#### Let Walt Do It Is Good Motto.

The motto "Let Walt do it" is a good one sometimes. There are times when we have wanted to exhort readers of this paper to put on a bold front, to face the difficulties of life without flinching, and to keep on fighting, and to tell them that the man who is a quitter is a dead one. Then along comes Walt Mason and says the thing in rhyme and does it so cleverly that there is nothing for it but to let Walt do the exhorting. Here it is:

"A man's no older than he feels," I cry, in cheerful tones, as I limp by on aching heels, with stiff and creaking bones. And I imply, my friends, by this, that I am feeling young, that in my form no sparkplugs miss, no bolts are bent or sprung. My false teeth slide around my face, my truss is upside down, my liver pads get out of place, as I toil through the town. I have a crick along my back, and stitches in my side, and yet I cry no hoarse "Alack!" but meet men cheery-eyed; for they would rather hear me tell how young and blithe I feel, than listen for a weary spell to some unhappy spiel. I go to pieces very fast, my eyes are weak and dim, my neck is in a plaster cast, I need a wooden limb; I daily don a laurel wreath and haunt the busy marts, to buy me gutta serena teeth and other store-made parts. I need more extras than a Ford to keep me on my feet, and yet by me no man is bored as I jog down the street. For when they ask me how I am, I say, "I'd love you know, I'm young as Mary's little lamb, whose fleece was white as snow!" They look at me through kindly tears, and cry, "Long may you thrive! You're surely younger than your years, and very much alive!" If I began some dreary tale of sickness and decay, they'd wish I'd hit the long, long trail without an hour's delay.

#### Get Together Make Fair Success.

The annual fall fair is one of the occasions when the citizens of Prince Rupert can get together and make a great success. They can display that spirit of unity which is necessary in any thriving community. It is a time when everyone can throw aside political or other sectional feelings and join with the rest of the city to make the event a big one.

There is coming a political fight. Undoubtedly there will be a contest in this city. Citizens will take different sides and will vote as they feel is right. For a week, however, it will be well to forego the pleasure of electioneering and join in the big celebration. Everything points to a great success, but in order that the event may be one of which we can be proud it is necessary that there be a union of all forces. The civic spirit should be given opportunity for full play. Let us get together and make the fair a success.

#### Get Out What We Put In.

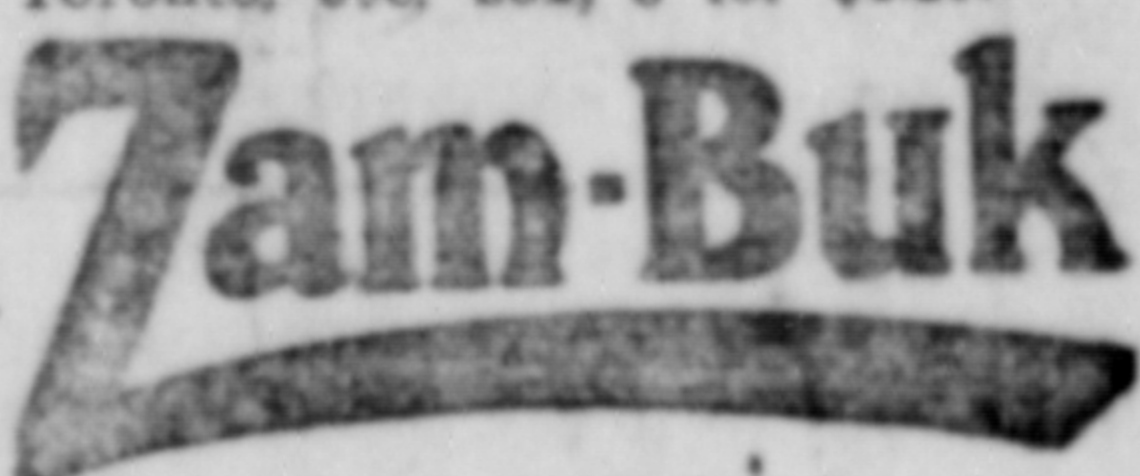

This is an age when it is difficult to get something for nothing. We usually get out of anything what we put in. When the Chautauqua opened here the young lady in charge told the people that the Chautauqua would be just what they made it, nothing more and nothing less. If they decided to make it a success, a success it would be. So it is with the exhibition. It will be just what we make it. If we are willing to sink our jealousies and differences of opinion and get together for the common good the fair will be an event to be remembered.

# 33

YEARS ago an ulcer appeared on my ankle," writes Mrs. Jeffrey, of Methuen, Mass. "In spite of all the remedies I used, it spread to my knee, and I needed an operation. I had medical treatment for twenty-five years, but only got temporary relief. The pain I suffered was terrible, and for years I was unable to leave the house.

"One day I saw in a newspaper an account of a bad ulcer having been cured by Zam-Buk. Although I was skeptical, now, of anything curing me—having tried so many remedies in vain—I decided to give Zam-Buk a trial. I applied the balm freely every day and to my delight the sore soon showed some improvement. Gradually the inflammation was drawn out, the pain was eased, and, after thirty years of suffering, I realized I was on the road to recovery. With perseverance, the awful sore was finally completely healed, and, although that was three years ago, there has not been the slightest trace of the ulcer returning."

Zam-Buk is the best remedy, also, for eczema, boils, pimples, blood-poisoning, piles, burns, scalds and cuts. All dealers, or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25.

