Various matters of public interest were discussed by the meeting which was called primarily for the purpose of electing delegates to represent this riding at the provincial Liberal convention to be held next week in Vancouver. There was a large and enthusiastic attendance which was presided over by W. O. Fulton, president of the association.

## City Saves \$1500 By Exchanging of Railway Securities

The city council last night adopted a report from the finance committee recommending the acceptance of an offer from McDermid, Miller & McDermid, Vancouver bond-dealers, to exchange \$10,000 Pacific Great Eastern bonds at 4 1/2% maturing in 1942 for \$10,000 Northern Pacific bonds at 4 1/2% maturing in 1950 and bonus of \$1500, both being guaranteed by the Province of British Columbia and both being redeemable at par of exchange both as to principal and interest.

By accepting the offer, Ald. Coltart, chairman of the finance committee, pointed out that there would be a saving of \$1500 for application to sinking fund.

## Member for Vancouver Centre Describes Task Confronting Liberals

### With Political Freedom Won, Economic Deliverance Must Now Be Achieved, He Declares—Tolmie Action Dubbed as "Unparalleled Constitutional Monstrosity"

VANCOUVER, Sept. 27.—"Money must be dethroned as a dictator and must resume its real place as a servant of humanity," declared Hon. Ian Mackenzie, M.P. for Vancouver Centre, in a luncheon address to the Laurier Club here yesterday in which he set forth his conception of the tasks confronting Liberalism in Canada. He declared in favor of the establishment of a national bank to separate national financial policy from the private business of lending money.

Mr. Mackenzie described the Liberal party as the centre forward party, avoiding the extremes of reaction and radicalism. "The nineteenth century battle for political freedom being won, we must now dedicate ourselves to the twentieth century problems of economic deliverance," he declared.

What he described as the proceeding of Dr. Tolmie in clinging to office for another year after proclaiming publicly that his government had lost the confidence of the people and that his ministers had lost their own confidence was declared by Capt. Mackenzie to be a "constitutional monstrosity unparalleled in British history."

### Acrimonious Wrangle Between City Solicitor Jones and Ald. Casey

## Insults Charged

### Was All Over Opinion Regarding Working Out of Poll Tax

After a rather acrimonious wrangle between Ald. Casey and City Solicitor E. F. Jones, in the course of which each charged the other with constantly "insulting" him, a procedure which each felt was rapidly becoming intolerable and should cease, the city council last night laid on the table for two weeks an opinion of the city solicitor holding that the city had no legal grounds to accept work in lieu of cash payment of the \$5 poll tax which is required from those desirous of registering as householders on the civic voters' list.

The quarrel between Ald. Casey and Mr. Jones started when the former charged the solicitor with the habit of "renegeing" on his opinions.

Mr. Jones, asking the protection of the chair, was immediately on his feet and charged Ald. Casey with "deliberately insulting" him. Nor was it the only occasion that Ald. Casey had made such remarks, declared Mr. Jones, but he was doing it repeatedly. He thought, because he was an alderman, that he could say anything. "I think I have stood enough insults from Ald. Casey," declared the city solicitor.

Ald. Casey thought that, he too, had stood enough insults from Mr. Jones.

Rough grading was now in progress on Alfred Street between Hays Cove Avenue and Tenth Avenue, Hays Cove Circle, Green Street, Summit Avenue, the east side of Hays Creek to the fishermen's floats, the elevator road and Vanarsdol Street was now under way.
