SPECULATION or INVESTING

Which do you follow? In mining, oil and new industrial stocks the profits are big on paper, but you seldom get them, and generally lose your capital, with nothing to show but a nice certificate with a large seal. Your best investment is in good Government and Municipal Bonds; the return may be low, but it is sure. Your best buy today is Victory Bonds to net 6%. We also have four £100 5% bonds at \$373, par value \$486. As British exchange advances you reap the benefit. About the first we recommended C. P. R. at \$113; today it is \$128.75.
