Dr. Chase's Ointment

Anaemia

Thin, watery blood is no more nourishing than thin, watery milk—skim milk.

But you can soon enrich thin blood, overcome the anaemic condition and build up the whole system by using Dr. Chase's Nerve Food.

Mrs. F. C. Simmons, 42 Curtis St., Brantford, Ont., writes:

"For about eight years I suffered from anaemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, seemed restless and was very worried or irritable. There was a buzzing sound in my ears. Indigestion was also one of my complaints, and I often was attacked by weak spells. I went to a doctor, who told me I was anaemic, but as I did not get any better I decided to try Dr. Chase's Nerve Food, and after the first box I felt brighter and my headaches completely disappeared. I continued using the Nerve Food for quite a while. I am quite well now, and cheerfully and gratefully recommend Dr. Chase's Nerve Food to people suffering as I did before I used this splendid medicine."

Shoes are Unnatural

See the deformed foot caused by the narrow shoe worn in childhood.

NATURE never intended us to wear shoes—she intended us to go barefoot. But because it is necessary to disregard nature in this respect, it is not necessary to cripple ourselves.

From early childhood some feet are deformed—bent out of shape by narrow shoes—crippled. Why let your child's feet be like this?

HURLBUT cushion sole SHOES allow the foot to grow as nature intended. The broad toe gives room to grow for every toe—the cushion sole gives a springy natural tread. The shoes are welted and insure the lowest cost per day of wear.

This is how nature intended the foot to grow—the Hurlbut way.

Write for booklet about Hurlbut "Re-built Service" and we will tell you the name of the Hurlbut dealer nearest to you.
