## Should Encourage Shipping to Come.

The announcement made by J. W. Nicholls, controller at the cold storage plant, that a shipping firm might come here regularly if it could secure 500 tons of freight each trip, is a most interesting one and it is to be hoped the Trade and Commerce Committee of the Board of Trade will lose no time in taking up the matter with them. With the new dock almost finished and with the development of the business of the district, it would seem to be an easy matter to secure that much cargo. It might pay the city to put a good man on the job at once to arrange with fish packers, canners and others to make shipments by that route.

It might seem at first sight as if a shipping concern coming here would take much business away from the railroad. It must be remembered, however, that for the long haul much freight is being sent to Vancouver and transferred there, to the great disadvantage of local shippers and with damage to the goods. If the ships once commenced coming here they would be an encouragement to local business and some of them might carry shipments of lumber and thus help keep our mills going. With the starting of the pulp mill, another industry would provide freight for vessels for the east coast or the United Kingdom.

## Let People Develop Country.

There is at Burns Lake a group of men who are anxious to drill for oil. They wish to spend their own money in putting down holes to test the country. They are finding it difficult to secure licenses, after having complied with all the necessary forms. It seems difficult to understand what the objection could be.

The people of Burns Lake are very much disturbed over the refusal to grant the licenses. It does seem queer that the possible industries of the country should be tied up when people are willing to take a chance by spending their money in development. There may be some good reason for refusing, but if there is, the people should be told. As it is they are feeling very sore with the provincial government. We want to develop all the coal and oil and other natural products that are in sight and the Government we fancy should be very diffident about taking any action which would retard such development.

## Irish Settlement Seems Possible.

The people of the country are undoubtedly looking for great things from the coming conference between the Irish leaders and the British Government. Undoubtedly the Sinn Fein Irishmen feel very strongly or they would not take the chances they run every day of being shot or imprisoned. On the other hand the feeling is just as strong on the other side.

There was little hope of a settlement as long as the leaders refused to get together and talk things over. Now that they have agreed to this there is every hope of a settlement. People in this country all hope that strife in that country will cease and that from this time on Ireland will return to industrial pursuits as an outlet for their surplus energy.

## When Will Dominion Election be Held?

A question which is agitating some of the people is when will a Dominion election be held? The Daily News has given an opinion that it will be in the late spring or summer of next year. Nothing has since happened to change that opinion. It is possible it may be earlier but not likely. The Meighen Government sees nothing to gain by haste and there is always the hope of something turning up which may aid them. At present the outlook is blue and it can hardly get worse whereas it may possibly improve. Meighen is a much more active man than his predecessor in office and he may count on starting the country with a line of policy that may touch the popular fancy. If he could but get a flag big enough and wave it widely enough, he might yet carry the day. The difficulty is to get the flag and the cause in which to wave it.

## THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

159 Avenue Plus IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured."

At this time, a friend advised me to try 'Fruit-a-tives' and I did so. After taking two boxes of 'Fruit-a-tives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well.

My digestion and general health are splendid—all of which I owe to 'Fruit-a-tives'.

GASPARD DUBORD.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

JOHN H. McMULLIN, Administrator.

## LAND ACT.

## Notice of Intention to apply to Lease Land.

In Range 5, Coast Land District, Recording District of Prince Rupert, and situated in Middle Passage of the North West shore of Kennedy Island.

Take notice that I, Alfred E. Wright, of Prince Rupert, B. C., occupation land surveyor, intend to apply for permission to lease the following described lands:—

Commencing at a post planted on the east end of the Sand Bar known as "Base Sand," 40 chains west of the North East corner of Lot 528, Range 5, Coast District; thence around the entire Sand Bar, taking in all that part above Low Water Mark, and containing 200 acres, more or less.

Dated this 1st day of April, A.D. 1921.

ALFRED E. WRIGHT.

## PONTOONS AT DRY DOCK ARE BEING CLEANED

This is First Time This Has Been Done Since They Were Launched.

The Wallace Shipbuilding Co. is at the present time engaged in repairing the pontoons at the local dry dock. It is the first time since the pontoons were first put in that this has been done and it has been found that some of them were rather badly in need of fixing up in various ways. The work consists in taking them out, section by section, from the water, scraping, cleaning and repairing them, and then putting them back again.

