ROBINSON CRUSOE'S ISLAND AS HEALTH RESORT IN FUTURE

VALPARAISO, March 31.—
Juan Fernandez Island, 450
miles west of Valparaiso, widely
regarded as the spot around
which the story of Robinson
Crusoe was written, is to be
turned into a health resort ac-
cording to present plans of the
Chilean government.

The island is 13 miles long
and four miles wide. Vegetation
is abundant. Many kinds of
fruits thrive there and the sea
in the vicinity swarms with a
species of codfish and quantities
of seals, according to a recent
visitor.

The actual original of De-
foe's story of Crusoe was said to
have been Alexander Selkirk, one
of a crew of bucaniers, who
quarreled with his skipper and
was marooned at his own re-
quest on Juan Fernandez where
he spent four lonely years. The
grotto where Selkirk is supposed
to have lived with his man Fri-
day still is to be seen. A British
warship visited the island in
1868 and members of the crew
erected a tablet in memory of
Selkirk.

Some years ago the Chilean
government attempted to coloni-
ze the island and gave free
passage to emigrants, but the
scheme was a failure and the
island now has only 200 in-
habitants.

LAND ACT.

Notice of Intention to Apply to Lease Land.
In Skeena Land District, Recording Dis-
trict of Coast, Range 5, and situated at head
of Union Bay, adjoining lot 199.

Nearly Crazy With Eczema

No rest day or night for those who are
afflicted with that terrible skin disease,
eczema, or as it is often called, salt rheum.
With its unbearable burning, itching and
tormenting relief is gladly welcomed.

There is no remedy like Burdock Blood
Purifiers for giving relief to such sufferers;
no remedy that has done, or can do more,
for those who are almost driven to ex-
haustion with the terrible torture.

Apply it externally and it takes out the
stinging, itching and burning, and pro-
duces a healthy healing.

Take it internally and it gets at the
source of the disease in the blood, for
eczema is a blood disease—and drives it
out of the system.
Miss L. M. Boudier, 89 Victoria Road,
Hull, N.S., writes: "I have suffered
for years from eczema. I could not rest
day or night. I suffered great agony, and
was nearly crazy with the itching and
burning. I used all kinds of salves, but
nothing seemed to help me. I saw Burdock
Blood Purifiers advertised, and was advised
to try a bottle. I found great relief, and
I really cannot recommend it highly enough
for what it has done for me."

Burdock Blood Purifiers has been on the
market for over forty years, and during
that time has been manufactured only by
The T. Milburn Co., Limited, Toronto, Ont.

COMMERCIAL PLANE UNDER CONSTRUCTION

Monoplane Will Carry Over a
Ton and Seat Ten Com-
fortably.

The improved, simplified type
of commercial aeroplane, carry-
ing a maximum load for any
given horse-power, at a "cruis-
ing" or average speed of 100
miles an hour, which Captain de
Havilland has in design, has now
gone definitely into construction
at the De Havilland aeroplane
works at Edgewater, Middlesex,
says the London Times.

The machine, a monoplane,
which marks in several respects
a new era in design, has been
modified in the direction of
greater power and weight-carry-
ing capacity since the first brief
description of it appeared in
these columns. The engine origi-
nally chosen, developing 230
horse-power, has been super-
seded by one giving as much as
450 horse-power, and the ma-
chine generally has gained in
its "performance." In the hull
built up of three-ply wood, there
is to be an exceptionally large
and roomy saloon, seating in
comfort ten passengers. When
employed as a goods carrier,
the monoplane will carry a load
of 2,300 lbs. It had been in-
tended to have a fleet of these
monoplanes in service between
London and Paris this year.

DYNAMITE LABEL

NEW YORK, April 1.—When a
package labelled "dynamite and
nitro-glycerine" was found in a
Brooklyn subway train recently
passengers scurried to the street
and the motorman refused to run
the train any further. Investiga-
tion by the police disclosed that
the bundle contained empty soup
cans.

The Tragedy of the Uninsured

No man appreciates the
value of LIFE INSURANCE
so much as the man who
is not insurable. The plight
of the hordes of men in this
unfortunate position must
force you to realize the ne-
cessity of insurance.

If it is only \$1,000 policy
to start with you ought to
insure that much protection
to your wife and kiddies.
Now, Tomorrow may be too
late.

This can be done in the
Mutual Life Insurance Co. of
Canada.

THOUSANDS VISIT FRENCH UNKNOWN

Slab Piled With Flowers by Shop
Girls and Statesmen

Paris, March 30.—Flowers are
brought by an unceasing pil-
grimage of mourners and placed
on the slab that marks the grave
of the unidentified French sol-
dier under the great Arch of
Triumph that dominates the
western part of the city.

The pile of flowers and
wreaths is fed with fresh con-
tributions from early morning
gull-bags at night. There
seems no end to the little cere-
monies by organizations held at
the grave to honor the war dead.
Little shop girls bring small
bunches of violets that cost 50
centimes; statesmen passing
through Paris place their great
wreaths as tributes from their
countries.

Thousands on Sundays

Since November 11, 1920,
when the unknown soldier was
placed under the arch, there
has always been a group or
crowd of mourners at the shrine
of the dead. There has always
been a huge pile of flowers. On
Sundays thousands stream there
from the twelve avenue that
converge at the Etoile, as the
circular open space surround-
ing the arch is called, and there
is a procession of people with
bared heads passing by the
mound of flowers.

Many teachers bring their
classes and there is a movement
about to arrange that in each
of the public schools of Paris
a small contribution shall be
collected on a separate day in
each school to buy flowers to
be placed on the slab by a
delegation of honor pupils, so
that there may be such a tribute
of the children of France to the
war dead every day of the year.

CAN SWEAR IN SEVEN LANGUAGES AT TIFLIS

WASHINGTON, March 31.—
Geographers suspect the ancients
knew what they were doing
when they named the capital of
old Georgian Kingdom Tiflis.
The word comes, according to
the National Geographical So-
ciety, from a phrase meaning
"Warm Town" and the review
adds that the town produces
seventy kinds of language, "the
handsomest branch of the white
race," particularly the women;
is a great wine centre and much
given to singing and dancing.
Guides are useless in Tiflis, it
says, unless they can "whistle
and swear in at least a dozen
languages."
