**Meighen's Doom
 Has Been Sealed.**

Every indication from the East seems to be that the Meighen Government is bound to go down to defeat at the election, the campaign for which is now in progress. There is also every indication that the Liberal party will be the predominating influence in the next government, and probably that party will have a clear majority over all others.

Prince Rupert has always been a Liberal town. It was Liberal at the last election and there has been nothing to indicate a change in public opinion except that two or three business men who have more or less intimate relations with the Government candidate have gone over to support him. Prince Rupert district is just as much Liberal as ever it was.

**Attempt is Made
 to Camouflage Issue.**

An attempt is being made to camouflage the issue. A candidate, who has consistently until the day of his election announcement backed the Meighen Government and who is generally throughout the country looked upon as a Meighen man, comes into the contest. He announces that he is still a Liberal, although independent. His backers, who are the Conservatives of the city, put him forward to try to steal the Liberal support away from the regularly nominated Liberal candidate. That is the condition today.

There is nothing we can fight this election upon but the political record of the candidate. If we were looking for a military leader we should know what to do. As was pointed out at the Liberal meeting, the other night, military leaders do not make good legislators. Invariably they have proved failures. We doubt even if it is gratitude to send a man to Ottawa to Parliament just because he has been a successful military leader. Colonel Peck was in Parliament throughout a good deal of the last session and we have not discovered in Hansard any record of his having discussed on the floor of the House the question which to us was important above all others, the provision of fish cars. It remained for a Nova Scotian to take the floor in our behalf. The Skeena representative was so close to the Government that he could not even air this grievance for fear of offending them, and yet he now comes out as an independent and says he is a Liberal. Truly the ways of the politician are hard to understand.

**Inconsistency
 of Argument.**

In discussing the situation recently the gallant Colonel referred to a speech made by William Duff, member for Lunenburg, Nova Scotia, in which he championed the cause of Prince Rupert and showed the Government in Parliament the great need there was at this port. The Colonel says that was nothing. All the time he, the local member, was working on the matter. The inference is that the speeches of the opposition in Parliament are of no value, but it is the work of a supporter of the Government that counts.

Admitting that the Colonel is right, we get back to the question of the value of sending a man to Parliament who is bound to be in opposition. The Meighen party, the party to which the Colonel belongs so far as his record shows, will be defeated, so any supporter of his will be in opposition. He will be in a somewhat similar position to that of the member for Lunenburg in the last Parliament. He will make speeches in the House but will have no influence with the Government. The Government will still look to Fred Stork for advice in regard to this constituency even though defeated, for such is the custom of governments on either side.

**Send to Ottawa
 Government Supporter.**

A supporter of the Government to be is the man to send to Ottawa. The Liberals will win in spite of the millions being spent on the campaign by the wealthy plutocrats who are backing Meighen. With the Liberal party in power, the party that first put Prince Rupert on the map, the friends of the northern district, we want there a man to see that we get what is coming to us. Fred Stork is that man. He will be the Liberal adviser anyway, but we want to have him right on the job so that he can be of real use to us. The electors of Skeena will be making a grave mistake if they send to Ottawa any other.

**CONSERVATIVES OF
 STEWART WITH PECK**

Meeting There Last Saturday Was
 Not Mass Meeting of Citizens.

STEWART, Oct. 28.—The meeting held last Saturday evening which was reported to have been a mass meeting of citizens was advertised as a meeting of supporters of Colonel Peck. It was really a Conservative meeting and it supported the logical candidate of that party.

An old offender in the person of Mrs. Helen Wade appeared in the police court this morning and was fined \$200 with the option of four months imprisonment for intoxication.

**WHIST DRIVE AND
 DANCE LAST NIGHT
 WAS BIG SUCCESS**

Elks' Christmas Cheer Affair
 was Very Enjoyable—Good
 Sum Raised.

The benefit whist drive and dance held last night in St. Andrew's Hall by the Elks was a great success. There were 16 tables of whist, but the main attraction seemed to be the dance, in which 125 couples took part. The music was of unusually high quality and there was an eight piece orchestra for the most of the evening.

William McLeod was in charge of the whist drive. The first prize winners were Miss E. R. Arthur and J. G. Veireek, while consolation awards went to Mrs. E. Green and Bert Long.

W. E. Thompson was master of ceremonies for the dance and R. A. Donohoe was on the door. Refreshments were served in the hall at midnight. All arrangements went off without a hitch.

The affair was looked after by the Christmas Cheer committee of which Ben Self is the chairman. A good sum of money was raised in aid of Mrs. Portet and family who are to be sent home to France.

**PROPOSE TO BUILD
 HOUSES IN EDMONTON**

EDMONTON, Oct. 28.—Outlining a plan to erect two hundred residences in the city on any scale suggested by the municipal authorities, Count de Toper who is a visitor in Edmonton, appeared before the city commissioners Tuesday morning and solicited co-operation in the scheme to the extent that the city provide the lots for the building and give exemption from property taxes for a term of five years, the improvement tax to be met in the regular manner.

During the course of the conversation Count de Toper stated that he had built twenty houses in Vermillion, this season along the lines proposed in Edmonton, the town of Vermillion giving property tax exemption for a period of seven years.

"RESTLESS SEX"

Brilliant Ball Room Scene in
 Feature Film at Westholme
 Tonight.

A story that combines deep heart appeal with an elaborate society back-ground is promised in "The Restless Sex," the picture version of Robert W. Chambers' novel of the same name, which is to be at the Westholme tonight. Marion Davies is the star.

The heroine of the story is a pretty young woman with an inborn love for excitement. Having tasted of independence, she longs to experience life to the full. The result is an unhappy marriage, but subsequently a real love comes to her, and the ending is a happy one. A brilliant ballroom scene, in which more than six hundred people take part, an automobile accident, and scenes in a millionaire country home are features.

Carlisle Blackwell and Ralph Kellard have the leading roles in support of Miss Davies. Frances Marion adapted the story for the screen.

**Ten Years Ago
 in Prince Rupert**

October 28, 1911.

Watson Snowden, the man whom the Vancouver police have arrested charged with the murder of William Urquhart, is well known here. He was, in fact, supposed to be on his way to Prince Rupert when he was arrested. It is said that he lived in terror of arrest on Porcher Island.

A committee of local citizens has decided to request the Provincial Government to retain and operate the new wharf, being opposed to the system of leasing it. There was a meeting yesterday with W. W. Foster, the deputy minister of public works, and this was urged. Manson presided and among those present were: S. M. Newton, Major Gibson, D. G. Stewart, J. H. Rogers, A. J. Morris,
