SUPPORT OF ALEX. MANSON

Speaker of Legislature Backs Up
Prince Rupert in Request
For Road.

At the meeting of the Board of Trade last night a copy of a letter sent by Alex. M. Manson, member for Omineca, to the minister of public works regarding a road out of Prince Rupert was read as follows:

"Permit me to place myself on record as approving of the expenditure of public money in building a road from the city of Prince Rupert east to the canneries on the Skeena River, and for the following reasons:

"First—There are a very large number of motors in Prince Rupert at present and we collect therefrom a very substantial amount of license fees for which no direct return is given by the Government.

"Second—The city of Prince Rupert, from a commercial standpoint needs a highway to the canneries where a very considerable amount of business is done during six or seven months of the year.

"Third—Such a highway would be a link in the ultimate highway to the interior.

"Fourth—The city of Prince Rupert is on an island and is completely cut off at the present time from a recreation standpoint and an outlet is necessary to provide a much-needed method of recreation."

According to messages received from Dawson, Whitehorse and other points in the Yukon, the officials of the territory have protested to Ottawa.

BOARD TO VISIT NEARBY POINTS

Matter of Excursion to Bulkley
Valley or Other Districts Dis-
cussed Last Night.

It was left with the publicity committee of the Board of Trade to arrange for an excursion during the coming summer to some of the surrounding points in order to give local people an opportunity of learning about the resources of the surrounding country and also of getting into closer touch with the people with a view to co-operation. This was decided at the regular monthly meeting of the board last night.

The matter came up on the reading of a letter from Hon. T. D. Pattullo to the board suggesting an excursion to Vancouver and the southern interior during the coming summer.

D. G. Stewart suggested as an alternative that they visit some point in their own district. Personally, he said he had never visited Stewart, Queen Charlotte Islands or the Bulkley Valley.

S. E. Parker suggested a trip to the Bulkley with side trips to give the people here an idea of the vast resources of that district. Mr. Manson, the member for that district, had often invited the board to go there.

J. F. Maguire also approved the idea of getting acquainted first with our own district, before going farther afield.

It was then left for the publicity committee to deal with.

"SWAT THE COLD" NEW HEALTH SLOGAN

Health Authorities Are Back of
Campaign to Prevent
Disease.

The familiar "swat the fly" slogan is now being revised by health authorities and the public is being advised to "swat the cold" in winter as heartily as they "swatted" the fly in summer.

Behind the movement is the desire to check the possible spread of influenza and lung diseases by the prompt treatment of every case of cold. "If every person would get busy as soon as a cold develops, we would do wonders in preventing disease," says an Eastern official.

Colds and grippe are promptly and effectively treated at home by the use of Grip-Fix. As a combination of drugs such as would be used by any physician, Grip-Fix, in its capsule form, relieves a cold in a night and acts promptly in the case of grippe. Sold by all druggists at 35c a box. (Adv.)

SEVERAL HOUSES ARE SOLD BY LOCAL FIRM

Fishermen Making Purchases for
Purpose of Settling Here
Permanently.

That fishermen are purchasing homes in Prince Rupert is evident. The exchange differential makes it cheaper for them to live here than on the American side and as a result many are looking to Prince Rupert for homes. If houses can be secured more will bring their families here this summer.

McCaferry, Gibbons & Doyle report that they have sold several residences recently, among them being a five-roomed house on Denman Street to J. Price from the Prince Rupert Building and Investment Co.; a six-roomed house at Seal Cove Circle to Capt. Skog from the Johnson estate; a seven-roomed house on Fifth Ave. in Section 7 to George Cook from W. Sibbald; a five-room house on Seventh Avenue in Section 6 to H. Henriksen from C. L. Francis, and a house in Section 2 to J. L. McIntosh and A. Duthie from Mitchell & Currie.
