Strength

Strength of muscle does not indicate strength of nerves. On this account many people who look healthy enough suffer from nervous troubles and cannot understand what is ailing them.

Read this letter from an Ontario man: Mr. W. L. Gregory, Charles St. E., Ingersoll, Ont., writes: "I had been troubled for quite a while with indigestion. At times there would be a twitching of the nerves of my stomach, and I also found it difficult to get a good night's sleep."

The second round in the Elks' turkey snooker tournament has now commenced and should be over in a day or so. The following games in the first round have been played since Monday:

It seems just about time that the executive of the Billiard League took some steps to have the rules in regard to the prompt playing of the fixtures-games lived up to. During the past week the rule has seen a good deal of breaking and especially in the Elks vs. Sons of England tournament.

Among the students from the University of British Columbia, Vancouver, who arrived on the Prince Rupert to spend the Christmas holidays at their homes in the city were Allan McNeil, son of Mr. and Mrs. G. A. McNeil, and Mrs. J. Dunbar, son of Mr. and Mrs. T. C. Dunbar, Raymond A. Fisher, son of Mr. and Mrs. W. S. Fisher, and Archie L. Grant, son of Dr. and Mrs. H. R. Grant.

T. E. Jefferson and D. D. Muoro, chairman of the Land Settlement Board, arrived last night from Telkwa and are registered at the Hotel Prince Rupert.

CARIBOU OF THE ISLANDS

Rev. Archdeacon Collison Mentions in His Book Killing of Animals There.

Mention has been made more than once in the Daily News of the caribou of Queen Charlotte Islands. Rev. Archdeacon Collison in his book, "The Wake of the War Canoe" says: "A few caribou of a somewhat different species from that found in such numbers in the northern interior of the mainland have been discovered on Graham Island, which is the most northerly of the entire group."

"It may be that a small herd may yet be found on the western mountain range. If not it will be the duty of naturalists to explain the causes which led first to the existence of these animals on Queen Charlotte Islands, and afterwards prevented their increase."

Since Archdeacon Collison lived on the Queen Charlottes several specimens of the caribou have been shot there but all had deformed antlers, probably the result of inbreeding. It was this cause which seems to have prevented their increase after the numbers had been reduced by the Indians. Possibly they may never have been numerous.

INTERMEDIATE GAMES PLAYED LAST NIGHT

Colts, Sons of Canada and Tiny Tims Winners of Basketball Fixtures.

The Sons of Canada defeated the Knights of Columbus by a score of 28 to 18 in the Intermediate League fixture and the Colts were successful over the Elks by 26 to 18.
