

IMPERIAL Polarine MOTOR OILS

Quality maintains economy. No matter how much you pay "per gallon" for other lubricating oils you get more lubrication "per dollar" when you buy Imperial Polarine Motor Oils.

Maintains Economy

IMPERIAL Polarine Motor Oils save many thousands of dollars every year for Canadian motorists because of reduced operating expenses.

Imperial Polarine Motor Oils cut down repair and maintenance costs, reduce fuel bills and insure you for all time against excessive depreciation and repair expenses. Imperial Polarine quality maintains economy all along the line.

Measured by quality—gauged by actual miles of perfect lubrication each gallon will give, and by real motoring satisfaction, Imperial Polarine is the least expensive motor lubricant that you can obtain. The more carefully you check up costs, the more thoroughly convinced you will be of the advantages of using Imperial Polarine Motor Oils exclusively.

Standardize on the correct grade of Imperial Polarine Motor Oils. Consult our Chart of Recommendations at your dealer's or write to 56 Church Street, Toronto, for our interesting booklet, "Automotive Lubrication."

IMPERIAL OIL LIMITED

Branches in all Cities

For a Clean, Efficient Motor

Flush out your crank-case every thousand miles or less. Imperial Oil dealers displaying the sign on the right, will flush your crank-case with Imperial Flush-out Oil, a specially prepared cleaning agent for crank-case cleaning purposes. You save money in longer life and more efficient service from your motor by using this service.

WORLD SERIES CHATTERBOX

Sport Patrons Expect 1921 Games Will Be About Most Exciting in History.

NEW YORK, Sept. 26.—Base fans throughout the land have started their annual chatter-box the speculative forerunner of every World's series, the post-season classic of the national pastime. Patrons of the sport are predicting one of the greatest series in history.

Big Attendance.
An average of 25,749 persons attended each game in the seven-game series played last year between the Brooklyn Nationals and the Cleveland Americans. The American League team, led by the famous Tris Speaker, defeated Brooklyn 5 out of the 7 games. Three contests were played in Brooklyn and four in Cleveland.

The winners of the 1920 series follow:
First game, Cleveland 3 to 1.
Second game, Brooklyn 3 to 0.
Third game, Brooklyn 2 to 1.
Fourth game, Cleveland 5 to 1.
First game, Cleveland, 3 to 1.
Sixth game Cleveland, 4 to 0.
Seventh game, Cleveland, 3 to 0.

Stanley Coveleskie won three games for Cleveland, the first, fourth and seventh and gave two bases on balls in all of them. He allowed the Brooklyn batters five hits in the first game, one of which was a two-bagger by Zack Wheat. In the second game he also allowed the dodgers five hits, one a two-bagger by Griffith, the Brooklyn right gardener. The third was another five-hit game, with no extra base walkoffs.

Wambugans' Triple Play.
The most striking feature of the series was the triple play made by Wambugans, unassisted in the fifth game played at Cleveland on October 10. Wambugans, Cleveland second sacker, went through the series without an error. Olson had puts 12 putouts and 20 assists; Kilduff, 15 putouts and 28 assists; Wambugans, 22 putouts and 17 assists. Sherrod Smith hurled two games for Brooklyn and allowed but one run in each, yet the Clevelanders beat him by that one lone tally in the sixth game at Cleveland.

Smith's Home Run.
Elmer Smith, the Cleveland's right fielder sent the ball sailing over the right wall in the fifth game, at Cleveland, scoring three men ahead of him. All of those who crossed the plate before Smith had hit safely and Cleveland earned four runs in the first inning.

BARRING MAYFLOW FROM RACES EXPECTED

BOSTON, Sept. 24.—The action of the trustees of the North Atlantic Fishermen's trophy in barring the schooner Mayflower of this port from the proposed international championship races off Halifax, N. S. was no surprise to New England fishermen. The question whether the Mayflower, with the speed and lines of a yacht, would be accepted, has been discussed up and down the coast for months.

Fishermen back from the banks where she has plied the fisheries through the spring and summer have come back with word of sailing stunts that made the old salts of the fleet withhold entry of their vessels for the championship, conceding that the Mayflower was queen of the fleet.

Ball Games at Fair Smithers Thursday

The results of the baseball games at Smithers last Thursday resulted as follows:
Telkwa 10; Smithers, 8.
Kennedy's Colts, 11; Burns Lake, 7.

Football.
Telkwa 2; Smithers 1.
Telkwa is to play Hazelton tomorrow at Hazelton.

Harold K. Jefferson arrived from Rutledge last night and left on this morning's train for Port Essington.

SONS OF CANADA LOST SATURDAY

Defeated by All Stars for First Time in Season—Score 3 to 1.

The Sons of Canada suffered their first defeat of the season at football on Saturday afternoon when an All Star aggregation from the Senior League beat them by a score of 3 to 1. The match was a listless one and quality of play was not up to that of the regular league games. The Stars put up the better football, the Sons not seeming to have their heart in winning. All the scoring was done in the first half.

The play in the first half was very good and the Stars showed some splendid combination. Bob Stewart, playing in the left position, being the star of the team. He excelled his showings in any other game of the year. The Stars made their first score through Sid Hardy and E. Warren scored for the Sons. The second goal came for the winners when H. Menzies miskicked into the opposing goal. The last score for the Stars was made by Fanthorpe. In the second half, the Sons switched the positions of their players. The Stars played eleven men to the ten of the Sons.

There was a good crowd of spectators, tickets having been sold in advance. R. Mercer was the referee and the linesmen were A. Clapperton and Frank Vickers. The teams lined up as follows:

Sons of Canada—Thompson; V. Menzies and H. Menzies; Mitchell and Shakespear; Clarke, E. Warren, Moffatt, Lane and S. Butters.
All Stars—Martin; J. Stewart and H. F. Wearmouth; Mansell, Fanthorpe and R. Stewart; S. Hardy, E. MacIntosh, Westwood, Wiggins and Fanthorpe.

Sport Chat

It is gratifying indeed, to learn that the churches are to take an active part in this winter's inside sport program in the city. Church clubs in the various leagues, junior and senior, girls and boys, will be welcome and they cannot help but have a good influence generally being conducted under such auspices. The Methodist and Presbyterian Churches may have basketball teams while the Baptist is to go in more for the strictly physical training end. Church athletic clubs and leagues have proved very successful in other cities and, with proper organization and enthusiasm, there is no reason why they should not be in Prince Rupert.

For the first time on the Pacific Ocean, the game of shipboard golf was last week introduced aboard the Admiral Silver State. It is played with a mechanical device and is calculated to keep devotees of the famous outdoor sport in practice during long voyages to the Orient. In the centre of the main boat deck is anchored the apparatus to which is attached the golf ball to a strong wire. The ball is placed on a tee as in the regular game and the device registers the distance of the drive so that scores can be calculated. The interest displayed in the innovation promises to make the new game most popular and arrangements are being made to have it installed on other steamers.

A young lady writes to know if some good exercise to keep in trim during the winter can be suggested. Bedroom curling should prove interesting. Here is how it is played: Take an ordinary broom and after rolling a sheet or two of newspapers in a hard ball, toss on floor. Then proceed to manipulate the broom to and fro in front of and behind the paper ball. Give the ball a vigorous shove with the broom every now and then until a whole carpet has been gone over. A considerable quantity of dust will be collected in this game and this may be removed by an implement for the purpose known as a dustpan which mother should be trained to hand you at the end of the first chucker.
