BIG INCOME GOVERNMENT

Will Make More Than Principals in Jersey City Battle on July 2.

NEW YORK, June 10.—Uncle Sam does not need to don the boxing gloves but he will make more money than Dempsey, Carpentier or Rickard on July 2 when the world's heavyweight championship battle is pulled off in Jersey City. The income tax of the fighters and promoters and a ten percent amusement tax will give the government a revenue of considerably more than half a million dollars.

Port Simpson will play football tomorrow afternoon at the Acropolis grounds with the local Great War Veterans' team.

Sport Chat

The opinion is now expressed in the East, and especially about Georges Carpentier's training camp at Manhasset, that the challenger for the world's heavyweight title is fooling the public in his training stunts. His listless attitude when boxing for newspapermen, it is said, is but a ruse to conceal his real powers. There is no doubt but that Carpentier still has his race track speed but he has been showing few of the traits that have made him famous.

Sparring partners of Dempsey's say that the world's heavyweight champion will be compelled to wear a head gear when he resumes his boxing practice to lessen the danger of opening the wound over his left eye, which has been the cause of the recent suspension of his training along this line. With boxing off his program Dempsey is concentrating on his famous shift.

All the American entrants in the Thousand Guineas professional golf tournament at Gleneagles, Scotland, were eliminated in yesterday's matches. Walter Hagen, of Detroit, the former American open champion, was the only survivor from the first round and he was defeated in the second by T. G. Renouf, of Manchester, by three up and two to play. British golfers have risen to the occasion and indeed shown that the supremacy in the great game still remains in the land of its origin.

MINIMUM SALARY FOR CLERGY SET OUT AT SYNOD

Anglican Church of New Westminster Diocese Will Also Ask for Religion in Schools.

VANCOUVER, June 10.—At the annual Anglican Synod of New Westminster Diocese being held here it was decided to raise the salaries of the clergy of the district to a minimum of $1400 per year with residence free. It was also decided to petition the government to allow some religious training to be conducted in the schools. This matter will be taken up with the Department of Education of the provincial government.

ALD. KELLY TRAVELLED NORTH WITH VISITORS

Exhibition of Native at Alert Bay Proves Unavailing.

Alderman J. H. Kelly, president of the G.W.V.A., who returned last night on the Prince George from attending the annual convention of the association at Chilliwack, has an interesting story to tell of the journey up the coast with the members of the Vancouver Board of Trade excursion. Alderman Kelly, who is a most genial and popular citizen, had a great time with the jolly excursionists and spent most of his time from the moment of leaving Vancouver expanding on the magnificence of the climate of the northern part of the province, and Prince Ruper in particular.

It rained most of the time at Alert Bay, the Vancouver party, in order to prove Jack was given to exaggeration in his optimistic beliefs as to the wonders of the climate, obtained the aid of an Alert Bay Indian to stage a native religious ceremony invoking their Gods to bring down rain continuously much to the undoing of Mr. Kelly. The latter says, they did their best but fell down woefully at the finish, as is proved by the weather today.

DOMINION DAY SPORT PLANS

Ketchikan Will Be Here for Baseball—Children's Sports—Football Ties.

That a full day's fun will be put on in the city on Dominion Day was guaranteed last night at the committee meeting of the Sons of Canada who have the celebration in charge. Arrangements are already well in hand and the committee is busily working. Their efforts, from present indications, will be crowned with success.

The morning of July 1 will be devoted to children's sports and that will be the time when the kiddies will have their fling. A full program of sports is arranged and to make for appearance, the committee is ordering several hundred Union Jacks and Canadian flags for the children to carry.

In the afternoon, there will be a full list of sport events including football and baseball. Word was received by wire yesterday from Ketchikan saying that the all star team of that town would be here. They will be pitted against a select team from the Prince Rupert City League. There will be two baseball games, in the afternoon and in the evening. Besides the baseball, there will be the Dominion Day cup ties for the footballers and the usual interest will be attached to these when the winners of the first two elimination games are to meet for the final.

The day will be concluded with a big dance in St. Andrew's Hall in the evening.

THE

RED CROSS PUBLIC HEALTH CAMPAIGN

Public health is the foundation upon which rests the happiness of the people and the strength of the nation. What is the state of your health? The average man and woman is wont to say, "Oh, I'm healthy enough—I'm perfectly safe from epidemic, etc." You may think you are safe—but YOU ARE NOT! Disease in many guises may be lurking near you, ready to strike you down at any time with its deadly poisons.

Where ignorance of the laws of health and hygiene exist, sickness must inevitably follow—whether it be in the slums of the city or in the remote and sparsely settled districts. There is today an appalling percentage of people in this province who are ignorant of the fundamental rules pertaining to the maintenance of a healthy mind and body.

The Red Cross, in its public health campaign, is teaching these people how to combat disease in every form. It wards off disease from your children—the child who is yet unborn, and makes the world a better place for him to live in. It wards off pestilence and contagion from your own community, thus protecting the whole province. It is aiming to weld the people of our own country and all other countries into that common brotherhood of sympathy so necessary to keep humanity in the path of progress.

It is accomplishing these things by going into the homes where sickness and danger exist. It is teaching the people how to prevent disease, or, if it does creep in, how to cope with it intelligently.

By its general propaganda and educational program it is bringing public health problems to the attention of a greater percentage of the people than ever before—it is arousing and evoking their interest in public health work.

The Red Cross today is the vision of a wonderful ideal. Your faith in its principles—your moral and financial support of its Membership Enrollment Campaign will carry it to a glorious reality.
