

Headache

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such upbuilding treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expence to the nervous system and the general health.

Get the nerves right and the headaches will not return.

Mrs. W. J. Pearse, Nunn St., Cobourg, Ont., writes:

"My system became run-down and I suffered greatly with pain in my head. The was so severe that I would have to bind a cloth tightly about my head so that I could get my work done. A friend advised the use of Dr. Chase's Nerve Food, and after taking the first box I had quite an improvement in my condition. I continued using them until I had taken about seven boxes, and they strengthened and built up my system splendidly, completely relieving the pain in my head."

pened to hear powder mentioned as a suitable gift for a lady. Not being accustomed to giving ladies presents the well meaning young man got a box of dynamite. Now Flossie is sore because there are no fuses or caps with it, or it would be passed on for more useful work than blowing off her complexion.

* * *

Here's a good one: One of the boys around the bay wishing to give his chum a Christmas gift, and knowing that he needed some arm bands, went up town to buy the necessary articles. Going into one of the departmental stores his eye hit what he thought to be a swell pair of arm bands, all frills and things of a beautiful violet hue. Much pleased he purchased the articles. Upon showing them to a knowing acquaintance he was much ashamed to learn that they were not arm bands at all but articles used by ladies for the prevention of stocking trouble. It is understood they are being donated to Flossie's wardrobe.

During the week the Allin Fisheries have shipped a scow load of refrigerating machinery by the towing boat Elsinore, to the New England Fish Company at Ketchikan. This machinery will be installed and will assist materially in easing up the ice shortage which usually takes place in the summer.

* * *

The barge Louise has left the Albert & McCaffery wharf for the dry dock to take on a load of iron for the south.

* * *

In view of the recent mishaps on the waterfront the boys have not been able to devote much time to the laundry end of life. As a consequence there is a difference of opinion about hanging up the proverbial Christmas stocking this season.

* * *

The crib tournament between the fish buyers and their employees has ended with the result that Bill Shrubsell did not win the turkey in spite of the prediction of the Ouija board, the coveted bird going to S. Carter one of the employees who played a masterly game.

The final round was the case of the lightweight versus heavyweight with the decision going to the former at the close of the fifth round. All the invitations issued by Bill have been reluctantly cancelled and he will have to fall back on stuffed red cod or some cast iron chickens.

The contest is given below in rounds.

First Round.

Knight v. Sanderson, winner, Knight.

Lee v. Solem, winner, Lee.

Starr v. Carter, winner, Carter.

McIntosh v. Davies, winner, McIntosh.

Hughes v. Shrubsall, winner Shrubsall.

Sinclair v. Clapperton, winner, Sinclair.

Cash v. Poole, winner, Cash.

Donnolly v. Dybhavn., winner, Dybhavn.

Second Round.

Knight v. Sinclair, winner Sinclair.

Lee v. Shrubsall, winner, Shrubsall.

McIntosh v. Cash, winner, McIntosh.

Carter v. Dybhavn, winner Carter.

Semi-Final.

It is rumored that the members of the Mosquito Fleet are presenting the Admiral with a sealskin walking stick, a fur lined necktie and a pair of fur tipped shoe laces for Christmas.

* * *

The Muzon, Captain Shelton, arrived at the Cold Storage dock on Thursday with twenty-five tons of fresh herring to be used for bait.

* * *

It is understood that after Christmas several of the large fishing boats at present in port will be leaving for the south for the purpose of undergoing a general overhal. With the wonderful docking facilities and machinery at the Dry Dock it seems a pity that work of this nature should go to southern ports. There may be good domestic reasons for the skippers taking their boats south but from a purely business standpoint it seems to be letting work get past us.

* * *

The following boats are at present in Cow Bay: Alliance No. 1, Narbethong, Westerner, Wake, Wigwam, Cape Spencer, Birdie B, Oh Baby, Dixie Rupert, Laura L, Violet, O.O., Lovera, Selma, Glide, Peggy, Kobe, St. Eloi, Viking, Kouyasu, Giola, Mab, Helen D., Bartolome of Ketchikan, Livingston II, Joe Baker, Lewis I and II., Silver Spray, Yakima.

* * *

The Narbethong, Captain Freeman, is once again in port. The secret service of the fleet have ascertained that Cap was out on a logging expedition. It is said the Narbethong was run up into the woods and did great work in snaking out the logs.

NO WEAKENING OF IMPERIAL TIES UNDER LIBERAL GOVERNMENT

LONDON, Dec 23.—Robert Donald, director of a number of Liberal journals, including the Yorkshire Observer and the Bradford Daily Telegraph, signs a long article in the London Telegraph welcoming W. L. Mackenzie King's accession to power and expressing the opinion that there will be no slackening of the imperial ties under his government, but that the spirit of nationhood will advance.

Mr. Donald gives his views on the possible lines of the new cabinet's policy.

Firstly, he sees no reason why the Canadian government should not nominate the Governor-General of Canada, if it desires, although the post need not necessarily be occupied by a Canadian statesman.

Regarding the advanced Liberal demands for discontinuing referring appeals to the privy council, however, the writer remarks that should severance be accomplished difficulties may arise leading the Dominion again to resort to the impartial arbitrament of the supreme tribunal of the empire.

After detailing Mr. King's efforts for the betterment of the friendship of the English speaking peoples, the writer concludes that Mr. King's assumption of power comes opportunely to assist in cementing the empire's friendly relations with the United States.

METHOD OF BOOSTING MAN FOR THE CABINET

Simon Fishface Is Suitable Person for Position Because of His Ability.

Simon Fishface, the well-known postmaster of Lonesome Rock, on the Gasse coast, is being prominently mentioned for the portfolio of postmaster-general in the new Liberal cabinet. This rumor has caused much speculation in Sardine Hollow. Mr. Fishface's home town, where he has accounts with all the leading merchants, and at the Palace hotel, this latter dating back to pre-prohibition days. Of Mr. Fishface's qualifications no doubt exists in the minds of those who have the pleasure of his acquaintance. In a recent wager in Si Hoskin's general store. Mr. Fishface spotted correctly a three cent stamp, a registered letter and a bundle of newspapers at a distance of fourteen feet, three inches, winning the cigar put up by a smart drummer from Halifax, who is now being sued by Mr. Fishface for unstated damages occasioned by the cigar exploding and igniting his whiskers. Mr. Fishface comes of old codfish aristocracy, his ancestors having been among the first to disembowel the wily piscatorial species along the Gaspe coast. Mr. Fishface's grandfather on his mother's side was the celebrated "Tomeod" Jones, inventor of the self-threading fish hook. The new aspirant's sports are throwing the horseshoe, in which he has held the local championship for two summers, and the mastication of fine cut. In the salivary exercises of the latter Mr. Fishface won the Gaspe championship in 1920, in his famous contest with "Porpoise" Hunks of Pishpash, when Mr. Fishface extinguished the fire in the stove of Mr. Hoskin's store on his fifth shot, at a distance of nine feet.—Ottawa Citizen.
