CANADIAN FISHERMAN EDITOR REVIEWS THE FISH CAR GRIEVANCE

(Continued from page 4)

to the Express Company. Such business is being turned away from Prince Rupert daily and millions of dollars in revenue is thereby lost to the Government Railways.

Being Humbugged

Let us see now what has been done about the extra refrigerator cars promised so long ago. The thirty new cars were promised for delivery in August, 1920. August came and no cars. The delivery would be made sure in November, 1920. November came around and no cars in sight. December came and the year closed with nothing doing. The Rupertians were beginning to feel that they were being humbugged. Fishing boats were coming in, and finding no cars available they went off to other ports with their skippers and crews indignant at the waste of time and money incurred by calling in at Prince Rupert.

The whole city of Prince Rupert took an interest in the matter in January, 1921, and mass meetings of the citizens were held and the wires kept hot demanding to know from the railroad officials when the cars were really forthcoming. A letter received from President D. B. Hanna of the Government Railways, and dated December 27, 1920, stated that the delay was unavoidable, but the thirty cars would be delivered by the end of March. This date is too late for the early spring traffic in fish, which is very heavy, and further enquiries were made of the railway officials to find out if some of the cars could not be delivered earlier.

Same Old Chant

Wires received from Hon. J. D. Reid, President D. B. Hanna and

NOTICE

IN THE MATTER OF Sections 134 and 135 of the Land Registry Act and in the matter of Lot Four (4), Block Thirty (30), Section One (1), City of Prince Rupert, (Map 922).

Proof of the breach of Covenants, and re-entry and recovery of possession, by Edna Waldron, the registered owner of the above lot, under a lease granted by Charles E. Burgess to you, George Grey, dated the 30th June, 1916, and registered in the Land Registry Office at Prince Rupert, as Number 1943-B, having been furnished, it is my intention after the expiration of thirty days from the service of this notice, to cancel the registration of the said lease upon the Register unless in the meantime a good and valid objection thereto is made and unless you take and prosecute the proper proceedings to establish your claim or to prevent such proposed action on my part.

Land Registry Office, Prince Rupert, B. C., 3rd March, A.D. 1921.

President Pullen of the Canadian Express Company all read the same old chant—"Understand first car will be delivered March 15 and balance by March 31." All of which, after the unredempted promises of the past, were most unsatisfactory.

President A. L. Hager of the Canadian Fisheries Association was then appealed to and asked to secure definite information. He wired to Secretary Wallace at Gardenvale, Que., to interview President Pullen of the Express Company in Montreal and get a definite answer as to car deliveries. The Secretary received only the usual reply, viz: "That latest advice from manufacturers is that delivery may be expected in March." One item of information was added when the name of the manufacturers was secured, namely, the National Car Company at Hamilton, Ont.

Factory Closed

A representative of the Canadian Fisherman was then sent to interview the National Car Company at Hamilton to find out what progress had been made with the construction of the long promised cars. He went there on February 9, and interviewed one of the highest officials of the car company and his report is that—

"The car company has been, and is at present, closed down. It is expected to resume operations in a week or so. No start has been made on the construction of the promised cars, and the only information added is that the Car Company expect to start work on an order of 1,000 freight cars for the Government and that it was hoped that the thirty refrigerator cars would be put through at the same time."

To sum it all up: There is certainly no chance of these thirty express refrigerator cars being delivered in March and the promises of the railway officials amount to nothing but bluff and humbug.

Spineless Administration

The whole matter reflects the spinelessness of the present Governmental administration. There seems to be no backbone to it and no definite policy appears to have been worked out to pull the country up from the mire it has sunk in through the ravages of war. A huge debt hangs overhead, but no effort is made to nullify and instead of confining expenditure to the development of remunerative natural resources, the Government in power has incurred still greater obligations by the purchase of duplicating railroad systems and the building of steamships which could have been constructed elsewhere at lower

Episode 6

Possess Good Health By Looking after THE BOWELS

A free motion of the bowels, once or twice a day, should be the rule of every one, as half the ills of life are caused by allowing the bowels to get into a constipated condition.

When the bowels are allowed to become constipated, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

If you would escape constipation, sick and bilious headaches, heartburn, floating specks before the eyes, coated tongue, foul breath, the "basty" irritating, bleeding, itching and protruding piles, you should keep your liver stirred up by the use of Milburn's Laxa-Liver Pills.

These pills, being purely vegetable, keep your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. H. Barrows, Entfeld, N. S., writes: "I was troubled with such headaches and constipation. One day a friend told me of Milburn's Laxa-Liver Pills. I got two vials, and found they did me a world of good. I therefore have great faith in them."

Milburn's Laxa-Liver Pills are 25c. a vial, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

High Officials

It is no use blaming the minor officials for negligence in the Prince Rupert affair. The blame lies on the men higher up and we do not hesitate to name the Minister of Railways, Hon. Dr. Reid, for his indifference to the request for more equipment, and the Minister of Marine and Fisheries, Hon. C. G. Ballantyne, for his lack of interest in the development of a great fishing port. If the latter had given more time and thought to fishery matters, his influence in the Cabinet could easily have secured action in the matter of supplying Prince Rupert with more refrigerator cars.

The whole fishing industry of Canada will suffer from this species of humbug until we get a Department of Fisheries with a responsible official at the head of it and a Minister who will give ear and action to the plain suggestions of the industry along the lines of sane development.
