YUKON GOLD ENGINEER HAS GONE SOUTH

Says Shortage of Hard Rock
Miners in Yukon—Mayo Is
Tent City.

That sufficient development work has been done to warrant the declaration that the Keno Hill section of the Mayo District will produce high grade ore for several years, but that nothing has yet been uncovered that assures sustained production of large tonnage for a long period of years is the declaration of James O. Greenan, engineer in charge of the Yukon Gold Corporation's operations there. The Yukon Gold Corporation has done several thousand feet of development work and is pushing the work as fast as possible with the facilities at its command. It has shipped 2,500 tons of high grade ore this year, and it is preparing for mining for shipment next year.

Labor Shortage at Mayo.

Mr. Greenan, who has gone south on a holiday, says there is a shortage of hard rock miners in Mayo District. The prevailing wages there are \$5 a day with board and lodging. The district is attracting a great number of people from other sections of Yukon Territory, and many former Yukoners have returned to the Territory to prospect or work in that country. Mayo is becoming quite a town. Tents are going up every where and many good cabins have been built. Mayo is the terminus of river navigation for the mining district. Keno is the town in the actual mining field, and there conditions, as far as the town are concerned, are similar to those at Mayo. Mr. Greenan says there are now 300 or 400 people in the district.

Longest Shipment of Ore.

Mr. Greenan says the Yukon Gold Corporation is shipping its ore to the Shelby Smelter at San Francisco via St. Michael, a distance of 5,000 miles. It is the longest distance any mine in the world is shipping crude ore for treatment. Through a special permit the Canadian Government made Mayo a sub-port of entry and permitted American vessels to come up the river and take the ore on at that place and carry it to St. Michael. Here it will be transferred to ocean vessels for shipment to San Francisco.

Again Next Year.

The Yukon Gold Corporation will take out ore again next winter for shipment. It will be mined during the summer, fall and winter, and transported to the landing at Mayo over the ice and snow. The company is now working 25 men and would work more if they were available.

The Yukon Government has a crew of men working on the road, which will make the transportation of the ore less difficult in the near future than it was last winter.

New Finds Reported.

New finds of ore have been made in various sections of the Mayo district this summer, according to Mr. Greenan. The Titus Dredging Company is working a crew of men on Highet Creek, and it and other companies and individuals may ship ore next year.

Taylor, Drury and Pedlar of Whitehorse have recently established a new general store at Mayo, and it is reported to be doing well.

Permanent Camp.

Those developing in the Mayo district are strongly in hope that one or more bodies of ore of such extent as to guarantee a large tonnage may be discovered, and engineers are of the opinion that the indications that such will result are favorable.

For Safety's Sake.

"Dear God," prayed golden-haired little Willie, "please watch over my mamma."

And then he added as an afterthought, "And I dunno as it would do any harm to keep an eye on the old man, too."

Mrs. R. O. Jennings arrived last evening on the Camosun to spend a few days here visiting with Mrs. Jenns, Fifth Avenue and Dunsmuir Street.

W. Dann, formerly proprietor of the Baldwin house but now running the Stewart Hotel at Stewart, arrived in the city on the Prince George last night and will spend a few days here.

Mrs. Bert McEvoy returned to the city on last night's train after having spent some months visiting her home in England. She was accompanied by her two little daughters.

F. W. Dowling, superintendent of Government Telegraphs, left on this morning's train for Terrace and will be back tomorrow evening. He made the round trip to Stewart on the Prince George yesterday.

Robert W. Holmes, charged with the murder of Joseph Booth at Thurston Harbor last January, was taken south in custody last night to await trial at the fall assizes at Okalla prison farm. Ho Fat, a Port Essington Chinaman, who is to serve six months for selling liquor, was also taken south.

The case of Rex vs. Mork comes up this afternoon before Judge Young in the County Court. The accused was recently committed for trial on a charge of misappropriation and the hearing has been delayed on account of the witnesses, halibut fishermen, failing to present themselves. They are not on hand yet but it has been decided to go on with the case without them.

V. W. Smith, formerly a railroad contractor here and an alderman in the first two Prince Rupert city councils, was last week elected member of the Alberta legislative assembly defeating Hon. George P. Graham, minister of education. Mr. Smith ran on the United Farmers' ticket although he was known as a staunch Conservative when he resided in Prince Rupert. He is a brother of J. Arthur Smith, Second Avenue West.

SOLD WIVES FOR TEA AND TOBACCO

One of Women Had Already Been
Traded Six Times.

THE PAS, Man., July 25.—A report from the north states that an Eskimo trapper, en route to a trading post to sell his furs disposed of four of his wives, each for a pound of tea and some tobacco. The purchasers are fellow tribesmen returning from the du Brochette post of the Hudson's Bay Company and heavily laden with supplies. Two of the wives have been involved in similar transactions, the report goes on to say, and one of them has been traded six times, twice for a pound of tea once for a can of condensed milk, once for a plug of tobacco, and once for a slab of bacon. As it is the custom of the Eskimo, the original owner may redeem his wives upon payment of double the purchase price.

F. Delcourt, the Elks' baseball player sailed last night for Vancouver on the Prince George.

W. H. Wark, the travelling man, left on this morning's train for Edmonton and Calgary.