Work on the Canadian Scottish and the Canadian Thresher is proceeding satisfactorily. On the former vessel the engines and boilers are now aboard and the funnel has been put up. Those who have seen the funnel say that it appears rather small. This is true in a way. It is thought that it will be satisfactory in width but it may have to be longer than the present plans call for to provide sufficient draft for the boilers. The putting on of plates and general hull work on the Canadian Thresher is proceeding with dispatch.

## BIG K. C. PICNIC ON FOR TOMORROW

If Weather Is Fine Event Promises to Be One of Great Enjoyment to All.

To celebrate the first anniversary of the establishment of their council in Prince Rupert, the Knights of Columbus will tomorrow hold a monster picnic to Tugwell Island. Many have expressed their intention of going along and now the only requirement for complete success will be kind treatment from the Weather Man. All arrangements are in capable hands and everything is in readiness for the complete enjoyment of the day by all.

There will be a complete list of sport events for old and young and fine prizes are provided for the winners. It will be possible to run these races with every convenience on the sandy shores of the Island.

There will be plenty of refreshments. Coffee, ice cream, and other delicacies will be served free and all the excursionists are asked to bring the cups and basket lunches.

The boats will leave the Prince Rupert Boat House at 9:30.

## PRINCE GEORGE

Bishop A. U. de Penier, of Vancouver, was a visitor here at the first of the week. He confirmed eight candidates for St. Michael's Church.

Miss Ruth Pyne has gone to Vancouver to spend a holiday.

Mr. and Mrs. P. E. Wilson and family have taken the Jackson house at West Lake for the summer and are now residing there.

The wedding was recently solemnized here of Miss Harriet Baker, of Ottawa, and John Feren of this city. Rev. William Graham officiating. Mr. Feren is the C. N. R. agent here.

## Ten Years Ago in Prince Rupert

July 9, 1911.

The Prince Rupert Hydro-Electric Co. has signified its intention to go ahead at once with the installation of a gas works and power plant near Prince Rupert.

Mrs. G. L. Proctor, wife of the foreman of the construction of the Quarantine Hospital at Digby, was unfortunate enough to break her ankle at the Island last night. Dr. Tremayne brought the injured lady to the local hospital in the launch Evelyn.

Miss Mary Alice Bolen last night became the bride of Ernest A. Love, city utilities superintendent. Rev. F. W. Kerr performing the ceremony.

## The Man in the Moon SAYS:-

The reason women's hats cost more than men's is because of the extra cost of selling them.

THE sun shines on the just and the unjust—that is in Palestine.

WOMEN are said to be braver than men. At any rate they are daring when it comes to dress.

THE news despatched yesterday set people a gossiping about elections.

THE expression "early election" should be interpreted as meaning "early next summer."

H. H. STEVENS has been mentioned as a possible cabinet minister, but what about the elections of Vancouver. Will they again back the present government. That is the chief worry of Mr. Meighen.

## DOCTOR LOSES HIS LICENSE FOR ISSUING 9,000 PRESCRIPTIONS

TORONTO, July 9.—Dr. Theo. Coleman, of Hamilton, Ont., was today suspended by the Ontario Medical Council from the practice of his profession for six months. Dr. Coleman was found guilty by the medical council of "infamous and disgraceful conduct in the practice of his profession." The charge against him arose out of his conviction at Hamilton of having issued 9,000 prescriptions for liquor within three months' period.

The discipline committee which recommended to the council the six months' suspension was inclined to deal leniently with Dr. Coleman, but felt that some disciplinary action was advisable. Dr. Coleman had told the committee, it was stated, that he had understood that medical men were limited to 100 quart prescriptions in a month, but were not limited in the number of six and eight ounce prescriptions. The committee found that Dr. Coleman had not exceeded the limit so far as 100 quart prescriptions were concerned.

## PRINCE RUPERT TIDES

Saturday, July 9.  
High—3:57 a.m., 20.9 feet.  
16:14 p.m., 20.3 feet.  
Low—10:17 a.m., 2.2 feet.  
22:43 p.m., 5.5 feet.  
Sunday, July 10.  
High—4:53 a.m., 19.5 feet.  
17:38 p.m., 19.9 feet.  
Low—11:06 a.m., 3.6 feet.  
23:33 p.m., 6.0 feet.  
Monday, July 11.  
High—5:54 a.m., 18.1 feet.  
18:35 p.m., 19.3 feet.  
Low—12:00 p.m., 5.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

## COAST DISTRICT, RANGE 5—DISTRICT OF PRINCE RUPERT.

TAKE NOTICE that I, Charles Purdy, intend to apply for a licence to prospect for petroleum on the following described lands:—