### LOCAL LAWYER WINS A PRIZE

L. W. Patmore Gets Cup for Being First Grandfather in His University Class.

L. W. Patmore, the local barrister, recently received from Toronto a loving cup significant of a unique honor of which he is justly proud. The cup was put up by the University of Toronto graduating class of 1895 to be presented to the first member of the class to become a grandfather. Mr. Patmore was the winner. The reason for the honor is the little daughter of Mr. and Mrs. R. Walker, of Vancouver, Mrs. Walker being the daughter of Mr. Patmore.

In becoming a grandfather, Mr. Patmore has beaten several prominent men in world affairs of today. Among them are Sir Hamar Greenwood, secretary to Ireland, and Hon. W. L. McKenzie King, leader of the opposition in the Canadian House of Commons. Both of these men were members of the '95 class. The latter is still a single man.

### TEACHERS REPORT TO SCHOOL BOARD

Are Quickly Becoming Established in Various New Locations.

The heads of the various departments of the city schools were in attendance at the meeting of the School Board last night, and made reports on the work of becoming established in the new locations.

Miss A. B. Marcellus, domestic science teacher, asked for handles for the electric stoves. It was decided to order a dozen of these from Pattinson & Ling at a cost of \$4.50 each. Miss Marcellus stated that the new domestic science quarters at the William Booth School were not yet in running order but the placing of the equipment was well under way.

E. H. Shockley, manual training instructor, reported that his new machinery had arrived yesterday. He was authorized to order lumber to carry on with.

Principal Brady of the High School reported that there were 95 pupils in the High School, with 16 in the commercial class. He asked for more chairs for the library and music room.

Advertising is often expensive, but it is nothing like as expensive as an empty store and idle clerks.

### NEW TEACHER FOR SCHOOLS

Three Are Necessary for Receiving Classes—96 Beginners at Two Schools.

The School Board at its meeting last night authorized the appointment of an additional teacher to the local teaching staff to relieve congestion in the receiving classes. Principal Campbell, who was present at the meeting, reported that there were 96 beginners in the two public schools, 48 in each. These two classes were too large and should be divided into three. It was decided to put one of the teachers on the present staff into a receiving room and appoint another to take the position in a higher grade. At the present time the pupils in the receiving classes were attending half days. With the appointment of the new teacher they will have full time.

Policy of Principal.  
Mr. Campbell outlined several of his policies at the meeting and the board went on record as standing behind him on these policies. Beginners are to be admitted twice yearly, in September and January. Another plan of Mr. Campbell's is to have the receiving class teachers advance with their pupils for the first two grades. Thus the teacher of a receiving class in September will carry on the second term with the same pupils and another teacher will take up the beginners in February. He said that all schools should have two receiving class teachers so that this system can be followed out.

Mr. Campbell is finding considerable work defining boundaries for the various schools.

### DISPUTE REGARDING ELECTRICAL WORK

Pattinson & Ling Object to Another Firm Being Called to Tender on New School Work.

### DISPUTE REGARDING ELECTRICAL WORK

Pattinson & Ling Object to Another Firm Being Called to Tender on New School Work.

Representatives of the electrical firms of Parkin & Ward and Pattinson & Ling had a tilt at the school board meeting last night over the granting of additional wiring to be done at the Sergeant William Booth School.

Since the completion of the main contract by Pattinson & Ling another job which will amount to about \$150 has been found necessary. Architect Potter has asked both Pattinson & Ling and Parkin & Ward to tender on the work.

Captain Formby, representing Pattinson & Ling, felt that his firm was entitled to give an estimate on this work, it being an extra on the main job. It was customary on big jobs to give such work to the contractors who had done the main contract. He did not see that it was necessary to call in an outside firm to tender.

Supplied Motor.  
A. T. Parkin, representing Parkin & Ward, said his firm had supplied the motor which was now to be wired and the job had nothing to do with the main contract.

Trustee McMeekin moved and resolution that Pattinson & Ling be given three days to tender on the work.

Mr. Formby stated that under the conditions his firm would not consider tendering.

"Behold My Wife," from Sir Gilbert Parker's book, "The Savage," Westholme tonight.

### Ten Years Ago in Prince Rupert

September, 9, 1911.

H. S. Clements, conservative candidate for the Federal election and Mayor William Manson left today on a campaign trip which will take them as far up-river as Hazelton.

A petition from residents in the vicinity of Hays Cove Circle asking that Sixth Avenue be continued through the circle was read at the council meeting last night. The petition was referred to the Board of Works.

Over 80,000 cases of salmon have been put up on the Skeena River this year according to incomplete figures which have been compiled.

# Sewing Week

## Special Attraction ALL THIS WEEK

## DRESS PATTERN FREE

TO INTRODUCE to every woman in the city the wonderful values we are offering, we will give with every purchase of Dress Goods, one of the famous Ladies' Home Journal Dress Patterns, of your own selection,

# FREE!

### \$10 CASH OFFERED FOR THE BEST LOAF

In addition to the prize offered at the Exhibition, mentioned in the prize list, another prize of \$10.00 cash is being offered by Roberge & Woods for the best loaf of bread baked with Robin Hood flour. Entries for this \$10 prize will be made in the usual way with the Exhibition secretary and the loaves will be exhibited at the Fair. These loaves must be baked with Robin Hood flour, and the entrants must have a receipt from their grocer for the purchase of the flour, attached to the loaf. These are the only conditions.

The prize is open to anyone who bakes bread, and there is no limit to the number of entries. Judging for this prize will be done at the Fair by the duly appointed judges. 213
