HEADACHES Make Life Miserable

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbings, the intense pains; sometimes in one part, sometimes in another, and then again over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that **Burdock Blood Bitters** keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Lorian, Owen Sound, Ont., writes: "My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of **Burdock Blood Bitters**, and was very glad to notice a decided improvement in my health, so I took another and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy."

B. B. B. is put up only by the T. Millburn Co., Limited, Toronto, Ont. ADVT.

FULLER'S SPECIALS

Butter Special (Saturday only). Our Own Brand, per lb. 55c.

California Grape Fruit, 3 for 25c.

Fry's Bacon, per lb. 50c.

Buy advertised goods and buy them from the local merchant who advertises.

MOTOR BOAT WILL SOON BE NEEDED

Those who have motor boats for sale should advertise them soon as the season is coming when they will be in demand. A few dollars spent in advertising a boat usually brings results, if the price is right.

Advertising is often expensive, but it is nothing like as expensive as an empty store and idle clerks.

FAT AND ITS VALUE

Care used in saving and caring for all fat obtained from cooking meat in the home will save many a dollar which otherwise would have to be spent for butter, lard or other cooking fats. Fats derived from the cooking of broom hen, chicken, beef and other meats should be kept, each in its own receptacle, to be used for different purposes.

Household specialists in the United States Department of Agriculture say an old-fashioned method of clarifying fat from the soup kettle or from cooked meats, so that it may be used in the kitchen, is to add the cold fat to a liberal quantity of cold water then heat slowly and let cook for an hour or more. When cold, the cake of fat is removed and the lower portion, which will contain the small particles of meat, should be scraped away and the white, clean fat saved. If the flavor or color, or both are not satisfactory the process may be repeated several times. Another method often recommended is to cook a number of slices of raw potato in the boiling fat.

NEW SHOES FOR OLD.

When brown shoes begin to be rubbed off in places take some brown oil paint (tube paint such as artists use) and rub lightly over worn out places. Only a small bit on a cloth will make the shoes like new, and the oil keeps the leather soft. Do not use turpentine or the leather will stiffen.

HELPFUL HINTS.

Small clothespins are better than large and stay on more securely so that the wind does not blow the clothes away. Twice turned doughnuts are not so greasy as those turned once.

Paint on a window glass may be removed by solution of soda.

Wheat and oats, and grasses, too, make attractive trimming for hats.

Cleaning Enamel.

Take some warm water and a little kerosene oil, rub over the enamel and wipe dry. It will not harm the enamel.
