The billiard and snooker tournament, taking place among the members of the Wanderers Club is proceeding apace. The third rounds of each now are in the course of being played off. In the former Harry Thrupp was defeated by Fred Stephens Tuesday evening, and the three following games will probably be played off by tomorrow night. Harper vs. Hilditch; Alivazoff vs. Nelson and Wilson vs. Stork. The drawings for the Snooker games resulted as follows: Howe a bye, Domahue vs. Hooper, Tinker vs. Hill; won by the former, and Hilditch vs. Roberge.

The hockey rules have been changed to allow of no more than twenty minutes overtime in case of a tie. Sixty minutes is the regulation time for a match and at the end of eighty minutes if the teams are still tied the game will be declared a draw, each team to count half a win.

There will be three teams in the coast hockey association this year, Vancouver, Victoria and Seattle. Each team will play ten home games, the first to be at Vancouver on December 5.

Frank D. Armstrong is trying to have Tex Rickard's organization declared bankrupt because of an alleged debt of \$10,000 incurred in promoting the Johnson-Jeffries contest.

Jack McAuliffe is to visit Ireland to try to secure boxers in that country. He wants a light-weight and a heavyweight. The U.S. boxers need some new life put into them, and there doesn't seem to be much to be got in England.

The astute Tom Robinson, swimming coach at Northwestern University, pondered on how to inveigle co-eds into the swimming tank at Patten gymnasium, then he issued this statement: "To swim is the easiest manner to become beautiful. Complexion improves, wrinkles disappear, and one's body gets exactly the proper amount of exercise to develop it most perfectly. Swim and achieve beauty." Extra classes have been formed.

COMPETITION VERSES SHOULD BE SNAPPY

Writers Asked to Get Away From Stereotyped Forms of Expression.

There is too much of a similarity between the verses received in the competition and those usually seen on Christmas Cards. In the first place there must be a local application and in the second it is desirable that the verses have local color, which means more than the mere mentioning of the name in the verse. Other things being equal the verse that is original in form and phraseology is most acceptable. Following are some of those received:

Christmas Greetings. When the snows lie white And the moon shines bright When the Christmas candles glow When the feast is spread, And the Holly red Is twined with the mistletoe.

From the far, far west, O'er the mountain's crest, Come Christmas greetings again; And our song that's sung And the wish outflung Is Good Will Unto Men.

All Good Wishes. May laughter mingle with your tears, May this Yuletide straighten life's arrears, May you in this northern clime be blest With health and strength and happiness.

Old Fashioned Greeting. I wish you a Merry Christmas, And a Happy and Bright New Year 'Tis an old, old-fashioned greeting, But its none the less sincere; Right from the heart of the Mountains, This message has travelled to you, And remember, my friend, when you read it, That it comes from my heart too!

Mountain Greeting. Dear friend, I wish that you and I On Christmas morn were meeting; But Fate forbids, and so I send Instead, this simple greeting—here in the Mountains of the West I write my wish sincere; May Heaven send its very best For Christmas and New Year.

Greeting. From far Prince Rupert on the sea This Christmas greeting comes to you, And with its message of good cheer, It brings regards sincere and true.

And when the dying year is gone Like sunsets on our harbor here, May every joy and happiness Be with you through the glad 'New Year.

Message of the Bells. Just close your eyes for a minute, dear, And hear what the bells would say, For though you are there, and I am here, They bear you this message today— "In Rupert the latch string is out for you, And a welcoming hand as well, Anxious again old ties to renew, That's what the bells would tell.

My Wish. My wish to you this Yuletide, From Prince Rupert, the city of Hope, Is that hell may freeze over, Before you need a pinch of my poke.

TEN MILLION DOLLAR WINNIPEG POWER PLANT First Units Started and Preparatory Work to Continue During Winter.

WINNIPEG, Nov. 9.—First units of the Winnipeg Electric railway's \$10,000,000 power development scheme on the Winnipeg river have been started by the Frazer Brace Construction Company of Montreal, and the preparatory work will be rushed

DO YOU SMOKE TOO MUCH

There are many men on whose heart and nervous system tobacco produces the most serious results. It causes palpitation, pain in the heart, irregularity of its beat, makes the hands tremble, acts the nerves on edge, causes shortness of breath and loss of sleep.

MILBURN'S HEART AND NERVE PILLS They take the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by the tobacco.

Mr. Frank Lums, 71 Terrace Hill St., Brantford, Ont., writes:—I had been troubled with palpitation of the heart for a number of years, and by spells it would bother me a lot. The doctor told me it would stay on the same time if I did not quit tobacco. When I would get a spell my heart would pound, and I would break out in a perspiration, and get so weak I would have to sit right down and quit my work; also in the night I would wake up and my heart would be going. I should say, about 120 beats a minute. About three years ago I got a box of Milburn's Heart and Nerve Pills, took them, and found that they did the job. I am feeling fine and have gained over 20 pounds in weight.

Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

during the winter, James H. Bruce of Montreal sat on its arrival in the city. "The preparatory work of excavating has been started and is going along very well," Mr. Bruce said. "There is little to be said about construction work as yet, as it is purely a matter of routine preparation during the winter."

Mr. Bruce and his company are arranging for shipments of material and actual construction work will be undertaken early in the spring, it is expected.

The Frazer Brace Company has been awarded the contract for \$7,500,000, covering practically all construction of the development scheme and since the completion of financial arrangements a few days ago has assumed command of the works on the Winnipeg river.

EIGHT HOUR DAY

Delegation Waits on Government to Protest Against Major Bureau's Measure.

VICTORIA, Nov. 10.—A delegation of leading industrialists waited on the Executive Council yesterday to protest against the compulsory eight hour measure introduced into the Legislature by Major Richard Burde of Alberni. They declared the adoption would mean ruin to industry at this time, particularly in the lumber and fishery trades.
