

The Brunswick All Phonographs in One

This is the phonograph of exclusive features and distinctive beauty. Play- ing all records by means of the famous "Columbia" Reproduction, it requires but a turn of the hand to adapt it to the Edison, Victrola, Columbia or Pathe discs.

The allwood tone amplifier is another feature making for beauty and purity of tone. The cabinets are of unusual beauty and in a wide range of designs. Every Brunswick is an exquisite union of art, musical and utility.

You are cordially invited to see and hear the various models and compare with all other phonographs.

MAYOR'S REQUEST.

I would respectfully request that all citizens observe the two - minute truce at 11 o'clock on Armistice Day, November 11, to commemorate the Anniversary of the actual close of warfare on the Western Front. Also that everybody wear a poppy on "Poppy Day," Saturday, November 12, thereby honoring the dead.

Every poppy sold will bring some comfort to the sufferers in the war-ravaged districts of France. It has been said: "A prayer of blessing upon the wearer is breathed into each poppy by the women and children engaged in the work."

Buy a poppy and thus share in that blessing.

H. B. ROCHESTER, Mayor.

Waltham Watchwords

Saving Daylight

A GOOD deal of daylight is lost because of people not being absolutely sure what the time is. If you want to keep an appointment at 8:45 it's mighty confusing when the kitchen clock says 8:05, the living-room time-piece registers 8:32 and your watch declares it to be 8:14. If you get there too early you lose time. If you're late the other man blames you for losing his time. Uncertainty means loss of time all round. The best thing to do is to carry a Waltham. Because of its unflinching accuracy a Waltham Watch is one of the best devices in the world for saving daylight.

Waltham Watches in a great variety of styles for ladies and gentlemen always in stock. Prices from \$25.00 upward.
