INDIANS FROM BABINE LAKE ARE DESTITUTE

Arrive at Burns Lake After Losing Everything at Camp Fire.

A big party of Indians arrived at Burns Lake from Babine on Saturday last in a destitute condition, owing to the destruction of their camp by fire while adult members were out attending to their nets. John Dennis, a well known Babine hunter was the heaviest loser while all the women of the party lost most of their wearing apparel. The camp was being established as winter headquarters, and they had laid in their supplies with foresight uncommon amongst the local Indians. This means that their loss is a serious matter, including as it does what money they had, their guns, snares, traps, moosehides, snowshoes, tents, blankets robes and in fact all the equipment of a well organized Indian hunting party.

The Indian Department was communicated with immediately but no instructions for their relief have yet been received, and John Dennis, with a stoicism taught by a knowledge of the speed with which the Indian Department usually acts simply says: "Mebbe next year he send telegram."

The people of the town of Burns Lake quickly opened a subscription list which was responded to generously enough to prevent any immediate suffering and they hope that the Indian Department can cut the red tape and dispense with a few of the usual formalities, in order that these Indians may be outfitted in time to resume the fall hunt which means so much to them.

SPOKANE LOST ONE PROPELLER BLADE

Injured Part Was Cut Off Under Water with Chisels in Carter Bay.

In connection with the recent accident to the steamer Spokane, particulars of which were published recently the Ketchikan Chronicle says:

After losing one blade of her propeller, the steamer Spokane drifted for two hours in the vicinity of Carter Bay, fifteen miles south of Swanson Bay, until the small Canadian steamer Gedrie towed her into Carter Bay.

The remaining part of the blade was cut off under water with chisels there before she got under way again, her speed reduced about one knot an hour from the loss of the blade, and arriving here 12 hours late.

A 2 per cent general average will be assessed on the invoice value of the freight by the underwriters and will be collected from the consignees.

BUSINESS IMPROVING SAYS COMMERCIAL MAN

C. B. Gordon, of Winnipeg, representative of the Toronto Type Foundry Company, is in the city today looking up business among the print shops. He says he finds business improving everywhere in the East as well as the West. He did pretty good business at Edmonton and at other points along the line.

The Man in the Moon SAYS—

NOW that the crisis is over in the Irish situation there is another crisis about due.

THERE is a proposal to send Ex-Smp. Charles to a lonely island. We would like to send him to the land of lost souls.

FIRE Chief McDonald is one of a thousand. That \$45 brought back from the southern cities at the close of his holiday was found money for the municipality.

CAPT. FREEMAN has taken three years to get a license for the Narbethong. If he is as long getting started on collecting that quarter of a million dollars, he will have to keep himself like the rest of us for a few days yet.

CHARLES found the people of Hungary were too hungry to want him so he flourished a gun and might have shot himself had not his wife, the former Empress spoiled his plans. The former Empress deserves the severest condemnation from all right minded men and women.

ENTENTE BETWEEN LIBERAL AND FARMER

Report From Ottawa That Understanding Arrived At Between Parties.

OTTAWA, Oct. 26.—There are rumors of an arrangement between the Liberals and Progressives so that there shall be as little overlapping as possible in the matter of candidates, and that after the election which ever has the largest group in the House of Commons will form a government taking in the prominent leaders of the other group.

While the arrangement is a loose one and there will yet be some overlapping, the result assures the defeat of the Meighen Government and the establishment of an administration that will stand for moderate tariffs.

Sizing up the situation by provinces, it is clear that the Liberals will have the largest group and that Mackenzie King will be the next premier. If the arrangement is carried out, T. A. Greer will be his chief lieutenant.

BOOTLEGGERS RAIDED PETERSBURG, ALASKA

PETERSBURG, Oct. 26.—Fred Handy, deputy United States marshal, made a whirlwind cleanup here by raiding four places in town suspected of having intoxicating liquors concealed on the premises. The raids were successful in that they netted three truckloads of evidence which is now reposing in the courthouse, and which consist of a lot of home brew which the government alleges was being sold.

The places searched were the buildings occupied by Antonio Gorda, J. S. Smith, the Arctic hotel and the Arctic club.

Warrants have been issued charging all owners of the places with having liquor in their possession, contrary to the Alaska bone dry law.

There has been a little snow on the bald pate of old Mount Morse for several days. This year the snow was later coming on the hilltops than usual.
