Change of Water WAS THE CAUSE OF DIARRHOEA

People moving from place to place are very much subject to diarrhoea on account of the change of water, climate, diet, etc. Prompt treatment with

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

In such cases relieves the pain, checks the diarrhoea, and thus does away with the suffering, the weakness and oftentimes collapse associated with an attack of this kind. It does this by checking the too frequent and irritating stools, settling the stomach and bracing up the weakened system, thus rendering it without a peer for the treatment of all bowel complaints of both old and young.

Mrs. Ernest S. Beaton, Grayburn, Sask., writes:—Coming out here from the East, my two little girls took very sick, the change of water, etc., giving them diarrhoea. They were so pale, and used to vomit everything they would take, so I finally got a bottle of Dr. Fowler's Extract of Wild Strawberry, and I must say it certainly helped them. I have also used it when my children were teething and it is all you claim for it."

75 years reputation stands behind this remedy. Price, 50c. a bottle. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

MacLean's Magazine for September 1, has a two-page spread with illustrations telling of the fish business of Prince Rupert. It gives a good resume of the fish for fish cars, the shipments made from this port and particulars regarding the catching, packing and shipping of the product of the sea.

The pictures show the fishing boats at the docks, the packing and handling of the fish and a big fish train pulling out of the yard. It is a fine advertisement for this city and is a useful number to purchase and send away to friends.
