WATER NOTICE. DIVERSION AND USE.

TAKE NOTICE that The W. Y. McCarter Burr Co., Ltd., whose address is 446 Hillside Avenue, Victoria, B. C., will apply for a licence to take and use 200 cubic second feet of water out of Marmot Creek, which flows westerly and drains into Portland Canal about three (3) miles from Stewart, B. C.

The water will be diverted from the stream at a point about one mile from mouth of stream and will be used for industrial, sawmill and mining purposes upon the land adjoining, described as T. L. A. 2817. The applicant will exercise its powers as a licensee upon the adjacent territory.

This notice was posted on the ground on the 24th day of January, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be made by the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The petition for the approval of the applicant's undertaking as a "Class C" applicant will be heard in the office of the Board at a date to be fixed by the Comptroller and any interested person may file an objection thereto in the office of the Comptroller or of the Water Recorder, Prince Rupert, B. C.

LAND ACT.

CASSIAR LAND DISTRICT—DISTRICT OF CASSIAR.

TAKE NOTICE that we, J. E. Stark and H. F. Kerein of Alice Arm, occupation promoters, intend to apply for permission to lease the following described lands:

Commencing at a post planted on the north boundary of Lot 3635; thence following the high water to 28 to north corner of Lot 2415; thence S. 59 deg. 23 min. E. a distance of 491.5 ft., more or less to east boundary of River. South mineral claim produced in a southerly direction; thence following production of said River South boundary to low water mark; thence following low water mark to north boundary of Lot 3635; thence following north boundary of Lot 3635 to point of commencement.

JOHN EDMOND STARK, Agent.
Date January 17, 1921.

The Value is in the Milk

Any kind of milk you buy in this province, other than Pacific Milk, has travelled about three thousand miles by railway to reach you. You know freights are very high at this time. When milk is shipped that far it stands to reason that the quality of the local Pacific Milk is the only milk put up in British Columbia. All the value is in the milk and not in freight rates.

ONTARIO GOES INTO BANKING

Bill Introduced into Legislature of That Province Provides Rural Credits

PROPOSAL TO PAY ON DEPOSITS 4 PER CENT.

TORONTO, Mar. 7.—The Minister of Agriculture has introduced into the Ontario Legislature three bills designed to provide for both short term and long term rural credits. In general, these proposed measures resemble the Manitoba Rural Credits Act, 1917, the Manitoba Farm Loans Act, 1917, and the Provincial Savings Act (Manitoba), 1920, but they depart from the legislation of the sister province in important provisions.

The Ontario Farm Loans Bill would authorize provincial incorporation of farm loan associations in any part of Ontario, with one-half the capital in every case subscribed by thirty or more individual farmers, each of whom must have subscribed to one share (\$100) of stock; one-quarter the capital subscribed by the local municipality and the remaining one-quarter of the capital subscribed by the Government of Ontario. In Manitoba such participation by the municipality and by the province is permissive and voluntary only; in Ontario it will be compulsory if the bill is enacted in its present form.

Will Make Loans

The bill contemplates that such associations should receive applications for loans from individual members and that, as loans be approved by the local associations, the money should be borrowed on the collective liability of all the members. The rate of interest payable by the borrower must not exceed 7 per cent., and one-seventh of such interest must be paid to the local association to help to defray expenses, pay dividends of not more than 6 per cent on the paid up capital, and build up a reserve. Loans must mature on or before December 31 of the year in which they are made, but would be renewable at the discretion of the directors of the local association, apparently without reference to the lender. The association would have a lien on all property purchased in part

WATER NOTICE. DIVERSION AND USE.

TAKE NOTICE that Alice Arm Mining and Development Company Limited, whose address is Head Office, Angus, B. C., will apply for a licence to take and use one cubic second foot of water out of Water Falls Creek, also known as Falls Creek, which flows easterly and drains into Alice Arm about 1,200 feet northwesterly from the Varden Depot.

The water will be diverted from the stream at a point one thousand feet northwesterly from the southeast corner of Lot 3221, and will be used for domestic town supply and power purposes upon the townsite described as Lot 1074 and Lot 1074-A, Alice Arm Township.

This notice was posted on the ground on the first day of March, 1921.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be made by the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

Another Epidemic of the Spanish Influenza

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after effect such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are run down, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify your system against this terrible plague.

If you had the "Flu" before and it left you with any one after effect Milburn's Heart and Nerve Pills will bring you back to health and strength.

Mrs. C. G. Palmer, Keppel, Sask., writes: "I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds. I will always keep Heart and Nerve Pills in the house."

Price 50c, a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. Adv.

To Issue Bonds

The Agricultural Development Bill provides for creation of an Agricultural Development Board, appointed by the Government and vested with power to issue bonds to the amount of \$300,000. Such bonds, in whole or part, could be purchased by the Provincial Government with money from the Consolidated Revenue Fund. The Government could also authorize the Board from time to time to issue other debentures to furnish funds for mortgage loans and such bonds could be guaranteed by the Province. The proposed Agricultural Development Board would make loans for the purposes of acquiring lands for agricultural purposes, erecting farm buildings essential to production, or paying insurance on life or property. Loans could be issued for any period from three to thirty years and must be on the amortization principle. A loan to any one person must not exceed \$21,000 and must have as security a mortgage on at least fifty acres of land, the amount of such loan being restricted to 65 per cent of the value of the security.

Accepts Deposits

The Agricultural Development Finance Bill, if passed by the Legislature, would empower the Provincial Treasurer to accept public deposits, paying thereon interest at a rate not less than 4 per cent per annum. Offices could be opened at various points in Ontario for the purpose of receiving such deposits. The Bill provides that funds raised in this way could be invested in loans to members of farm loan associations or in bonds or debentures issued by the Provincial Agricultural Development Board, or in Dominion, Provincial or Ontario municipal securities.

The three rural credit bills have been introduced following the findings of a Special Committee which reported recently on the subject. The Committee proposed that Ontario farmers organize, with private capital and under private control, a joint savings institution and land mortgage bank, that deposits be solicited from the public, that such deposits be guaranteed by the Government of Ontario, that they be made subject to withdrawal on the same terms as savings deposits in the chartered banks and that interest be paid on them at the rate of 4 per cent per annum. The Committee's plan was that such institutions should lend public deposits through the local farm loan associations to meet only so-called short-term credit requirements, and that the capital of the institution and money obtained by the sale of its debentures should be used for mortgage loans.
