

THE MODERATION LEAGUE'S attitude on the public demand for beer by the glass

The Moderation League has been asked to endorse several petitions which are at present being circulated asking for the sale of beer by the glass. The consensus of opinion of the League, taken from its organizations throughout the province, has been and is in favor of the sale of beer by the glass under reasonable restrictions as being conducive to moderation. Prior to the passage of the present Act the League forwarded to the Legislature a resolution asking:

"That the commission be given power to provide for the serving of beer by the glass during limited hours in approved establishments where meals are served. Such privilege to be subject to cancellation in any locality at the discretion of the commission. No beer to be sold over a bar."

Since the passage of the Act public opinion has strongly substantiated the League's resolution, and it has been suggested that the League should urge the matter on the members of the Legislature at the present session. This the executive of the League is prepared to do. It invites the co-operation of all in favor of a moderate law and holds itself ready to assist in the presentation to the Government of petitions and the resolutions of organizations which have the above object in view.

All communications should be addressed to the Secretary

KING SURE SUCCESS

Writes to Premier Oliver Telling of Liberal Sentiment in East.

W. L. Mackenzie King has written a letter to Premier Oliver Telling in regard to the political situation concluding as follows:

"Throughout the maritime provinces my colleagues and I have been meeting with the most gratifying results. There is no question about the strength of Liberal sentiment in the east. Liberalism is at all strong on the Pacific coast there can be but one result on polling day and the return of a Liberal administration is assured."

BIRTHS.

There was born to Mr. and Mrs. Percy Skinner of Usk, B. C. son of the Federal Hospital yesterday morning.

May—Really, I don't feel like saying. My feet bother me a good deal.

Jack—Why, you must be nervous!

May—Nervous? Why!

Jack—Otherwise you wouldn't let such little things bother you.

Every prudent nation, and above all, the unique strategic position both commercial and military occupied by Prince Rupert on the shores of the ocean to which the twentieth century belongs—constitute an accumulated force of circumstances against which merely human opposition, however hostile, cannot possibly prevail.

Let us whose lot is cast in this great land of promise believe in the future which Nature's beneficence and Time's evolution have predestined for us and govern our actions accordingly.
