VIRAS IS COMMITTED FOR TRIAL CHARGED ATTEMPT AT SUICIDE

Physician Testifies That Accused Has Mentality of Child of Five Years.

N. Viras, Serbian, charged with attempted suicide by cutting his throat with a knife, appeared for preliminary trial in the police court this morning and was committed for trial. Accused is now out on $200 bail, this having been granted by Magistrate McMordie on recommendation of City Solicitor T. B. Hooper. Nick Gurvich is bondsman.

Evidence was taken this morning the witnesses being Constables Alex Macdonald and William Bourne and Dr. J. P. Cade. The officers testified as to the circumstances of the throat cutting incident in the city jail which were described at the time of the occurrence. Dr. Cade stated that the attempt had nearly been a successful one and the man had had a narrow escape. Viras had been peculiar for years he knew. From observation in the hospital he would say that his mentality was subnormal. He was not insane exactly but he was mentally more like a child of five years of age. He had had no hallucinations. On being asked if he had any question to ask Dr. Cade, Viras, through Nick Gurvich, interpreter, said that the doctor's statements were correct.

EVERYONE IS LOOKING FOR A PULP MILL

Valuable Timber of Almost all Can Be Converted Into Paper.

The most interesting thing to Prince Rupert people about the timber of Northern British Columbia is the possibility of grinding it into pulp. Everyone knows of the formation of the Prince Rupert Pulp and Paper Co., and of the efforts being made to get the big mill started, a mill large enough to make 40 tons of pulp a day. At this time when there is a possibility of the shipbuilding yard shutting down we are looking for the pulp mill to take its place and to be followed later by a large paper mill that will convert into the finished product the pulp that is made here. It cannot be done however without power and when such a time comes the company will have to have its own hydraulic supply.

There is an almost unlimited supply of timber in the north country and probably the largest holder of all is the Prince Rupert Pulp and Paper Co.

Valuable Wood.

The most valuable of all the woods, valuable because scarce, is the Sitka Spruce of the Queen Charlotte Islands. It produces high grade clears suitable for aeroplane manufacture and other purposes, mercantile timber for export and the lower grades make excellent pulp wood. It is only by combining the pulp and lumber business that the best results can be obtained.

There is another spruce, growing mostly on the mainland known as Engelman's spruce which is useful for building material, for boxwood and for pulp.

Western Hemlock is a wood that is not well know. It is often confused with the eastern hemlock which is a poor grade timber. The western can be given a finish equal to fir and is also useful for box lumber. For use as railway ties it excels all others.

Larch is an excellent box lumber and can also be ground into pulp.

Cedar, the wood of which shingles are made and posts and telegraph poles also make lumber that is good for boat building and other purposes.

A short distance inland is cottonwood in large quantities that is destined to be used for box wood and other purposes.

All these timbers are grown within reach of Prince Rupert and can be manufactured. At present most of the lumber is shipped away in its rough state as planks. If it were manufactured here it would provide employment and be a source of wealth to the community. Several planing mills have been erected in this city but only one is at present in operation, that of E. H. Shockley.

LOCAL THEATRE CANCELS FILM

Fatty Arbuckle Will Not Be Shown Here Tomorrow and Thursday as Booked.

On account of the sordid affair at Los Angeles last week resulting in the death of Miss Virginia Rappe in which Roscoe "Fatty" Arbuckle, the celebrated comedian, was involved the management of the Westholme Theatre here has cancelled the film "The Travelling Salesman" which was to have been shown tomorrow night and Thursday and in which Arbuckle is the star. Paul Aivazoff, manager of the teatre, has wired to the exchange to this effect. Feeling against Arbuckle, as a result of the affair, has become quite strong and the local theatre is taking the same action that is being followed in many cities in connection with Arbuckle pictures.

In place of this play, the Westholme will offer the First National production "The Fortune Teller," with an all star cast.

BAPTIST LADIES HAD SUCCESSFUL SALE AND TEA

The Ladies' Aid of the Baptist Church yesterday afternoon held a very successful sale of home cooking and fancy work in the Red Cross Hut. Tea and cold lunches were also served. With all expenses paid there will be about $45 netted.

Mrs. James Hampton was convenor of the committee and was generally in charge. Mrs. J. S. McDonald looked after the serving, Mrs. Paulsen the fancy work and Mrs. G. Hibbard, home cooking. All the ladies of the Aid contributed donations and assisted generally.

Flavor and Body

Beer, the traditional beverage of the British people, is not only a refreshing drink, but at its best, a stimulating and nourishing food. Best among beers, because of its distinctive flavor and sparkling, appetizing appearance, is the splendid home product,

RITANNIA BEER
T BE BEAT

Britannia is distinguished by a delicious "tang," and a most satisfying strength and "body." It is carefully brewed under ideal conditions and, as suggested by its name, **is always reliable.** There are no "bad bottles" of Britannia. Every glass alike refreshing, delicious, satisfying.

Insist upon Britannia. Order it from your Government Liquor Store.
