Chevrolet

OFFER

to Car Purchasers

Announcement made by Chevrolet Motor Company that it will make a cash rebate to all purchasers of "Four-Ninety" automobiles proving very popular with those who are in the market for cars. In the Chevrolet Sales yard, it is regarded as a bargain that 50,000 Chevrolet "Four-Ninety" cars will be sold by August 1st, in which the refund of \$70.00 open cars and light trucks \$100.00 on closed cars reach the total of \$60,000.00.

That this announcement has created great interest to purchasers is evidenced by heavy increase in sales during the last week.

IRISH PICTURES.

Editor Daily News:—In the issue of the Daily News of April 16 there were two pictures of scenes in Ireland with accompanying comment underneath which was mischievously misleading and altogether untrue. Terence Maeswiney was not imprisoned "for voicing his views in fighting for Irish freedom" as your comment says, but for overt acts and for conspiring to commit criminal acts.

The six Sinn Feiners who were condemned to death again were not hanged "for treason" but for cold-blooded murder. In many cases killing men in presence of their wives.

The Irish are not fighting "for freedom"—they are as free as any people in the world, as I think you know and more prosperous than most, as your pictures show.

Irish comment as you made under those pictures makes more trouble when there is too much already. If Ireland was in the middle of the Atlantic ocean and carried on as part of it is doing at present, I don't think the British Government would hesitate about letting the part that wants a republic have it, but what about the part that is loyal?

JAMES E. SCOTT.

(The Daily News made no comment in regard to the pictures. The reading matter was part of the engraving as it was published in the New York Herald and as it arrived here.)

OVER TWO AND HALF MILLION AT FUR SALE

Nutria and Squirrel Sold Well
But Bear Dropped
30 per cent.

SATURDAY'S BUSINESS
CLEARED \$480,000

NEW YORK, April 18.—Nutria vied with squirrel for first honors at the fur sale here Saturday. The total sales for the day were \$480,000, bringing the grand total for the week to \$2,610,000. Bidding for nutria was so active that prices averaged 35 per cent above the January sales figures, squirrel similarly averaged 7 1/2 per cent. German and Russian furs were unchanged. Wolf prices ran 10 to 20 per cent below the winter sale although quite a little buying for foreign consumption was said to have been done.

Northern wolf showed the smaller decline. Brown and black bear dropped 20 per cent from winter levels and more than 500,000 moleskins brought practically January prices. Raccoon was slightly weaker at the close of the auction.

President's Statement.

This statement was issued by Norman H. Bacon, president of the New York Fur Auction Sales Corporation: "Generally speaking, the sale was a great success. Prices were satisfactory for almost all articles. Only one or two important collections were neglected. There was a marked absence of speculative buying and an agreeable feature of the sale was the manner in which staple furs were absorbed. Payments and clearances have been made in good volume and it is evident that the trade looks forward to a good season."

The annual fall sale will begin here on September 19.

PROTEST AT LIGHT RATE

Trades and Labor Council Objects to Methods of Civic Financing.

The following is a copy of a letter sent by the Trades and Labor Council to the city council: "With a profit of \$30,000 on the municipal light and phone department, the city council decided not to reduce the present charges to the users of those utilities, on account of probable extraordinary calls on the city's finances during the present year. 'The Trades and Labor Council unanimously passed the following resolution in regard to the above: 'That this body strongly protest against this example of poor municipal business as being a direct tax on the small consumer of \$30,000 instead of an increase, if needed, of city taxes on property owners. We should suggest that some reconsideration be given to the benefit of the householders.'"

"During the discussion the small consumers' rate for light and phone, and the overvaluing 25c per month meter rent, were compared with other cities, to the disadvantage of Prince Rupert. A private company attempting to sell at this rate would be a target for public protest."

"This council appreciates the good intentions and capabilities of the present city fathers, but is of the opinion that this must have gone through near the conclusion of a trying session."

A. ELLIS, Secretary.

FELL FROM SIDEWALK, DIED FROM EFFECT AT KUMEON CANNERY

Word was received in the city on Saturday of the accidental death at Kumeon cannery of the three-year-old son of Kondo, a Japanese. On Friday night the boy fell off a sidewalk, dropping about ten or twelve feet and died from the effects.

Dr. Sagar was called and he investigated the circumstances. The body of the child was taken to Port Simpson Saturday afternoon where the funeral took place.

PORT EDWARD TO FISH BUT NOT CAN

The cannery at Port Edward will not be operated this year but the fishing from that point will continue as usual and the fish will be sent to the cannery at Port Essington. As there is a small pack expected this year it is thought it would not be profitable to operate all three of the other canneries this year. The other two are, one at Port Essington and the other the Komeon cannery near Port Simpson.
