERATOR

For $15,000 Will Be Presented to Ratepayers at January Civic Election.

At the municipal election which will be held on January 12 a $15,000 money by-law providing for the erection of a garbage incinerator in the city on plans and specifications approved by the council will be presented to the ratepayers. This was decided by the council last night after the matter had been thoroughly discussed in committee. The bond issue if the by-law is successful in passing will be 10 year serials at seven per cent interest and only such part of the $15,000 as may actually be required will be sold. The incinerator which will be built will be of such construction that it may be added to if found necessary later.

The passing of this bylaw fulfills an election pledge made by Ald. Kerr, chairman of the Board of Works, made at the last municipal election.

MUNICIPAL ELECTION WILL TAKE PLACE ON JANUARY TWELFTH

Nominations for mayor, aldermen, school trustees and police commissioner will be taken by City Clerk E. A. Woods, returning officer for the municipal election, on January 9 between the hours of 12 noon and 2 o'clock. If the number of nominations make a poll necessary it will be held in the council chamber on January 12 between 8 o'clock in the morning and 7 o'clock in the evening. City Clerk Woods will be paid $25 as returning officer and his five deputy returning officers $10 each. A resolution embodying this was passed at last night's council meeting.

Tenders for the printing of the voters' list were also received last night and the figure of $175 submitted by A. O. Frank was accepted. Other tenders were: McRae Bros., $188.50; Rose, Cowan & Latta, $215.50. There will be 330 fewer names on the list this year than last.

RUSSIAN RELIEF COMMITTEE WANTS GRANT FROM CITY

Ald. Dybhavn Says That Needs at Home Will Get His First Attention.

A letter from the local Russian Famine Relief Committee asking for a handsome contribution was referred by the city council last evening to the finance committee. The letter stated that the cause had received good support among the citizens and the sum of $1451.06 had been collected. At it was in the interests of humanity the council was being asked for a grant.

"I don't know what is meant by referring it to the finance committee," said Ald. Dybhavn, chairman of that committee, "but I do know we are face to face with needs in our own city and, as far as I am concerned, they will get the first attention. I am of the belief that 'charity begins at home.'"

"Hear, hear," said several approving aldermen.

Its a queer flame that does no burning.

NEW OFFENDERS GO TO PRISON

Men and Women Commit Crimes to Live in Luxury.

LONDON, Dec. 13.—Lower wages and a craze for luxurious living are held accountable by English prison governors for many present-day crimes in a report made by them to the Home Office.

Although crime has dwindled considerably during the past 20 years, the number of prisoners for the year 1920-21 was 47,712, or 9,925 more than in the previous year. The report, however, states that "so small an increase in a year in which there has been much unemployment and industrial unrest is noteworthy."

The governor of Durham prison says:

"A new stamp of offender has sprung into existence. Men and women of respectable antecedents and parentage, in regular employment and in no respects associated with the criminal class, are taking to serious crime with astounding facility."

Lawless Spirit.

The suggestion that a spirit of lawlessness acquired by men while on military service is responsible for this is rejected by the governor, on the ground that women in equal proportion to men are the offenders. His explanation is that high wages, once easily earned and more easily spent, are now not obtainable.

"Men and women, boys and girls," his report states, "have all got used to 'big' money, out of all proportion to the slight effort necessary to obtain it," and he continued, "The economic readjustment of the past year has created a number of discontented reckless people, who do not realize that they have been living in an artificial wage market, and unconsciously resent the changed condition of supply and demand, work and play. Money they must have to provide the luxuries and amusements to which they have grown accustomed, so they steal, pilfer and loaf."

Earning High Wages.

The governor of Shrewsbury prison calls attention to the prevalence of thefts on railways and elsewhere, often by men with excellent long service records, and receiving high wages.

A big increase in automobile thefts is mentioned by the governor of Wandsworth prison.

It is proposed shortly to introduce recreation classes in male convict prisons and make it possible for convicts to earn by good conduct and industry, the privilege of classes for reading, recitations, lectures and music.

SUPPLIES FOR LIGHT AND TELEPHONE DEPT.

Were Ordered Purchased from Pattinson & Ling by City Council Last Evening.

The tender of $71.98 per hundred submitted by Pattinson & Ling for 400 light pressed steel telephone racks was accepted by the city council last night. The other tenders were: Parkin & Ward, $72 per hundred; Canadian General Electric Co., $71.93; Northern Electric Co., $72.95 less 2 per cent.

On recommendation of the Public Utilities Committee, an offer from Pattinson & Ling to supply the city with 272 pounds of weatherproof wire for $68.96 was also accepted.
