STOP THAT TICKLING IN THE THROAT
by using
Dr. Wood's Norway Pine Syrup

That tickling in the throat sensation is most distressing and causes a nasty, irritating, dry cough that not only keeps you in misery all day long, but also prevents you enjoying a good night's rest.

Dr. Wood's Norway Pine Syrup, which is composed of the most soothing and healing expectorant herbs and barks combined with the lung-healing virtues of the world-famous Norway pine tree, will give almost instant relief in all cases of this nature.

Mr. E. A. Price, Port Carling, Ont., writes:—"For about a month last fall, I had a bad cold and cough and a tickling in my throat I coughed nearly all the time. I tried different remedies and cough syrups, but could get no relief. A friend advised me to use Dr. Wood's Norway Pine Syrup, and before I had used two bottles, my cough was all gone, and gone for good. I have not coughed since."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pine trees the trade mark; price 35c, and 60c. a bottle at all dealers; manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Advt.

ALD. M'NEILL AND CITY ENGINEER HAD DEBATE LAST NIGHT

Reported that Specifications of Morse Creek Bridge Being Deviated From.

The city engineer is to look personally into the driving of piles for the Morse Creek bridge. Ald. McNeill brought the matter up at last night's council meeting, reporting that he was afraid the bridge would be swayed by side winds if the piles were driven as was being done now.

City Engineer Clements was called in and some differences arose as to the conduct of the work, Ald. McNeill stating that he should have found time to give the work personal supervision and Mr. Clements stating that he had delegated the supervision of the work to capable officials and would be willing to stake his reputation on the bridge standing up. Ald. Perry also entered into the debate, stating that he wanted to see no slipshod work by contractors on city work.

After some discussion the mayor instructed the city engineer to make a personal inspection.

The board of works is soon to submit schemes to the city council for the development of municipal playgrounds, according to a statement made by Ald. Kerr, chairman of the board of works, at last night's council meeting. An appropriation to carry out these plans will go into the estimates for the year.

* * *

As a result of a report brought to the council last night by Ald. McNeill that the specifications in the Morse Creek bridge contract were being deviated from, it was decided to have the board of works report on applications for building inspector with a view to having a successor to Mr. Matheison being appointed to supervise public works in the city.

Hands were on FIRE

A Remarkable Case of Eczema.

"My hands broke out," says Mrs. Hector McDonald, of Oyster Ponds, N.S., "into a fiery irritable rash which the doctor called eczema. When his treatment failed to check the trouble I tried various salves and so-called blood-purifiers. But I got steadily worse and what were just isolated sores at first became one large mass of eczema. For over a year this went on, and you can imagine my suffering.

"Then I got Zam-Buk and I shall never forget how it soothed the dreadful fiery pain and itching. Even the first box of Zam-Buk effected wonderful improvement. Day by day the sores lessened and died away until, in time, the last sore healed. Zam-Buk banished every trace of disease."
