The difference in TEA.

The Secret of the Blend

Even if you knew the blend of Blue Ribbon it would be impossible to make a tea as satisfactory, as strong, as superbly delicious. Blended by a process that combines the choicest tea varieties, Blue Ribbon in its final state retains only what is most superior—will give as much as 250 cups to the pound as a result.

Back on an Old Fact

We are reminded to mention again that Pacific Milk is the only milk put up in British Columbia—in fact, the only one canned west of Ontario.
Pacific is of the West entirely—and pure as our own sea breezes.

FLAT FOOTEDNESS IS NO BAR TO ENLISTING IN ARMY OF MEXICO

MEXICO, CITY, July 4.—Those sticklers of Canadian army doctors who, during the war, refused to admit young men for service because of flat feet, would find the theory that governed their action "knocked into a cocked hat" in Mexico.
Take the Yaqui Indian soldiers here, for instance. For the most part bare-foot and with not the semblance of an arch in their feet, they can cover miles and miles of ground in a day and seem never to tire.
The vast Indian population in Mexico is almost 100 percent flatfooted but natives think nothing of shuffling off 12 or 15 miles in a few hours. They do it with a sliding, swinging motion that makes for speed and is not tiresome.
The correspondent recently visited Toluca, a city some 30 miles away. As he entered the outskirts, he met a dozen or so Indians, each carrying a heavy pack of vegetables, pottery or cheese. They were Mexico City bound and, according to one, the distance would be covered "under full pack" in time to market their products in the early hours next day.

Miss Nina Pringle left on this morning's train on a holiday trip to Edmonton, Calgary and Vancouver.

Give the preference when you buy to the merchant who advertises in the daily newspapers and buy advertised goods.

TENDERS will be received at this office until August 15th, 1921, for the following:
S. S. "Naas" as she now lies on the way at Digby Island, Prince Rupert Harbour.
Pile Driver, Boiler and Hoisting Engine lying on Quarantine Station Wharf, Digby Island, Prince Rupert Harbour.
Hoisting Engine and Derrick on Drill Hall site, Prince Rupert.
The highest or any tender not necessarily accepted.
J. P. FORDE,
District Engineer,
Department of Public Works, Canada,
Victoria, B. C.

TIMBER SALE.
SEALED TENDERS will be received by the Minister of Lands at Victoria not later than noon on the 25th day of August, 1921, for the purchase of license X3310, to cut 750,000 board feet of spruce, cedar, hemlock and balsam; 10,000 ties and 50,000 lineal feet of poles and piling on an area adjoining L. 921, Skeena River, near Pilsbush, Range 2, Coast District.
Two years will be allowed for removal of timber.
Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C., July 29, 1921.

CROP REPORT GOOD FOR WEST

East Suffered From Heat and Drought and Crops There Are Light.

The Bank of Montreal crop report indicates that on the prairies the crops will be generally good, but the Eastern province they are very light. In this province the crops are heavy everywhere. The report follows:

Edmonton District—Sufficient moisture, wheat practically all headed out. Oats and barley coming on well. Hay doing better than usual.

Calgary District—Prospects north half district better owing to rains since last report, south half not so good; fair crop but less than average expected in whole district. Some damage by hail. Hay short crop.

Lethbridge District—All wheat headed. Estimated average yield 12 bushels. Should increase with favorable weather. Late rains being good, first cutting of alfalfa excellent. Prairie hay short but no fear feed shortage.

Regina Districts—Prospects above average except extreme west district where suffering from drought. Hail damage above average. Cutting will start in two weeks.

Saskatoon District—Wheat and oats doing well and former nearly all headed. Prospects good except in few districts which suffered from drought. Scattered hail losses reported.

Winnipeg District—While crops have suffered slightly from heat there have been beneficial showers. Crops maturing rapidly and early harvest with satisfactory yields expected.

Province of Quebec.
Indications point to a light crop. Hay probably 50 per cent of the normal. Cereals, root crops and grass pasture have been improved by recent rains but still need moisture.

Province of Ontario.
The prolonged dry weather has checked growth and only moderate crops are now expected. General conditions have been somewhat improved by recent rains, although they came too late to be of benefit to a large percentage of crops. Cutting and threshing of wheat is now in full progress. While in some localities, notably around Guelph and Paris, returns of over forty bushels per acre are reported, in other districts the crop is poor and on the whole it will probably be a bare average crop. Other grains are likely to show a light yield; they are short in straw and are ripening prematurely. Hay crop varies generally satisfactory. Small fruits show fair returns. Root and tobacco are doing well. Pasture is short and dry. More rain is required.

Maritime Provinces.
Crops generally are still greatly in need of moisture although recent rains have improved prospects. Hay is expected to be light. Root crops are generally fair. Grass pasture generally is poor. Conditions in Prince Edward Island have been improved by recent rains.

Province of British Columbia.
Hay cutting nears completion. Crop heavy throughout. Grains heading out well and indications point to a full crop. Roots continue satisfactory progress. Tomato prospects now excellent. Apples, large and well colored; other fruits developing satisfactorily. Cherry movement at peak and quality good.

Unborn tomorrows and dead yesterdays! Why forget about them. Today is everything. Advertise—now!

MARGUERITE CLARK AT EMPRESS THEATRE

Marguerite Clark is the star in a new Paramount Artercraft screen comedy, "Easy to Get," which will be the attraction at the Empress Theatre tonight.

Miss Clark has the role of a bride, Milly Morehouse. She and her husband, Bob, are in a Pullman coach just starting on their honeymoon. Bob leaves his bride for a moment and she follows him into the smoker in time to hear him remark to his friend, Dick Elliott, whom he chanced to meet, that all women are "easy to get." This is good news to Dick, who has been courting a girl unsuccessfully for three years. But it is a sad admission for Bob. Milly becomes indignant and jumps off the train at the next station. She is followed by Bob, whom she gives a merry chase, culminating in her kidnapping by a gang of thieves. Bob has to pay them \$5,000 ransom before he can secure the return of his bride.

THE FURNACE TONIGHT WESTHOLME THEATRE

"The Furnace" an L. D. Taylor production is to be shown tonight at the Westholme Theatre. It is a picture of possibilities. Its name is suggestive of power and of possible suffering and its refining influence. At the end the gold is separated from the dross. Such is the picture. It is one of the special summer series arranged for this theatre.

SKEENA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS.

Take notice that I intend to apply to the Chief Commissioner of Lands for a license to prospect for natural gas and petroleum over 640 acres of land as follows:
