You save ney in longer life and more ficient service from your motor using this service.

WE GIVE IMPERIAL Polarine MAKES A GOOD CAR BETTER CRANK-CASE SERVICE

Sport Chat

Although the Basketball League has not yet held its initial meeting for the season, great preparations are bing made for the resumption of the winter sport and enthusiasm is strong both among seniors and juniors. The girls are getting ready to start and have already applied to the Agricultural Association for the use of the Fair building on certain nights. It is not likely that the Senior League will use thtse quarters this winter if any other place is available. It was found last winter to be inconvenient in location for the public and it was also too cold. It is thought that increased attendance would cover cost of renting some other premises. Nothing definite will, however, be decided until a meeting of the league is held. This should take place some time next week.

• • •

There is going to be a big number of teams in the field as has already been indicated. The Sons of Canada are to have three teams—senior, intermediate and girls. The Maple Leaf Girls of last winter will come under the banner of the Sons this year. The Callies, it is understood, will follow suit with three teams. The Great War Vetérans will likely be represented in the Senior League and the Ladies' League. The Elks will put in a Senior team. What the Sons of England are going to do about basketball has not yet been announced. The Colts will have an inttrmediate team and the Telephone Girls will again be in the Ladies' League. It is planned to have the first half of the league schedules over by Christmas time but if this is to be done the management will have to get busy with its organization work very soon.

• • •

Another new game to keep the girls in training during the winter—parlor golf. A neat costume for this popular sport consists of short skirt or bloomers, and a towel tied around the head completely covering hair. Parlor golf is played with a full bag of clubs, including mop and duster. The mop is used in the rough and the duster on the greens. Some players use a step ladder for some of the higher shots but for the beginner it is better, perhaps, to play the simpler game first. Mother will be delighted to caddy for you in this entrancing sport and can be called on for advice in difficult places. In playing the duster do not raise the club higher than the shoulder and follow through with a long slow wipe.

TILDEN BEATEN BY ANDERSON, AUSTRALIA, IN PROLONGED MATCH

CHICAGO, Sept. 26.—J. C. Anderson of Australia defeated William Tilsen, world champion in a prolonged five set match on Sunday. The scores were 3-6, 6-4, 6-2, 1-6, 19-17.

The victory gives the western contingent the annual east-west series which concluded Sunday.

MORSE CREEK FOR SKATING

Agitation Again on Foot to Have It Put in Shape—Cost would Be Small.

An agitation, which is receiving the support of all organized bodies in the city who are interested in winter sports and athletics, is on foot to have the Morse Creek pond again put in shape for skating. It is felt that now is the time the matter should be dealt with while the heavy rains are on and before cold weather sets in.

It is estimated that the work will cost little and the sum of $75 would be all that would be required. This would cover the cost of patching up the present dam and adding two feet to its height so that the pond would be widened considerably and stumps would be covered. An attempt to put it in shape was made last winter but the work was commenced too late and the result was that it did no good for a hole was blown in the base of the dam and the water ran out as soon as the frost came.

It is pointed out that the use of the Salt Lakes for skating purposes is not convenient for most people. In the evenings, when many people would skate on week-days, it is uncomfortable to travel across and it takes up too much time. The Morse Creek pond can be made into a suitable and convenient place one to which people can go in the afternoons after working hours and before dinner. In view of the small estimated cost and the great benefit which it would provide it would seem altogether the proper thing to do to get the place in shape immediately.

BIG NATIONAL HOCKEY LEAGUE

Proposal to Have Association to Govern Professional Game in Canada.

PRAIRIES TO ENTER

OTTAWA, Sept. 27.—The Canadian National Professional Hockey Association will be formed in a few weeks to govern hockey in this country from coast to coast. Admission to this association of the Alberta Hockey Association with the right to enter teams in the big league is almost certain. Saskatchewan is also sounding the leagues for admission to the league to be formed in that province so that there may be a chain of professional games, somewhat along the line of the baseball league games with finals at the close of teh season.

ARRANDALE MANAGER IS GOING SOUTH

Mr. and Mrs. W. E. Walker Are In City Today on Camosun En Route to Vancouver.

Mr. and Mrs. W. E. Walker, of Arrandale, are in the city today on the Camosun southbound for Vancouver, where they will spend the winter. Mr. Walker, who is manager of the A.B.C. Packing Company's cannery at Arrandale, states that packing for the season at the mouth of the Naas River is now done. Many of the officials of the various canneries are still in the north but will soon be coming out. The most of this year's pack has already been shipped south.

DREAMS OF DIVING; FALLS FROM WINDOW

VANCOUVER, Sept. 27.—Samuel Irvine, homesteader visiting town as guest at a local rooming house, dreamed that he was diving from the Victoria bridge in a parachute. When he recovered his senses he was in the Sisters' hospital with two broken ribs. He was found on the ground outside, after falling one story from his bedroom window. Irvine was an aviator in the war. He says he often dreams of flying and diving and became a somnambulist since leaving the service.
