Progress and Prospects of Mining LOYD GEORGE BACKED BY BRITISH NEWSPAPERS IN HIS STAND

East Mines Are Shipping Steadily Several Centres

South, east and west of Prince Rupert lie vast mineral fields which are slowly but surely being explored and developed, and some day will be operating producing mines as great as the world has ever known. The mining industry as far as the Central British Columbia is concerned is as yet in its infancy. The infant, however, is a mighty large one and only time will tell of what the various districts will be like in the ten or twenty years when the work of development has been carried out and the untold wealth is uncovered.

Irish Make No Concessions Hence the Cancellation of Arrangements for Meeting

LONDON, Sept. 16.—In the reply sent yesterday to De Valera Premier Lloyd George said despite his repeated warnings that reiteration of the Irish claim to negotiate as representatives of an independent and sovereign state would make the conference impossible, De Valera's letter repeating this claim had been published in its original form. The new situation thus created had rendered it necessary to cancel arrangements for the Inverness conference.

The Premier will consult with his colleagues on a course of action and will communicate this to De Valera at as early a date as possible.

Continuing Lloyd George said: "The great concessions His Majesty's Government made to the feeling of your people in order to secure a lasting settlement deserved in my opinion a more generous response, but so far every advance has been made by us. You have not come to meet us by a single step, but merely reiterated in phrases of emphatic challenge the letter and spirit of your original claim."

ORE BUNKERS AT ALICE ARM

This is the port through which the Dolly Varden Mine ships its ore, and in the future there will be a dozen, possibly a hundred, shipping mines adjacent to the town. The Provincial Government has recently built a road to connect the town with the wharf which is about to be built by the Dominion.

Vancouver Man Becomes Baron Does Not Want It

VANCOUVER, Sept. 16.—"I don't want the title unless the estate comes with it," said Alan T. Galbraith, Burrard Street, this city, when his attention was drawn this morning to a private telegram from Toronto declaring that his claim to the Barony of Oliphant at Fask, Perthshire, Scotland, had been officially acknowledged by King George.

Galbraith, who is well known in the province as the former sheriff of Ashcroft, said he had never entered a claim, but that his mother, Mrs. Ella Cummings Oliphant, had been working on the matter for several years, having changed her own name from Mrs. Galbraith for the purpose of strengthening her claim. Her two other sons followed suit, but Mr. Galbraith, although he will be chief beneficiary, refused to do so, and still refuses unless the estate goes with the title.

Direct Descendant. Mrs. Oliphant was able to produce for the perusal of the House of Lords records proving that she was the direct lineal descendant of William, a Scottish noble, who was created first Baron of Oliphant of Fask by Robert the Bruce. The barony was later declared vacant and the heir advertised for. The estate passed into the hands of George Buchanan, a well known jam manufacturer.

"A title is only a handicap for a man not able to support it," said Galbraith. "It looks foolish for a man to go around with a handle on his name like that." He himself has never had any official correspondence on the subject.

GIANTS HAD EIGHT STRAIGHT GAMES; AHEAD PITTSBURG

NEW YORK, Sept. 16.—The New York Giants yesterday completed a run of winning eight straight games, thus gaining one full game on Pittsburgh in the National race.

The crucial series of three games is scheduled to open at Pittsburgh today between the two leading teams. To take the lead from New York Pittsburgh must win all three. The Cleveland Americans kept at the heels of the Yankees by twice winning from Philadelphia, while the Yankees duplicated the feat of taking a double header from St. Louis.

BOLSHEVIKI DECLARE WAS FRENCH PLOT

France Was to Back Poland and
Roumania in Demands on
Russia.

RIGA, Sept. 16.—The Bolshevik foreign office announces it has information that the French ambassador at Warsaw on September 3 submitted a note to the Polish Government proposing that Poland and Roumania seize the opportunity of the famine to present maximum demands on Soviet Russia and in the event of refusal threatening war in which France would co-operate if the demands were refused. Poland and Roumania refused to go as far as incurring danger of war, although both were in line with the French policy generally.

REUNION OF COQUALEETZA PUPILS HELD

Affair in Methodist Church Last
Night Accompanied by Usual
Enthusiasm.

The annual reunion banquet of the graduates and ex-pupils of Coqualeetza Institute and other native industrial schools in the province took place last night in the basement of the Methodist Church. There were about forty-five persons in attendance, including, for the first time, some of the girl graduates of the Crosby Girls' Home at Port Simpson. On account of the failure of the Queen Charlotte Island boat service this week and for other reasons, there was not such a large attendance as usual. The affair was none the less enthusiastic and successful, however, and went off with the usual enjoyment and sociability.

Rev. George H. Bailey, principal of the Coqualeetza Institute, who comes here every year especially to be present at the reunion, was in charge as toastmaster. The beautiful floral decorations of the hall were commented on by all. Some of the flowers came from Coqualeetza, but most of them were supplied locally. The Ladies' Aid of the Methodist Church had charge of the tables and the spread was a credit to them. Among the guests of honor were Miss Miles, superintendent of the school at Port Simpson; Mrs. McLeod, of New York city, and Dr. and Mrs. Knight, of Victoria. Musical numbers were rendered by Mrs. Stanley Bennett, Miss Davies, Rev. E. A. Coulter, H. Higgins and A. J. Lancaster. The toast list was as follows: "To Coqualeetza," proposed by (Continued on Page Six.)
