Coal Strike is Serious Matter.

The British coal strike is a very serious matter. The coal mining is the chief industry of that country and if the mines are tied up most of the other industries have to close from lack of fuel.

At this distance it is difficult to tell the pros and cons of the problem. Apparently the miners consider they have right on their side, but whether or not public opinion is with them will remain to be decided. On the surface, as the dispatches come through, it would seem as if the men were wrong, but questions of war profits enter in and give it a somewhat different aspect. The hope is that a settlement will be arrived at. Up to noon today there was no news to indicate whether they had actually gone on strike, but everything pointed that way. Before going to press the news will probably arrive.

Meeting Discussed New Province Move.

Last night's meeting to discuss the formation of a new province was largely in favor of the move, but many who voted for it did so because of a desire to show that we in the north have not from any government, Dominion or provincial, received just that amount of consideration that our importance deserves. Very few people really expect to get a new province formed unless it be those who have not given the subject any consideration.

The chief argument in favor of the formation of a new province is that we have not received good treatment. That is, no real reason. A section of a province or a country cannot break away just because it is dissatisfied. The only reason for a change would be that the province is too big and unwieldy to be handled as a unit, and that it would be easier to manage if divided. No other reason is worthy of consideration. The purely selfish reason of benefitting one city or district by making the change, is not to be considered for a moment and would not be considered by the Dominion or provincial authorities, much less by the British Parliament before whom it would have to go.

No Change Without Consent.

Changes of the kind proposed cannot be made without consent of all the province. It would be unreasonable to propose that a province could be divided up at any time on the whim of a certain section. Government could not go on under those conditions. There never has yet been a division of a province already formed, although additions to Manitoba and Ontario have been made and new provinces have been formed from former territories.

It would be very nice to have a new province with Prince Rupert as capital, but if this point of view was presented to Prince George and it was shown to that city that this city was strongly opposed to the completion of the P. G. E., there would be a different tale to tell when that city was heard from.

We shall get some cheap advertising from the movement to secede but that is all. There is little possibility of a change ever being made, although it might be desirable to have the province divided as suggested. It must be remembered that the addition of the Yukon to the province would make it larger than it was before lopping off the strip along the south border, as proposed by way of the 52nd parallel.

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEO GARCEAU

32 Hickory St., Ottawa, Ont.
"I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

PRINCE RUPERT TIDES

Saturday, April 2
High, 9:22 a.m., 16.5 feet.
22:28 p.m., 16.8 feet.
Low, 3:24 a.m., 10.4 feet.
15:59 p.m., 7.1 feet.
Sunday, April 3
High, 10:20 a.m., 17 feet.
23:10 p.m., 17.7 feet.
Low, 4:38 a.m., 9.4 feet.
16:54 p.m., 6.8 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.
The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.
The height is in feet and tenths of feet above the average level of lower low water.

MASONIC BALL LAST EVENING

Annual Event Proved Usual Success—Pretty Affair With 160 Attending.

The annual Masonic Ball held last evening in the St. Andrew's Hall was the usual delightful success and was enjoyed to the utmost by about eighty couples. The hall was specially decorated with emblems of the order which were tastefully arranged in a brilliant lighting scheme. Many new and lovely gowns worn by the ladies further added to the charm of the scene presented, while the guests danced to the strains of splendid music provided by Howard White's Orchestra. At midnight refreshments were served in the supper room upstairs.

A. E. Bazzett-Jones was the master of ceremonies and A. W. Healy and B. Blance were on the door. The committee in charge of arrangements, which went off without a hitch, consisted of G. A. Woodland, A. E. Bazzett-Jones, W. G. Orchard, H. W. Birch and Joe Greer.

The Man in the Moon SAYS—

WHEN the present water system was put in, it was said to be large enough to supply 50,000 people, yet now there is a rumor that there is not enough spare water to give a little of the surplus to the proposed pulp concern. That does not allow much for the 12,000 people yet to come, before the maximum is reached.

AN optimist is the man who gets there. A pessimist is the man who fails.

If things are wrong
Let's make 'em right.
If things are dull
Let's make 'em bright.
And if they're good
'Tis well to plan
To make 'em better
If we can.

WOMEN are full of imperfections. Men are often full of whiskey.

WOMEN are conceited, but oh you men who think that there is nothing in the world to equal you. And neither is there if it conceit you are talking about. Listen to what the wife says:

I love to watch a rooster crow.
He's like so many men I know
Who brag and bluster, ramp and shout
And beat their manly breasts
without
The first dam thing to crow about.

Ten Years Ago in Prince Rupert

April 1, 1911

The Prince John, baby of the G.T.P. coast steamship fleet, which is now on her way from Newcastle in charge of Captain Davies, will be the first vessel to claim Prince Rupert as its port of registry.

The Salvation Army Citadel was crowded last night at the children's concert. The children who contributed songs and recitations were: Olivia Solum, Isabel Kirkpatrick, Beatrice Killen, Eleanor Cowper, Jonathan Davidson, Mary and Florence Gray, Ethel Gray, Rose Davidson, Marjorie Cowper and Johnny Law. They were assisted by J. E. Davey, tenor, William Miller, cornetist, and Gray's Orchestra.

Col. Davis, city engineer, has submitted a water scheme to the city whereby enough water to supply 60,000 people will be brought from Woodworth Lake at a cost of \$480,000.
