**PREPARING FOR NORTHERN TREK**  
Accommodation will be Provided for Large Number to Go to Oilfields  
EDMONTON, Alta., April 12.—There will be ample accommodation for all persons seeking transportation to the northern oilfields, according to local officials of the three northern transportation companies who are now completing arrangements for the carrying of passengers and freight north. Reports to the contrary are incorrect and the transportation companies declare there will be no trouble in the way of moving all the men and supplies to offer. It is estimated that 3,000 passengers or even more can be carried by the three companies—the Hudson's Bay Company, Northern Trading Company and the Alberta & Arctic Transportation Company—operating on the Mackenzie and Peace River routes.

**Not Stampede**  
Just what proportion the trek into the north will assume cannot yet be determined, but to this date there are no signs, according to information from the steamboat offices, of a stampede. That there will be a far larger travel list on the Mackenzie route than ever before is certain, but the stories of "thousands of brave men feverishly preparing for their northward dash" are being taken here at a fairly heavy discount. Opinions among those interested in the northern development differ as to the number of men who will probably be going north this summer, but a fair estimate, based on reports and on bookings with the steamer companies and inquiries already on their lists, puts the seasons total at about one thousand.

**The Man in the Moon SAYS—**  
THOSE who cannot excel at anything else are often artists at drawing their salaries.  
DID you ever hear of the blushing bride leading the groom to the altar?  
AN arrest was made this morning. A police constable, name unknown, took in charge a young man who, when passing an office, shot a glance in among a bunch of pretty stenographers, and made a great killing. He is awaiting trial, and it is possible that life sentence may be the result.  
THE taking ways of the man with the new kodak are not always to be admired.  
HAVE you ever heard of the young wife who boasted that she never had to ask her husband for money because he slept so soundly and left his pants within reach?  
SPRING is here and pussy makes nocturnal visits to his feline friends. How we love his music!  
A lady had a Thomas Cat Who warbled like Caruso; An neighbor threw a baseball bat. Now Thomas doesn't do so.  
IN some newspaper offices the motto is "never hit a man with a fly swatter if you can use a sixteen inch shell."

**Return Tickets**  
Some eighteen or twenty round trips to the Fort Norman oilfields can be made by the combined services of the three companies, it is stated, if there is sufficient business offering. Few or many trips will be made, according to the number of passengers wanting to go. In all cases, it is understood, the Mounted Police will insist upon return tickets being purchased, and the estimated capacity of the three lines is based upon their ability to move the passengers back before the close of navigation.  
**Abandon Air**  
The federal government's geologists and field workers in the south will be taken north by the river route and not by airplane, the air board having, it is stated, in the interest of economy, abandoned its plans of transporting five government geological survey parties from Peace River. It has now been decided to build barges and to move the men and their supplies in that slower but much more economical way. The route followed by the barges will probably be the Peace, Slave and Mackenzie Rivers, most of the work under prospect being in the vicinity of the Fort Norman and Windy Point oil fields.
