Dentistry of Quality.

Effects of Pyorrhea

Pyorrhea not only affects the heart and kidneys (as explained in a previous talk), but due to the nature of the disease, causes the bony structure which supports the teeth to be absorbed and the gums to recede. The teeth become loose and ultimately drop out. More teeth are lost in this way than any other.

Like a Tidal Wave Heart Disease and Nerve Troubles Sweep the Country.

Probably at no period in the world's history have heart and nerve troubles been so prevalent as they are today.

The heart can't stand the stress and strain of this busy, bustling age, and the care and worry, the anxiety and activity of business life constitute a serious drain on the nervous system.

The business of this work-a-day world goes with such a rush that the stoutest hearts and strongest nerves break down under the strain.

On the first approach of any breakdown of the system Milburn's Heart and Nerve Pills should be taken. The reconstructive power of these pills on the heart and nerve system is simply marvellous.

Mr. W. A. Wright, Hopewell Avenue, Ottawa, Ont., writes:—"After suffering for some time with my heart, I consulted a number of doctors, but got no relief. However, I read what Milburn's Heart and Nerve Pills had done for others, who had the same symptoms and thought I would give them a trial. Believe me, six boxes relieved me. I am feeling fine now, and can attend to my work every day. I can recommend your pills to any one suffering as I did."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. Adv.

Moving a mountain with a teaspoon

Moving a mountain with a teaspoon may be possible, but the method is not to be recommended.

Establishing Provincial or Dominion-wide demand for one's goods may be possible without newspaper advertising, but again the method is not to be recommended. You can prove this for yourself by asking the first twenty persons you meet such questions as:

- | | |
|---------------------------------------|-------------------------|
| What brand of collars do you wear? | What tobacco? |
| What kind of shaving soap do you use? | What razor? |
| What breakfast food? | What cigars? |
| What tea? | What mustard? |
| What cocoa? | What sugar? |
| What coffee? | What shoes? |
| What underwear? | What motor car? |
| What chewing gum? | What tires? |
| | What brand of anything? |

Irrespective of location, the answers will reveal the names of products advertised in daily newspapers. This condition is not accidental. It is the result of ambition and vision and courage—particularly courage—upon the part of the manufacturers.

Daily newspaper advertising is not a venture to be undertaken lightly—but once started and persisted in, it will turn Dividends of Demand that no power on earth can forestall.

If you are not quite sure how to go about Daily Newspaper Advertising, write to us and we will advise you.

Issued by the Canadian Daily Newspapers Association, Toronto

A party of local people yesterday climbed the mountain back of the city and built a fire on the top. They say the climbing was easier over the snow than it would be in the summer.
