Black Diamond and Mountain Park COALS

The coals with a past, present and a greater future. Black Diamond coal gives out the minimum amount of smoke and ash, and has great heating power, the most cleanly coal on the market today. Mountain Park coal is an ideal steam and furnace coal. Purchase your winter stock now while coal is cheaper, it is economy. Give these coals a trial and you are sure you will be thoroughly satisfied.

FIGHT REPORTS WILL COME ROUND BY ROUND

It has been arranged by the Daily News to have the reports of the Dempsey-Carpentier bout on Saturday rushed through round by round. The fight starts about noon Prince Rupert time and should be over by the time this paper goes to press at 3 o'clock. The telegraph companies and the Canadian Press have promised their sharp cooperation.

BAD EFFECT OF COAL STRIKE

London Air is Clear But Social Season is Dismal Failure.

LONDON, June 27.—All society is bemoaning the failure of the London season. The week preceding the Derby should have seen gaiety approaching its height; but the widespread effects of the coal crisis have put a damper on the round of pleasures scheduled for this time of the year, and old stagers find it hard to recall any similar period when so little private entertaining was done. No society debutantes are coming to town. Shortage of money has caused many society folk to cancel all their London engagements and to spend the summer as cheaply as possible in the country. By the King's desire, courts have been postponed and hotels and theatres are reporting slumps.

Overseas Visitors.
 There are a number of overseas visitors in London, but "not enough to go round," as one hotel manager put it, and were it not for the Americans who have come over for the polo games, those who have to live out of the profits made in the season would be in despair. Dressmakers, tailors, and entertainment caterers are doing next to nothing, the reason being that the present period of industrial unrest makes it impossible to see a month ahead. Efforts were made to make the Henley Regatta a social success. Henley is always a gay dress pageant. According to the fashion papers, the modish colors are yellow and red, with flower and fruit designs and hats trimmed with wreaths of imitation vegetables.

Atmosphere Clear.
 The only benefit the coal strike has conferred upon London is the absence of smoke and fog. The continued clearness of the atmosphere is surprising Londoners, who are discovering views of their city the existence of which they hardly suspected. Public health has benefited very greatly, according to official health statistics. There has been an astonishing decrease in bronchial and pulmonary complaints. Pneumonia cases have gone down as much as 50 per cent compared with March. Dr. John S. Owens, chief of the advisory committee to the Meteorological Office on atmospheric pollution is the authority for saying that London's air has now reached a purity never before attained under modern conditions of life.

SOUTH AFRICAN BEAT AMERICAN AT TENNIS TODAY

Francis T. Hunter is Eliminated By B. I. C. Morton—English Women Also Win.

Wimbledon, June 28.—Francis T. Hunter, of the United States, today was eliminated from the British turf court tennis championship tournament by B. I. C. Morton of South Africa, in the semi-finals. In the second round of the women's doubles, Mrs. Craddock and Miss McKane, of England, defeated Mrs. Molla Bjurstedt Mallory, the American single champion, and Miss Edith Siggourney, of Boston.

Did you know that the golf game has been started in Prince Rupert? Taking example from the doughty Major Gibson, whom it is reported now and then makes a shot down Second Avenue to remind him of the good old days on Salisbury plain or wherever it was, several youngsters are also at it now. True they haven't any regulation sticks but what they have rigged up themselves serves the purpose just as well as niblicks or brassies or whatever the blessed names are—it is so long since we've even seen a golf game, except on a billiard table, that we can't remember. Anyway, the first Prince Rupert Golf Club has started. What care these happy youngsters about the green or the holes or the sticks. They're playing golf.

The Carpentier camp at Manhasset seems to have a very mysterious aspect these days. What can the foxy Georges be doing? Perhaps he's started an arsenal and is making hand grenades for Jack. What the Frenchman can be up to going out in the woods and then returning to have his quarters surrounded by a veritable police force is more than we can say. Reports from Long Island say the challenger is letting loose and making things hum in that old tent.

Dempsey's hard work at Atlantic City is now over until he meets Carpentier in the ring at Jersey City on July 2. Members of the champion's camp are well satisfied with his condition now despite the fact that reports yesterday said that he was beginning to show signs of nervousness and irritability. This the trainers say, however, means that he is rapidly rounding into perfect fighting condition. Perhaps a boxer fights better if he is in a bad humor.

Dempsey will receive the flat sum of \$300,000 and Carpentier his \$200,000 regardless of the outcome of the big championship battle next Saturday. This was made known in New York yesterday when it was announced that Tex Rickard, the promoter of the fight, had exercised his contract privilege recalling the previous arrangement whereby Dempsey would receive 36 per cent of the receipts and Carpentier 24 per cent. Evidently Tex sees the receipts are going to be a little bigger than he thought they would be.

The baseball game between the Sons of Canada and the Red Sox was postponed last night on account of the rain. There are now three postponed games in the City League to be played. On account of the Aeropolis grounds being reserved for games nearly every night for the next few weeks, it has not been decided when these postponed games will be played. It may be necessary to play them off on Sundays.

The Merchants and the Prince Rupert Athletics meet tonight in the Junior League fixture which was scheduled for last night but which was postponed on account of the upset in plans caused by the replay of the Dominion Day Cup game between the Sons of England and Callies. The following players will take the

field for the Merchants: Arthur, Garner, Shaw, Astori, Smith, Barron, Arthur, Hardy, Foote, McKinnon and Laverly. Spares—Clapp and Thompson.

The following players will line up with the Athletics for the Junior football fixture with the Merchants tonight: Frizzell; Barry and Rideout; Hamilton, G. Mitchell and Davidson; Hill, W. Mitchell, Mackintosh, Eastman and Lambe. Spares—Blythe, Montgomery and Melrod.

Instead of the regular City League baseball fixture between the Elks and the Red Sox tomorrow night, the two select teams which have been chosen to play Anyox and Ketchikan respectively on Dominion Day will be pitted against each other.

ATTEMPT WAS MADE TO BLOCK BIG FIGHT

New Jersey Judge, However, Refused to Hear Motion.
 JERSEY CITY, June 28.—Robert Watson, an official of the International Reform Bureau, accompanied by five clergymen, appeared in the Chancery Court today in an effort to block the Dempsey-Carpentier bout next Saturday. The judge, however, refused to hear the motion.

HAS DEMPSEY OVERTRAINED?

Noted Trainers and Athletes at Jersey City Say Champ Will Be Stale on July 2.
 ATLANTIC CITY, June 28.—Jack Dempsey is today within 48 hours of the end of his training grind for the heavyweight championship battle on July 2. The champion is scheduled to do his last boxing in public this afternoon and tomorrow. Some noted trainers and athletes are making strong criticism as to Dempsey's condition. They claim that he has over-trained and is now on the verge of going stale. His work-out yesterday, however, showed that he was not at the top of his form.
