

CAUSES
ACHES?"Prevents
Intoxication"

Intoxication means self-poisoning. It is a condition which can be prevented by the efficient action of the medicine which should be taken every day, by the blood, the stomach, the liver, the kidneys and the bowels.

It will always relieve the various ailments, made worse by the action of the poison, and gently on the system and skin and keep the body rich.

FIRE DEPARTMENT
ASKS TWO PLATOON
SYSTEM BE ADOPTED

Matter Is Left Over with Favorable Recommendation for 1922 Council.

The two platoon system for the local fire department was again brought up at the council meeting last night when a petition asking for permission to take the matter up with the Fire Committee was received from the firemen. The petition pointed out that the system had been adopted by 500 cities of the United States and Canada and was in use in six British Columbia cities. It would be an improvement on the present system and would give the firemen spare time. The chief had claimed that it could be adopted here with the addition of one man to the force. There would be four men on ten hour shifts and three fourteen hours at night. The shifts would change weekly and all men would be on call if needed without extra pay.

Ald. Parker asked if the proposal would meet with the approval of the underwriters. Ald. Perry replied that the addition of one more man would meet this end.

It was decided to leave the matter with a favorable recommendation for the consideration of the 1922 council.

TAX SALE PROPERTY
IS BEING BOUGHT IN

C. B. Bolivar is to be allowed to buy in lot 20, block 16, Section 8, on Eleventh Avenue near Bacon at the upset price of the recent municipal tax sale, \$30.91 plus interest since the sale at 8 percent. G. Cocone may also purchase lot 13, block 21, section 5, corner of Eighth Avenue and McBride Street at \$144.23 plus interest. Recommendations to this effect were brought before the city council by the Finance Committee last night and were adopted.

The Man in the Moon
SAYS—

EIGHT inches of snow in the Mountain Park coal mining district of Alberta. At the same time too warm here for an overcoat. What is the matter with the Prince Rupert climate anyway?

WHEN you retire an auto you replace the old one with a new one. So it is when an employee is retired. A new employee usually takes the place.

THIS is the sort of thing I am continually bombarded with. The waste paper basket is filling up and I must use some of them so here is one effort given for the benefit of the community as a horrible example:

Oh would I were a flapper
With a lovely coat of paint,
Or a nut with bearing dapper
And a tie to make you faint,
I would go to all the dances
I would mimic all the prances
I would ruin all my chances
And look like what I am.

Old John J. McGraw, part owner and manager of the Giants' National League baseball club, is sometimes called the "bone-head" of baseball on account of a number of errors, and the most of them only human, that he has made. But anybody who really believes that McGraw is a bone-head might just as well forget it for it certainly is not the case. If they say he is not gifted with second sight or something like that they might be a little nearer the case but they cannot say much more against him. Perhaps one reason for any criticism that may be levelled against McGraw is that he has been managing the Giants and has been in the public eye for such a long time. But did you ever notice that any man who is before the public for any length of time usually is criticized more than he is praised? His errors, however, unavoidable they may have been, are emphasized while his many good points and successes are generally lost sight of. And another thing about John J.'s mistakes, they weren't discovered till history had added several years to developments and had upset the most natural conclusions.

One of the things that McGraw must be very much put out about now is the performance of Walter Hoyt, the Yankee's star twirler, who has already accounted for two of the World Series against the Giants. McGraw had this lad on his line-up some years ago and let him go to the Boston Red Sox, from which team he was acquired by the Yankees. Hoyt never showed up much till late in this season and is just another phenomenon of the many that appear in the ranks of professional baseball. He has been a surprise package for nobody expected he would perform as he has done.

The winter activities of the Prince Rupert Fraternal Whist League commence tonight when the first of the ladies' games will be played. In the four years of its history the Whist League has gradually grown and is today providing good recreation for many during the long winter months. The games are interesting to a large number of people besides the players themselves. The Dybbahn Cup, emblematic of the city whist championship, is a perpetual-challenge trophy and can only be held only for a year by the winners. It was presented in 1917 by John Dybbahn, the president of the League.

The holders of the Dybbahn Cup for the four years have been as follows: 1917-1918, Valhalla; 1918-19, Knights of Pythias; 1919-20, Sons of Canada; 1920-21, Knights of Columbus. The following were the teams participating each year: 1917-18, Odd Fellows, Valhalla, Sons of Canada, Sons of England and Knights of Pythias; 1918-19, Odd Fellows, Valhalla, Sons of Canada, Sons of England, Knights of Pythias and St. Andrews; 1919-20, Valhalla, Sons of England, Sons of Canada, Knights of Pythias, Odd Fellows and St. Andrews; 1920-21, Knights of Columbus, Elks, Valhalla, Sons of England, Sons of Canada, Knights of Pythias, Odd Fellows, St. Andrews, Great War Veterans and Orange Lodge. The men's team for this year are Sons of England, St. Andrews, Elks, Sons of Canada, Valhalla, Knights of Columbus, Knights of Pythias and Odd Fellows. The ladies' teams admitted for the first time are: Valhalla, St. Andrews, Daughters and Maids of England, Rebekahs, Pythian Sisters and Royal Purple.

PRINCE RUPERT WAS
NAMED AT CONVENTION

Fire Chiefs of Pacific Coast Decide, However, to Go to San Francisco in 1922.

The city of Prince Rupert was placed in nomination for the holding of the next convention of Pacific Coast Fire Chiefs at the convention held in Victoria recently but on account of the fact that San Francisco in 1922 is to have the convention of World's Fire Chiefs that city also was chosen for the Pacific Coast convention. The nomination of Prince Rupert was placed by communication from the local city council and was seconded by Chief Collins, of Anacosta, Mon-

tana, an old team mate of Dan McDonald, the local chief.

The names of Prince Rupert and Wallace, Idaho, which also was nominated, were put on file for future dates. Chief McDonald, on his return home, stated that Prince Rupert would likely be selected for 1923.

GARDEN ISLAND CEMETERY.

Editor Daily News:

I would like to call your attention to one of the jokes in "The Man in the Moon" in Saturday's issue of the Daily News. You may not be aware that Garden Island is the cemetery of the early days and therefore is sacred to many a pioneer citizen of Prince Rupert, as it is the last resting place of their loved ones.

MACDONALD'S
Cut Brier

MORE TOBACCO FOR THE MONEY

FROM the moment Cut Brier was offered to the Public it was accepted by the great majority of smokers as an old friend.

For Cut Brier has in convenient form the Macdonald quality that has been known and preferred in Canada since the "fifties."

The Tobacco with a heart
