DAILY EDITION.

Wednesday, May 18, 1921.

Permanent Grounds For Fall Fairs.

The directors of the fall fair are making an effort to provide permanent grounds for the holding of the fair. That is why they are putting on the big hayseed dance tonight and monster tombola. Everyone who buys a ticket for the big event is helping on the movement for providing a suitable place in which to hold the fair. It is a worthy move and for that reason the Daily News is giving it unusual prominence.

There should easily be a thousand tickets sold for the tombola and those who hold tickets may also attend the dance if they wish. The articles to be given as prizes were donated by local merchants. It is for the citizens generally to respond by patronizing the affair and making it a great success.

Reserve Still On Coal Lands.

The report that the reserve had been lifted from the Fraser Lake coal lands seems to have been premature. Word received in the city is to the effect that the reserve is not yet lifted. It seems a pity that the coal mining industry, which means so much to Prince Rupert as well as to the people of Fraser Lake and to the railway, should not be allowed to proceed. Doubtless something will be done in the near future toward lifting the embargo.

Lord Findlay And Canada.

The appointment of Lord Findlay as chairman of the Royal Commission to enquire into the embargo on cattle importation to Britain will be, for more than one reason, of special interest to Canada. Lord Findlay will be 79 years of age in July, and his acceptance of the position is a further proof of how the veterans of the judiciary are ready in the present congested state of the nation's business to take on additional duties.

Lord Findlay, for some years before accepting the office of Lord Chancellor, appeared in practically every important Canadian appeal which came before the Judicial Committee of the Privy Council, yet it is less than two years ago since he made his first visit to the Dominion. He had a most cordial reception wherever he went, and delivered addresses in Montreal and Winnipeg which received the most respectful attention throughout the Dominion. In conversation with a representative of the Canadian Associated Press on his return to England he referred in the terms of the warmest gratitude to the great courtesy, kindness and hospitality extended to him in Canada. "I have brought back with me a vivid sense of the great future in store for Canada," his lordship said. "I did not get further west than Winnipeg, but was most deeply impressed with the immensity of the natural resources of the country that await development, and I cannot doubt the Dominion is destined to play a great part in the history of the world. This impression is deepened by all I heard of the west, and its boundless possibilities."

Navy of Empire In Future.

Writing to the Canadian Associated Press on what he terms the present naval crisis, Admiral Sir Cyprian Bridge remarks that until the last war our primacy on the sea was generally acquiesced in by great foreign powers. This of itself is proof that the Empire was not suspected of aggressive tendencies. It was seen to be what it really was, viz., an essentially defensive arrangement. The United Kingdom was obviously an insular state and, as the British Empire grew up, it was plain to everyone that the communications between its parts were maritime. Even the vast Dominion of Canada, with its thousands of miles of land frontier, has a long coast line on each side of two great oceans. What their armies were to the leading continental states of Europe the navy was to the British Empire. It is a truth admitting of easy demonstration that there was no foreign country too great to derive benefit from the international position and relative strength of that navy. Now it is no longer the navy of Great Britain; it is the navy of the British Empire, a name by which it ought always to be called.

R. R. No. 4, GILBERT PLAINS, MAN.

"In the year 1910, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds.

The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-tives".

I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. I am never without "Fruit-a-tives" in the house". JAS. S. DELGATY.

NEW SHOW AT WESTHOLME

Athlon Company to Give Two Dramatic Features in Addition to Pictures

In addition to six reels of the latest feature pictures, the Athlon Company, who have made such a hit here, will be seen in a dramatization of Mary J. Holmes' widely read novel, "Tempest and Sunshine," with Miss Edie Johnson in the part of "Sunshine," the little girl who radiates gladness wherever she goes. "Tempest and Sunshine" has the name of being one of the most interesting plays ever written, for the reason that it carries good wholesome comedy and heart interest in a manner that makes you a better person for having seen it. It is a pretty story of the south before the Civil War, with never a dull moment.

In addition the Athlon Company will present the thrilling play of prison life, "The Law and the Thief," which was written especially for them by Willis Sayre, dramatic critic of the Seattle Daily Times. This play portrays in a very vivid manner how a confirmed crook can be converted to the rule of law and order, all through a little child. "The Law and the Thief" is said to be one of the most intensely dramatic plays ever written.

In addition to all this excellent show will be heard Miss Dorothy Randall, who has justly earned the title of "Canada's Own Songbird," in her high class singing vaudeville act.

MUSICAL AUTHORITY ENTERTAINED AT PICNIC

Dr. Vogt Taken to Tugwell Island and Metlakatla Yesterday.

Dr. Vogt, dean of the faculty of music at the University of Toronto, was entertained at a picnic yesterday afternoon by Mr. and Mrs. Bryant and Mr. and Mrs. W. E. Williams on Mr. Bryant's fine launch Harla, the party going as far as Tugwell Island where the evening meal was served.

Returning, a call was made at Metlakatla where Dr. Vogt admired the church and played on the organ. The Indian gardens were very pretty, the polyanthus, forget-me-nots and other flowers being in full bloom.

Those in the party were Mr. and Mrs. Williams and children, Mr. and Mrs. Bryant and family, Mrs. Parkin, Mrs. Ward, Mrs. Dorton, Mrs. Blance and daughter, Miss Way, Mrs. Jack Barnsley and H. F. Pullen.

Dr. Vogt, while in the city, examined the pupils of the St. Joseph's Academy and Miss Way's class and also the two daughters of Mrs. W. E. Williams who are being taught by their mother. He returned east this morning.

TORONTO INSURANCE MAN ON FIRST VISIT

Lyman Root, of Sun Insurance Co., Arrived on Last Evening's Train

Lyman Root, of Toronto, Canadian manager for the Sun Insurance Co., of London, reached the city on last evening's train and after going North to Anyox on the Prince George tonight will continue on the same steamer to Vancouver tomorrow night. Mr. Root was highly pleased with the western section of the G.T.P. railroad and says that as a scenic route it is even superior to the C.P.R. He was also agreeably surprised to find, on his first visit here, such a large and prosperous community.

Ten Years Ago in Prince Rupert

May 13, 1911

W. H. Tully, port engineer for Foley, Welch & Stewart, and William Grant, fireman on the steamer Skeena, lost their lives yesterday while crossing the Skeena River between Kitselas and Kitsumkalum. Their row boat overturned.

The G.T.P. bowlers last night beat the Wanderers' Club by a score of 2373 to 2272. The players were: G.T.P.—Gracall, Melville, Chalmers, Mader and Edy; Wanderers—Aldous, Tobey, Beak, Peck and Mulvaney.

PRINCE RUPERT TIDES

Wednesday, May 18

High, 11:06 a.m., 18.2 feet.

23:17 p.m., 20.7 feet.

Low, 5:16 a.m., 5.1 feet.

17:10 p.m., 6.6 feet.

Thursday, May 19

High, 11:58 a.m., 18.8 feet.

Low, 6:06 a.m., 3.9 feet.

17:59 p.m., 6.6 feet.

The time used is Pacific Standard, for the 120th Meridian west.

It is counted from 0 to 24 hours.

from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.
